---

**Amendment 003 – Flex Hose Assembly Machine, is being raised for the following reason:**

- 1. Provide a response back from Public Works and Government Services Canada to questions received from bidders.**
- 

**Q1.** I was wondering if it would be possible to see the current machine in order to have a better idea of what you are looking for. If engineering drawings of the hose as well as the fittings could be provided it would be very helpful in determining the final cost.

**A1.** There is no plan to include an optional site visit for this requirement as this is a good that is already available in the industry. The minimum mandatory technical requirements in Annex "A" – Requirement, we feel, are sufficient to guide potential bidders in providing a machine that is technically responsive. There are no specs or engineering drawings as the machine currently in use is an older model.

**ALL OTHER TERMS AND CONDITIONS OF THIS SOLICITATION REMAIN UNCHANGED.**

**If your tender has already been forwarded and you wish to revise same, this revision should be faxed and reach the bid receiving area before the closing date. The tender number and the closing date are to be shown on the first page of your fax.**
