This **amendment # 002** is raised to provide Canada's response to Supplier's questions regarding **Solicitation #ET959-172125/A** as follows:

- Q1: The products listed on pages 40 through 53 are all finished goods manufactured in various countries and imported into Canada. Not a single item is Made in Canada. With this in mind, Tables 2A and 2B penalize companies that don't have an Inuit labor component.
- How can there be Inuit labor on goods being imported into Canada and shipped directly to an end-user?
- R1: The Inuit Labour program may apply, for example, to the delivery of the goods. Offerors are given the opportunity to obtain additional points that include Inuit labour and will only be penalized if they are successful and do not meet their proposed Inuit obligations. In other words, the Successful Offeror will only be penalized if they propose an Inuit Benefit and don't meet the obligation they set out in their proposal.
- Q2: Item #51, pipettor sets are listed only as 10 ul volume. While the Transferpette S does exist as a "Starter Set", these are all adjustable volume models and you're asking for a fixed volume.
- R2: Fixed volume or equivalent. This is a sample representation to be used for evaluation purposes only.
- Q3: A "Starter Set" has 3 pipettors and you're asking for a quantity of 100. Do you really want 300 "fixed volume" pipettors?
- R3: Yes. This is a sample representation to be used for evaluation purposes only.
- Q4: Delivery to Remote Areas: Are goods awarded via this solicitation to be delivered free of charge to Nunavut or is shipping (at the lowest agreed upon cost) to be added to invoices?
- R4: Contractor must prepay transportation costs and show the prepaid transportation costs as a separate item on the invoice. Refer to Article 6.8, C5201C – Prepaid Transportation Costs

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
