SI08 PUBLIC WORKS AND GOVERNMENT SERVICES CANADA APPRENTICE PROCUREMENT INITIATIVE

1. To encourage employers to participate in apprenticeship training, Contractors bidding on construction and maintenance contracts by Public Works and Government Services Canada (PWGSC) are being asked to sign a voluntary certification, signaling their commitment to hire and train apprentices.
2. Canada is facing skills shortages across various sectors and regions, especially in the skilled trades. Equipping Canadians with skills and training is a shared responsibility. The Government of Canada made a commitment to support the use of apprentices in federal construction and maintenance contracts. Contractors have an important role in supporting apprentices through hiring and training and are encouraged to certify that they are providing opportunities to apprentices as part of doing business with the Government of Canada.
3. The Government of Canada is encouraging apprenticeships and careers in the skilled trades. In addition, the government offers a tax credit to employers to encourage them to hire apprentices. Information on this tax measure administered by the Canada Revenue Agency can be found at: www.cra-arc.gc.ca. Employers are also encouraged to find out what additional information and supports are available from their respective provincial or territorial jurisdiction.

4. Signed certifications (Appendix 2) will be used to better understand contractor use of apprentices on Government of Canada maintenance and construction contracts and may inform future policy and program development.
5. The Contractor hereby certifies the following:

In order to help meet demand for skilled trades people, the Contractor agrees to use, and require its subcontractors to use, reasonable commercial efforts to hire and train registered apprentices, to strive to fully utilize allowable apprenticeship ratios * and to respect any hiring requirements prescribed by provincial or territorial statutes

The Contractor hereby consents to this information being collected and held by PWGSC, and Employment and Social Development Canada to support work to gather data on the hiring and training of apprentices in federal construction and maintenance contracts.

To support this initiative, a voluntary certification signaling the Contractor's commitment to hire and train apprentices is available at Appendix 2.

If you accept fill out and sign Appendix 2

** The journey person-apprentice ratio is defined as the number of qualified/certified journey persons that an employer must employ in a designated trade or occupation in order to be eligible to register an apprentice as determined by provincial/territorial (P/T) legislation, regulation, policy directive or by law issued by the responsible authority or agency.*

In this requirement, it is not mandatory for Bidders to include the Aboriginal Opportunities Considerations (AOC) Plan as part of their proposal.

The requirements of the **Inuvialuit Final Agreement (IFA)** apply to this procurement.

Bidders are requested to maximize Aboriginal employment, subcontracting and on-the-job training opportunities, and involve local, regional and Aboriginal citizens and businesses, in carrying out the work under this project.

* "deliveries to" means "goods delivered to, and services performed in".

b) Gwich'in Comprehensive Land Claim Agreement

In this requirement, it is not mandatory for Bidders to include the Aboriginal Opportunity Consideration (ABP) Plan as part of their proposal.

The requirements of the **Gwich'in Comprehensive Land Claim Agreement** apply to this procurement.

Bidders are requested to maximize Aboriginal employment, subcontracting and on-the-job training opportunities, and involve local, regional and Aboriginal citizens and businesses, in carrying out the work under this project.

The CLCA contains a provision requiring the inclusion of socio-economic bid criteria in the solicitation document, when practicable and consistent with sound procurement management principles, and subject to Canada's international trade agreement obligations. These socio-economic bid criteria are often referred to as Aboriginal Opportunity Considerations Criteria, and bidders propose aboriginal opportunities in their bid submission via an Aboriginal Opportunity Considerations Plan.

The proposed requirement is subject to the Gwich'in Comprehensive Land Claim Agreement. The requirements of the Gwich'in Comprehensive Land Claim Agreement will apply to this procurement. The provisions that apply are contained in: Section 10 - Economic Measures, of the Gwich'in Comprehensive Land Claim Agreement. http://www.tbs-sct.gc.ca/pubs_pol/dcgpubs/contpolnotices/97-803-eng.asp

For purposes of interpretation:

"Gwich'in" means, except in chapters 3 and 4, participants and Gwich'in organizations designated pursuant to chapter 7, as the context requires;

"Gwich'in community" means the community of Inuvik, Aklavik, Arctic Red River or Fort McPherson;

"Gwich'in" means a person of Gwich'in (also referred to as Loucheux) ancestry who resided in, or used and occupied the settlement area on or before December 31, 1921, or is a descendant of such person.

