6. Robert Allen Aspen Stripe Color: Birch - This material is also discontinued and there is only 17 ¼ yards left.

Answer: The Senate of Canada is aware that the production of the Robert Allen Aspen Stripe Color: Birch has been discontinued. Although the item has been discontinued from production, it is still available for purchase, in limited quantities and should be used for costing purposes (pricing scenarios). Once the Standing Offer has been awarded and the Robert Allen Aspen Stripe Color: Birch is no longer available for purchase, the Senate of Canada will work with the Offeror to find a suitable replacement.
