A detailed description is available in the Statement of Work (SOW) attached hereto as Annex "A".

The resulting Contract will be for one year from the date of Contract Award with irrevocable options to extend by up to four (4) additional periods of one (1) year each under the same terms and conditions.

The requirement is subject to the provisions of the World Trade Organization Agreement on Government Procurement (WTO-AGP), the North American Free Trade Agreement (NAFTA), the Agreement on Internal Trade (AIT) and the Korea, Peru, Chile, Colombia, Honduras and Panama Trade Agreements.

There are security requirements associated with this requirement. For additional information, consult Part 6 - Security Requirement, and Part 7 - Resulting Contract Clauses. For more information on personnel and organization security screening or security clauses, bidders should refer to the <u>Industrial Security</u>

<u>Program (ISP)</u> of Public Works and Government Services Canada (http://ssi-iss.tpsgc-pwgsc.gc.ca/indexeng.html) website.

The Federal Contractors Program (FCP) for employment equity applies to this procurement; see Part 5 – Certifications and Additional Information, Part 7 - Resulting Contract Clauses and the Annex 'D' titled Federal Contractors Program for Employment Equity - Certification.

#### 1.3 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

#### 1.4 Procurement Ombudsman

The Office of the Procurement Ombudsman (OPO) was established by the Government of Canada to provide an independent avenue for suppliers to raise complaints regarding the award of contracts under \$25,000 for goods and under \$100,000 for services. You have the option of raising issues or concerns regarding the solicitation, or the award resulting from it, with the OPO by contacting them by telephone at 1-866-734-5169 or by e-mail at boa-opo@boa-opo.gc.ca. You can also obtain more information on the OPO services available to you at their website at www.opo-boa.gc.ca.

#### PART 2 - BIDDER INSTRUCTIONS

#### 2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the <u>Standard Acquisition Clauses and Conditions Manual</u> (https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) issued by Public Works and Government Services Canada.

Revision to Departmental Name: As this solicitation is issued by Royal Canadian Mounted Police (RCMP), any reference to Public Works and Government Services Canada or PWGSC or its Minister contained in any term, condition or clause of this solicitation, including any individual SACC clauses incorporated by reference, will be interpreted as reference to RCMP or its Minister.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 (2016-04-04) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: 60 days Insert: 120 days

#### 2.2 Submission of Bids

Bids must be submitted only to RCMP Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

Due to the nature of the bid solicitation, bids transmitted by facsimile or by electronic mail to RCMP will not be accepted.

#### 2.3 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than 15 calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated and the enquiry can be answered to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

#### 2.4 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

#### 2.5 **Promotion of Direct Deposit Initiative**

The following information is not related to the solicitation process:

An initiative within the Government of Canada called the Cheque Standardization Project has been established whereby eventually for all payments, cheque stubs will no longer be printed and, with few exceptions, will be processed via direct deposit. This option is only available when payment is made in Canadian dollars for deposit into a Canadian bank account. In an attempt to be proactive, RCMP Corporate Accounting is promoting the registration of RCMP suppliers for the upcoming change in the payment process.

If you are the successful bidder on this or any other RCMP requirement, you are encouraged to register with the RCMP for direct deposit. Please contact RCMP Corporate Accounting by email to receive a form entitled *Recipient Electronic Payment Registration Request* along with instructions for completion of the form.

Should you have any questions regarding the Cheque Standardization Project or if you want to register, please contact the following email: <u>corporate\_accounting@rcmp-grc.gc.ca</u>

#### 2.6 Improvement of Requirement During Solicitation Period

Should bidders consider that the specifications or Statement of Work contained in the bid solicitation could be improved technically or technologically, bidders are invited to make suggestions, in writing, to the Contracting Authority named in the bid solicitation. Bidders must clearly outline the suggested improvement as well as the reason for the suggestion. Suggestions that do not restrict the level of competition nor favour a particular bidder will be given consideration provided they are submitted to the Contracting Authority at least 15 days before the bid closing date. Canada will have the right to accept or reject any or all suggestions.

#### PART 3 - BID PREPARATION INSTRUCTIONS

#### 3.1 Bid Preparation Instructions

Canada requests that bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid (3 hard copies)

Section II: Financial Bid (1 hard copy)

Section III: Certifications (1 hard copy)

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

(a) use 8.5 x 11 inch (216 mm x 279 mm) paper;

(b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process <u>Policy on Green</u> <u>Procurement</u> (http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html). To assist Canada in reaching its objectives, bidders should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

#### Section I: Technical Bid

In their technical bid, bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders should demonstrate their capability and describe their approach in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

The technical bid must include a résumé for the primary Instructor and the backup Instructor. The Technical bid must demonstrate that each proposed instructor meets the qualification requirements described (including any educational requirements, work experience requirements, and professional designation or membership requirements).

#### Section II: Financial Bid

**3.1.1** Bidders must submit their financial bid in accordance with the Basis of Payment in Annex "B". The total amount of Applicable Taxes must be shown separately.

#### 3.1.2 Exchange Rate Fluctuation

The requirement does not offer exchange rate fluctuation risk mitigation. Requests for exchange rate fluctuation risk mitigation will not be considered. All bids including such provision will render the bid non-responsive

#### Section III: Certifications

Bidders must submit the certifications required under Part 5.

#### PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

#### 4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

#### 4.1.1 Technical Evaluation

Mandatory technical evaluation criteria are included in Annex "E".

#### 4.1.2 Financial Evaluation

Bidders must submit their financial bid in accordance with Annex "B" – Basis of Payment. The total amount of Applicable Taxes must be shown separately.

