

**SECTION 4 – OPERATIONAL SERVICES REQUIREMENTS**

**ACTIVITY**

**4.3.2 TREES/SHRUBS DECIDUOUS/CONIFEROUS**

Includes all trees/shrubs located within the boundaries of this Contract including trees/shrubs that are planted by the NCC during the term of the Contract once the warranty period has ended. The Contractor shall supply all plant material and products where applicable. **For all classes, the Contractor shall not fell, cut, trim, log, damage, destroy or remove any tree/shrub, without prior consent from the NCC.**

Note

***For Classes A and B:*** The Contractor shall be responsible for the replacement of young trees/shrubs which die as a result of improper Maintenance and/or lack of/poor Maintenance as per 4.3.2.4. Replacement shall be of same size to a maximum of 110 mm in calliper for deciduous trees and 3 m high for coniferous trees and shrubs. The Contractor shall be responsible for ensuring the health of all replacement trees/shrubs located within the boundaries of the Contract. The Contractor may be required to provide at his/her own expense fertilization and watering on an as required basis for newly planted trees/shrubs.
