SOLICITATION AMENDMENT 001

This solicitation amendment is raised to address the following:

- Questions and Answers

Questions and Answers

Q1: Some of us are not permitted inside the United States of America. Does this exclude us from the opportunity?

A1: The US policy on escorting contractors on site states the following: "For R&A projects occurring on either Federal or leased properties, the personnel security investigation guidance applies only when the work cannot feasibly be partitioned or fully separated from occupied areas with isolated access for construction contractors." For our lane repair project this will apply, as we will be separating the outdoor work completely from the rest of the site, and there won't be any access to the facilities for this contractor. The property manager for the US side of the site and I have agreed that this contractor should be OK to bid on the work, but they will have to accept any risk involved with their personnel.

End of solicitation amendment.
