

SEN-013 16/17 – Sheer Panels and Draperies
Questions and Answers – Set 1
September 23, 2016

For Scenario 2 the window measurements provided are 143" X 138" (110" length)

1. Does this mean that you require a roller blind 143" wide X 110" long?

Answer: Yes.

2. The sheers will be 143" wide X 138" long, full width panels. What is the finished width?

Answer: The price will be based on a 143" finished width.

3. Will this be a ceiling mounted installation or wall mounted?

Answer: It will be a wall mounted installation.

4. What is the number of windows that will be covered?

Answer: Usually it's two windows per office.

-
5. The color for the roller blind was listed as Albatrev. Should that have been Alabaster?

Answer: It should be Alabaster.
