The following revisions supersede the information contained in the original Request for Proposals Package for the above-mentioned project to the extent referenced and shall become part thereof.

1. Question 1: Will it be acceptable for a proponent to provide a partial price proposal for the mechanical and electrical portion of the work (The proponent would not provide a price for architectural, structural, mold consultant etc. and would not act as the prime consultant.)?

Answer 1: No. Proponents must respond to all aspects of the RFP including submitting a complete Price Proposal in response to Section "I" - Submission Requirements and Evaluations. Partial Price Proposals will be deemed non-compliant and not be considered for evaluation.
