This solicitation amendment no. 001 is issued to extend the bid closing date from 12-October-2016 to 29-November-2016 and to address the following:

- 1) To provide clarification to all bidders in a question and answer format**
- 2) To change the phone number for the contact person at PWGSC Edmonton office**
- 3) To add a sentence in the french instruction only of Part 2 – Bidder Instructions, sub-para. 2.6 “Technical Data”.**

Question #1 :

RFP Page 18 of 26, Materials GSM (Government Supplied Material), it states the GSM is CADPAT (NSN 8305-20-002-4731) but what material is this precisely in Annex C? Is the GSM the shell fabric (paragraph 3.1.1 Shell Fabric in Annex C)?

Response #1 :

Yes, as per text in Annex C 3.1.1. “The material for pouches e – o inclusive shall be cloth, nylon/polyurethane coated, 235 g/m² cloth in accordance with specification DSSPM 2-2-80-210, Type I, CADPAT™ (TW)”.

=====

Question #2 :

Annex C page 10, section 3.5 Marking Label, states that it has to be IAW with D-80-001-055/SF-001 but does not tell the type, if it is a Type I or Type II, please indicate the Type.

Response #2 :

Both Type I and Type II are acceptable. DND preference would be Type II however.

=====

Question #3 :

Annex C page 5, section 3.1.4 Grommet, it states that, “the grommet shall be made of brass, size #0 rolled rim eyelet in accordance with drawings CS-108”. A rolled rim eyelet is a spur not a sheet and hence should be referring to spec CS-110 and not CS-108, to clarify.

Response #3:

DND wishes to have the grommet made of brass, size #0 rolled rim eyelet as per text in Annex C and IAW CS-108 as stated. DND does not exclusively refer to “rolled rim” as being spur and not sheet construction, that is why the wording is the way it is. The CS-110 spec does not allow for size 0 grommets and therefore cannot be applied.

At PART 2 - BIDDER INSTRUCTIONS