****Aboriginal Sub-Contractor/Business** is defined, for audit purposes, as a corporation, partnership, proprietorship and/or joint venture; where controlling interest of the Aboriginal Business is established by a status Aboriginal, a group of status Aboriginals, and/or an Aboriginal Business/Corporation.

“deliveries to” means “goods delivered to, and services performed in”.

SI11 Basis of Selection - Highest Combined Rating of AOC Merit and Price

1. To be declared responsive, a bid must:
 - a. comply with all the requirements of the bid solicitation; and
 - b. meet all mandatory criteria; and
 - c. obtain the required minimum of 0 points overall for the Aboriginal Opportunities Considerations (AOC) evaluation criteria which are subject to point rating.
The rating is performed on a scale of 100 points.
2. Bids not meeting (a) or (b) or (c) will be declared non-responsive.
3. The selection will be based on the highest responsive combined rating of AOC merit and price. The ratio will be 10 % for the AOC merit and 90% for the price.
4. To establish the AOC merit score, the overall AOC score for each responsive bid will be determined as follows:
total number of points obtained / maximum number of points available multiplied by the ratio of 10%.
5. To establish the pricing score, each responsive bid will be prorated against the lowest evaluated price and the ratio of 90%.
6. For each responsive bid, the AOC merit score and the pricing score will be added to determine its combined rating.
7. Neither the responsive bid obtaining the highest AOC score nor the one with the lowest evaluated price will necessarily be accepted. The responsive bid with the highest combined rating of AOC merit and price will be recommended for award of a contract.
8. An average price will be determined by adding the price proposals from all the responsive bidders together and dividing the total sum by the number of price proposals considered. All price proposals which are greater than twenty-five percent (25%) above the average price will be set aside and receive no further consideration. There must be a minimum of 3 responsive bids received for the 25% maximum to be implemented in the Basis of Selection.

The table below illustrates an example where all three bids are responsive and the selection of the contractor is determined by a 60/40 ratio of technical merit and price, respectively. The total available points equals 135 and the lowest evaluated price is \$45,000 (45).

Basis of Selection - Highest Combined Rating Technical Merit (60%) and Price (40%)

		Bidder 1	Bidder 2	Bidder 3
Overall Technical Score		115/135	89/135	92/135
Bid Evaluated Price		\$55,000.00	\$50,000.00	\$45,000.00
Calculations	Technical Merit Score	$115/135 \times 60 = 51.11$	$89/135 \times 60 = 39.56$	$95/135 \times 60 = 40.89$
	Pricing Schedule	$45/55 \times 40 = 32.73$	$45/50 \times 40 = 36.00$	$45/45 \times 40 = 40.00$
Combined Rating		83.84	75.56	80.89
Overall Rating		1 st	3 rd	2 nd

For a bid to be assigned points for guarantees made in respect of any AOC bid criteria, the bidder must provide proof with their bid to demonstrate how they will meet the objective of each criterion. Bidders may use the attached GUARANTEE TABLES to supplement the AOC submission provided in their bid.

Proof of efforts and/or guarantees made by Bidders should include, but not be limited to, the names of persons or companies contacted and the nature of the undertakings at the time of the submission as applicable. Bidders must ensure their AOC documentation demonstrates sufficient evidence to assess the compliance of their bid against the criteria listed herein. It is the Bidders' responsibility to provide sufficient information in its bid to enable the Evaluation Committee to complete its evaluation. Bidders must include all reference material to be considered. Only material and/or documents submitted as part of the bid proposal will be considered. URL links to website will not be considered.
