

1.0 SPECIFICATIONS

Delete Section 35 20 34 Clause 1.8.1 and replace clause with:

Dredging Plant used in the work to be of the mechanical type or hydraulic type of sufficient capacity and in good operating condition to satisfactorily complete the work, within the time schedule and in accordance with the specifications. Discharge the sediment/water mix at the designated area at Point Mouillee Confined Disposal Facility (CDF). Do not allow any of the hydraulically dredged sediment/water mix to discharge or spill back into the waterway from the dredge vessel.

2.0 ENVIRONMENTAL EFFECTS ANALYSIS & RECOMMENDED MITIGATION MEASURES

Page 2 of Table: In “Required Mitigation” column insert between “**clamshell**” and “**will**” - “**dredge or non-discharging hydraulic dredge**”

3.0 APPENDIX D: ENVIRONMENTAL ASSESSMENT MITIGATION REPORT FORM

Item 11. In “Environmental Mitigation Measure” column insert between “**clamshell**” and “**will**” - “**dredge or non-discharging hydraulic dredge**”
