QUESTIONS AND RESPONSES

VERSION: P&A AMENDMENT #1

Question 1:

Is it the intent that we would need to bid for SMALL and LARGE in order to participate, or can we bid either/or?

Response 1:

Canada requires both ROVs to be provided together, as together they form the required capability, and we require the ILS documentation to reflect this. Secondly, as we will be putting in a support contract for this capability, we require the in-service support to be provided by one contractor.

Question 2:

Have you chosen a selection criteria?

Response 2:

For the current P&A, this is an information gathering exercise and is not subject to selection criteria. If this is in regards the eventual RFP process, then it will be the lowest cost compliant.

Question 3:

Have you determined a contract type?

Response 3:

When the RFP is eventually released, it will be competitive. A date has yet been determined.

VERSION: P&A AMENDMENT #2

Question 1:

Is there any benefit in submitting alternate systems that are near-compliant?

Response 1:

Canada requires P&A submissions for fully compliant systems only.
