

W8474-17-NF18 – Foam Inserts – Questions and Answers

Question 15:

We have reviewed the amended drawings for CAP3 that were just added to the RFP and see that they address the missing information. What is concerning us is the extremely short extension time for producing the samples of CAP3 & the MSCS Case. You have extended it currently by 3 days. I am requesting an extension of at least 8-10 working days to allow us and any other companies to respond.

Answer 15:

The amended drawings were posted on Buy and Sell on 10 Nov 2016, which was DND's response to your concerns from 04 Nov 2016. There will be no further extensions to this solicitation.
