Amendment 002

Titre / Title:

DRDC – ALUMINIUM V-NOSE TRAILER

No. W7701-176251/A

Included in the present amendment:

Questions and Answers (2-3)

Addenda #1

Question #2: On #9 of the technical specifications, it states all wall, floor, ceiling tubes to be 2"x5". 2"x5" wall and ceiling crossmembers would be very uncommon. We can offer 2"x2" wall and ceiling members, would that be accepted ?

Answer #2: No. The requirement is really 2" x 5"

Question #3: Appendix 4 shows the wheels on the outside of the body with no interior wheel boxes. The specifications states a min of 7.5' wide interior width, the only trailer width to accomodate this spec is an 8.5 wide (96" interior width).

Appendix 5 looks like a "deck over" design where the trailer floor is over top of the wheels. Is this what is required? .

An 8.5' wide trailer will have wheel boxes that protrude into the trailer by approx 7"
Could you please clarify ?

Answer #3: No, a "deck over" design floor over the top of the wheels is not required.
Wheel boxes are accepted as long as they do not exceed

Clarification: Wheel boxes are accepted as long as they do not exceed 12".
Annex 7 shows the maximum widths to be respected for the outer wheel wings and inner wheel boxes.

Addenda #1

Replace:

6.4.2 Delivery Date

All the deliverables must be received between 10 and 12 weeks after contract award.
