Solicitation Amendment No. 009 is being raised to respond to questions related to this Request for Proposal.

Q1. AS 2 ESTIMATING AND COST PLANNING:

RE: 2.1 Cost Estimating Specialist

We understand that the Cost Estimating Specialist will be conversant with all aspects of construction cost estimating during the design stages including the use of Elemental Cost Analysis, Risk Analysis, Life Cycle Costing and Value Engineering/Management techniques. Could we confirm if **Life Cycle costing** is to be included in the Class C costing fee **for the optional Master plan.**

A1. Yes, Life Cycle costing is to be included in the Class C costing fee. OS 5 – DESIGN CONCEPT – Master Plan states that the consultant shall “provide option analysis, complete with life cycle cost analysis” as part of the submissions for the design concept to be included in the Class C costing fee.

Q2. Does the significant extension to the submission deadline imply there will be a substantial amount of new material issued by addenda prior to the end of the year?

A2. While there will not be a substantial amount of new material to be released, we are looking at making some revisions to the RFP before the end of the year.

**ALL OTHER TERMS AND CONDITIONS OF THE REQUEST FOR PROPOSAL REMAIN UNCHANGED**
