Questions and Answers – Series 001

Q1: Would the RCMP consider amending article M4 of section 4.1.1.1 Mandatory Technical Criteria from “The bidder must have a minimum of five (5) years demonstrated experience in web- and or cloud-based delivery of at least 50% of the subjects found under Task -1:: and Task – 2: of the Statement of Work” to “The bidder must have a minimum of five (5) years demonstrated experience in web- and or cloud-based delivery of professional training in one or more areas officially regulated by a governing body.”

A1: Please see Solicitation Amendment section below for complete details.

Q2: On Page 16, Appendix A 4.1 and 4.2, there are references to the "Technical Authority" and on page 17, Appendix A 6.h there is a reference to the "RCMP Technical Authority". I just want to ensure that these mean the same thing and that it refers to an RCMP entity, rather than to an outside entity such as Transport Canada.

A2: Technical Authority refers to the representative of the RCMP for whom the Work is being carried out under the Contract and is responsible for all matters concerning the technical content of the Work under the Contract. Please refer to Section 7.5.2 of the RFP as amended below.