#### 4.2 Basis of Selection

#### 4.2.1 Stream I and Stream II – Mandatory Technical Criteria

A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria per stream to be declared responsive. The responsive bid with the lowest evaluated price per stream will be recommended for award of a contract.

#### PART 5 - CERTIFICATIONS

Bidders must provide the required certifications and associated information to be awarded a contract.

The certifications provided by bidders to Canada are subject to verification by Canada at all times. Canada will declare a bid non-responsive, or will declare a contractor in default in carrying out any of its obligations under the Contract, if any certification made by the Bidder is found to be untrue, whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority may render the bid non-responsive or constitute a default under the Contract.

#### 5.1 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to

provide the information. Failure to provide the certifications or the additional information listed below within the time frame specified will render the bid non-responsive.

#### 5.1.1 Integrity Provisions - Associated Information

In accordance with the <u>Ineligibility and Suspension Policy</u> (http://www.tpsgc-pwgsc.gc.ca/ci-if/politiquepolicy-eng.html), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process:

- Declaration of Convicted Offences (as applicable)
- Required Documentation

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list (http://www.labour.gc.ca/eng/standards\_equity/eq/emp/fcp/list/inelig.shtml) available from Employment and Social Development Canada (ESDC) - Labour's website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid " list at the time of contract award.

Canada will also have the right to terminate the Contract for default if a Contractor, or any member of the Contractor if the Contractor is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list during the period of the Contract.

The Bidder must provide the Contracting Authority with a completed Annex D <u>Federal Contractors</u> <u>Program for Employment Equity - Certification</u>, before contract award. #### Annex "E" – Mandatory Technical Evaluation Criteria

#### MANDATORY CRITERIA

#### Interpretation of Personnel and Requirement by the Evaluation Team

- 1. The statements and requirements in this article apply to the Mandatory personnel information.
- 2. To demonstrate the experience of personnel (i.e. resources), the Bidder must provide complete project details as to where, when (month and year) and how (through which activities/responsibilities) the stated qualifications/experience were obtained. The Bidder is advised that only listing position or assignment titles without providing any supporting data to describe responsibilities, duties, and relevance to the requirements will not be considered "demonstrated" for the purpose of this evaluation.
- 3. Experience gained during formal education shall not be considered work experience. All requirements for work experience shall be obtained in a legitimate work environment as opposed to an educational setting. Co-op work terms are considered work experience provided they are related to the required services. If no months/ years are stated to indicate when the work experience was obtained, then the experience will not be considered.
- 4. The Bidder is advised that the month(s) of valid experience listed for a project whose timeframe overlaps that of another referenced project, will only be counted once. For example: Project 1 timeframe is July 2001 to December 2001; Project 2 timeframe is October 2001 to January 2002; the total months of experience for these two project references is seven (7) months.
- 5. The Bidder is advised that, if the experience description only contains years, and does not specify any months within the year, then a maximum of only one month of experience will be allowed by the evaluation team if the experience starts and ends in the same year; and if the experience starts and ends in different years, only one month for the beginning year and one month for the end year of the range specified. For example, if the experience description states that a particular position or assignment was undertaken during:

(a). "2004", then only one month will be allowed for 2004, provided that the experience is applicable;

(b). "2004-2005", then only one month will be allowed for 2004, and one month for 2005, for a total of two months, provided that the experience is applicable;

(c). "2003-2005", then only one month will be allowed for 2003, and one month for 2005, and 12 for 2004, for a total of 14 months, provided that the experience is applicable. In cases where the number of years is longer, the first and last year will still be counted as one month each, provided that the experience is applicable.

- 6. Phrases such as "within the past sixty (60) months" are used mean "within the sixty (60) preceding the closing date of the RFP". In the event that the RFP closing date is changed after the initial publication of the RFP, the Bidder may choose to interpret the phrase as being measured from either the initial closing date or the final closing date, unless otherwise directed in an RFP amendment.
- 7. Phrases such as "experience working as a Manager" (or other resource category title) mean that the experience must match, to the satisfaction of the evaluation team, the requirements for such a resource category as stated in the Statement of Work provided with this RFP.
- 8. Phrases such as "experience dealing with matters related to the Statement of Work" mean that the experience must match, to the satisfaction of the evaluation team, the nature of the requirements for the work being done by the RCMP as described throughout the Statement of Work, including but not limited to background and introductory and other descriptive information.
- 9. The bidder must propose one primary Instructor and one backup Instructor and complete the mandatory grids for each of these proposed resources.

#### Instructions to Bidders for responding to mandatory criteria:

- 1. From the dates in month/year; Bidders are encouraged to calculate the number of months and insert the total number of months in brackets. (For example: January 2006 to March 2006 (3 months)
- 2. To demonstrate resource experience the Proposed Resource must provide a resume. All claims with regard to resource experience, qualifications or expertise must be substantiated through the provision of detailed project descriptions of how and where the claimed experience, qualifications or expertise were gained. Unsubstantiated claims of experience, qualifications or expertise will not be considered by the evaluation team during the technical evaluation.
- 3. The Bidder is requested to respond to the Evaluation Criteria using the table format below.
- 4. The bidder must make clear references to the candidates' resume for each stated claim in the contractor's response (where applicable). Complete details demonstrating how a Bidder meets each Evaluation Criteria must be provided, including reference to where, when and how experience was obtained and how it relates to each requirement.
- 5. Each Instructor will be evaluated individually. Please prepare separate evaluation forms for the primary Instructor and the backup Instructor proposed.

At bid closing time, the Bidder must comply with the following Mandatory Requirements and provide the necessary documentation to support compliance.

Any proposal which fails to meet the following Mandatory Requirements will be deemed non-responsive and will not be given further consideration. Each requirement should be addressed separately.
