7) Questions & Answers:

Q1) Corporate Experience – Can PWGSC confirm that the Corporate Experience for a sub-consultant can be included in the proposal and that it will be evaluated as part of the rated requirements?

A1) Yes sub-consultants can be included in the proposal. Refer to revisions of "3.2 Rated Requirements".

Q2) Team Experience – Can PWGSC confirm that team members can include both consultant (prime contractor) and sub-consultant team member experience can be included in the proposal and evaluated as part of the rated requirements?

A2) Yes sub-consultants can be included in the proposal. Refer to revisions of "3.2 Rated Requirements".

Q3) The pricing form states at item "G" on the form, that the "**Sub-Total Evaluated Rates for Professional Fees**" will be based on a total of (A+B+C). Should this instead be based on a total of (A+B), or is there a calculation for value C? Also, Item F appears to be absent from the form. (pages 94-96 of RFP)

A3) Please refer to revision of Appendix B – Price Proposal.

Q4) In several instances the Solicitation number is referred to as EW699-170520/A in the header of the RFP document. We have assumed this is to be replaced by "EW699-170521/A" throughout?

A4) Yes this was a typographical error. All references to EW699-170520 should be replaced with EW699-170521.

Q5) For Section 3.2 Rated Requirements iii) Team Experience (page 72) of the RFP, can an individual be proposed as a Core Team Member for more than one Task? For example, can we propose the same Senior Professional as a Core Team member for Task 1.1.1 (Phase I/II/III ESAs including Geophysical and Geotechnical) and Task 1.1.2 (Remedial Options Reviews and Remedial Action Plans)?

A5) Yes a core member can be proposed for more than one task.

Q6) For Section 3.2 Rated Requirements iii) Team Experience (page 72) of the RFP, if an individual can be proposed as a Core Team Member for more than one Task is there a limit to the number of Tasks that that individual can be proposed as a Core Team Member?

A6) No there is no limit.

Q7) On page 72 of the RFP, 3.2 Rated Requirements iii) Team Experience it indicates that " The bidder must provide a CV for each of 2 core team members plus one core alternate for each of the Tasks 1.1.1, 1.1.2, 1.1.3 and 1.1.4..." The CVs are worth a total of 30 points for each Task (1.1.1, 1.1.2, 1.1.3 and 1.1.4). Are the points divided evenly for all CVs, i.e. is each CV worth 10 points or are the Core Team Member CVs worth more points than the core alternate?

A7) Refer to the revisions made to 3.2 Rated Requirements.

Q8) On page 72 of the RFP, 3.2 Rated Requirements iii) Team Experience it indicates that "each CV will demonstrate relevant and specific training and experience and certifications" Can you please provide a further breakdown of the how the points will be allocated for each CV? For example, are there a specific number of points allocated for certifications?

A8) there is no specific allocation of points per certificate, points will be based on the Generic Evaluation Table.

Q9) In the Instructions for Appendix B, point 4 requires that the rate for each position must be "equal to or greater than the hourly rate for the position listed below it." However, that would require that the rate for the Jr Professional must be greater than the rate for the Resident Engineer, the rate for the Resident Engineer must be greater than the rate for the Sr Technologist, and the rate for the Jr Technologist must be greater than the rate for the CADD/Draftsperson. I don't believe that this is the intent of the requirement. Could you please clarify?

A9) Refer to revisions made to Appendix B Instructions.

Q10) In section GI 2.2 Introduction it states that firms should be able to demonstrate successful delivery of services for a broad variety of project over the last five years. However, in section SRE 3.2 under the rated requirements corporate experience, it states relevant experience within the past 7 years. Can you please clarify if we can include projects within the last 5 or 7 years.

A10) Refer to the revisions of "3.2 Rated Requirements".

Q11) Please clarify a requirement in General Project Objectives – RS9.12 where it states that the cost estimates in tender documents must be prepared by a certified professional estimator such as a Designated Quantity Surveyor or a Construction Estimator Certified or by an estimator with equivalent credentials or extensive experience in providing estimating services. What will be considered by PWGSC as equivalent? Would a professional engineer who provides tendering services for provincial environmental and transportation projects be considered equivalent?

A11) Please refer to the revisions in "3.2 Rated Requirements".

Q12) Please confirm there are only 10 tasks. The Rated requirements table suggests there are tasks up to 1.1.12.

A12) Please refer to the revisions in "3.2 Rated Requirements".

ALL OTHER TERMS AND CONDITIONS SHALL REMAIN THE SAME.
