AMENDMENT 002

This amendment is raised to respond to questions received to date on December 2, 2016, and as a result modify a table in the RFB.

Q1. The dates required are on a Sunday, is this correct?

A1. Yes

Q2. Would you accept Friday after 6pm and Saturday?

A2. No. This cabinets' contract is part of a sequenced delivery schedule, we have other deliveries scheduled for those days.

Q3. How far is the storage from the dock?

A3. A few feet from the dock (approx. 20).

Q4. With regards to the delivery and installation at ESDC Warehouse Montreal for the storage towers, would it be possible to check with the client whether the 160 files should be installed in the same space (cloakroom style) or will they be installed in several offices? Who is handling them? Do we just deliver to the dock? Or do we need to bring them and pile them up?

A4. There will be no installation for the ESDC Warehouse Montreal project, as the delivery will be made at a warehouse. For this project we only ask for a delivery, and that the products must be delivered on 48in x 48in pallets, and the latter must be sufficiently solid to be handled by an electric forklift truck. The Supplier will have to unload the truck manually and ensure that the pallets are strong enough to withstand handling with a pallet truck. Our agent who will acknowledge receipt of the product, will take care of placing the pallets on commercial shelving.
