1 As indicated we require DDP, However, you can provide an alternate as long as you insure (full replacement) to the delivery destination.

2 This was addressed by amendment #1.... Extending the delivery to March 1, 2017.

3. The awarded company will be responsible for supervision of the installation at a later date. Subsequent to the delivery of the lifeboat and davits by the supplier the CCG will develop a Statement of Work (SOW)for the installation and commissioning work. This installation work will be contracted to a ship repairer at to-be-determined date. The SOW will designate the as yet unknown lifeboat and davit supplier as a sub-contractor to the ship repairer to supervise the installation and commissioning. The costs associated with the above noted engineering and installation work following delivery of the lifeboat and davit systems will be CCG cost.

4. There is one rescue boat onboard with a dedicated davit system, this davit is used strictly for the purposes of launch and recovery of the rescue boat only. The davit referenced in the Statement of Requirements (SOR) for the supply of the lifeboat and davit systems is intended to be used strictly with the supplied lifeboat only.

5. CCG ships fall under cargo regulations by TCMS.

6 CCG does not have a specific requirement for location of manufacture as long as all requirements are met within the SOR.
