

**Ottawa Walls Repairs 2016 (Ottawa, Ontario)**  
**R.079197.020, Solicitation No: EQ754-171545/A**

Tender Period Questions#5:

Addendum Information

- 1) Would there be any separate item for the Temporary Concrete Barriers ?
  - ***More clarification is required from bidder regarding which temporary concrete barriers they are referring to? If this is in reference to DWG 105 showing temporary concrete barriers for possible traffic control and pedestrian detour division, then this item falls under traffic control and there shall be no separate measurement for payment for the work under this Section. Include costs in the Contract Lump Sum Price.***
- 2) Under which item do we have to price the mud slab ?
  - ***The mud slab placement and use is optional, as stated by the DWG note « as Required » and is covered under Section 03-30-00, point 1.2.13 “ All other work, necessary to the completion of the work of this Section, will not be measured separately for payment, but will be considered incidental to the work”.***
