To assist Canada in reaching its objectives, Offerors should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

- (a) Offers will be assessed in accordance with the entire requirement of the Request for Standing Offers including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the offers.
- (c) The evaluation team will determine first if there are two or more offers with a valid Canadian Content certification. In that event, the evaluation process will be limited to the offers with the certification; otherwise, all offers will be evaluated. If some of the offers with a valid certification are declared non-responsive, or are withdrawn, and less than two responsive offers with a valid certification remain, the evaluation will continue among those offers with a valid certification. If all offers with a valid certification are subsequently declared non-responsive, or are withdrawn, then all the other offers received will be evaluated.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

- i) Offerors must have the ability to perform the full scope of work as described in Annex "A", Requirement;
- ii) Each category will be evaluated separately per period.
- iii) For applicable categories in Annex B - Working Documents - Basis of Payment, offerors must:

The price of the offer will be evaluated in Canadian dollars, Applicable Taxes excluded, FOB destination, including all ecology fees, deposits, delivery, offloading and fuel charges, Canadian customs duties and excise taxes included. Additional surcharges will not be acceptable. The estimated values identified under Annex B are for evaluation purposes only.

The total overall Offer price per category will be calculated as follows:

- (a) Each unit price will be multiplied by the applicable quantity to obtain an extended total line item price;
- (b) In the event that an Offeror does not provide a price for all line items, or provides a price for a substituted line item not duly incorporated in an amendment, or should a change made to a line item render the evaluation of like items impossible, PWGSC will, for assessment purposes only, eliminate impacted line items from the evaluation process. Impacted line items must not exceed the percentage of allowable omissions as per 4.1.1.3 above. Should the number of impacted line items exceed the allowable omissions, the offer will be considered non-compliant and no further consideration will be given;
- (c) The extended total line item prices will be added together to reach an evaluated total Offer price for that category.

4.2.1 Basis of Selection

SACC Manual Clause M0069T (2007-05-25), Basis of Selection

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

The certifications provided by Offerors to Canada are subject to verification by Canada at all times. The Standing Offer Authority will have the right to ask for additional information to verify the Offeror's certifications.
