GENERAL INFORMATION

1.0 PROJECT SUMMARY

Agriculture and Agri-Food Canada (AAFC) requires tree-cutting services for the Normandin Research Farm in Normandin, Quebec. For information purposes, Phase 1 will involve Hydro-Québec cutting down 10 of the 25 trees (6 poplar and 4 ash) because they are located within a 3-metre radius of power lines and are therefore the company's responsibility. Once the 10 trees are cut down by Hydro-Québec, the work will consist of chipping the felled trees. Full-service removal, i.e. tree cutting and chipping, is required for 15 trees (10 poplar, 2 ash and 3 white spruce), all located at 1468 Saint-Cyrille Street, Normandin, Quebec.

An optional Phase 2 must be considered in the contract. This work will likely be performed between April 1, 2017, and March 31, 2018. Hydro-Québec will cut down 13 trees (8 poplar and 5 ash), also located at 1468 Saint-Cyrille Street, Normandin, Quebec. The work will consist of chipping the felled trees.

PART 1: BIDDER INSTRUCTIONS, INFORMATION AND CONDITIONS

1.0 CONTRACTUAL CAPACITY

If the Bidder is a sole proprietorship, a partnership or a corporate body, the Bidder shall provide a statement indicating the laws under which it is registered or incorporated together with the registered or corporate name and place of business and the country where the controlling interest/ownership of the organization is located as per Appendix E of this RFP.

2.0 ACCEPTANCE OF TERMS AND CONDITIONS

- 2.1 Agriculture and Agri-Food Canada will only consider Proposals which accept Agriculture and Agri-Food Canada's terms and conditions.
- 2.2 The General Conditions attached in Appendix A and those set out in Part 3 of this RFP shall form part of any Resulting Contract.

3.0 INCURRING COST

- 3.1 The cost to prepare the Proposal will not be reimbursed by Agriculture and Agri-Food Canada.
- 3.2 No cost incurred before receipt of a signed Contract or specified written authorization from the Contracting Authority can be charged to any Resulting Contract.

4.0 ENQUIRIES - SOLICITATION STAGE

- 4.1 All enquiries or issues concerning this solicitation must be submitted in writing to the Contracting Authority named at Part 3, section 5 of the RFP. It is the responsibility of the Bidder to obtain clarification of the requirements contained herein, if necessary prior to submitting a proposal.
- 4.2 Enquiries and issues must be received by the Contracting Authority **no later than two (2) business days prior to the solicitation closing date** specified herein to allow sufficient time to provide a response. Enquiries or issues received after that time may not be able to be answered prior to the solicitation closing date.

- 4.4 All enquiries and other communications with government officials throughout the solicitation period are to be directed **ONLY** to the Contracting Authority named at Part 3, section 5 of the RFP. Noncompliance with this condition during the proposal solicitation period may (for that reason alone) result in disqualification of a Proposal.

- 4.5 Meetings will not be held with individual bidders prior to the closing date/time of this RFP, unless otherwise specified.
- 4.6 Bidders shall not place any conditions or make any assumptions that attempt to limit or otherwise modify the scope of Work pursuant to the Statement of Work (Appendix B)

5.0 RIGHTS OF CANADA

- 5.1 Canada reserves the right to:
 - 1. Accept any Proposal in whole or in part, without prior negotiation;
 - 2. Reject any or all Proposals received in response to this RFP;
 - 3. Cancel and/or re-issue this RFP at any time;
 - 4. Ask the Bidder to substantiate any claim made in the Proposal;
 - 5. Enter into negotiations with one or more Bidders on any or all aspects of their Proposals;
 - 6. Award one or more Contracts;
 - 7. Retain all Proposals submitted in response to this RFP.

6.0 SUBSTANTIATION OF PROFESSIONAL SERVICES RATES

- 6.1 In Canada's experience, bidders will from time to time propose prices at the time of bidding that they later refuse to honour, on the basis that these prices do not allow them to recover their own costs and/or make a profit. When evaluating the prices for professional services bid, Canada may, but will have no obligation to, require price support for any prices proposed. Examples of price support that Canada would consider satisfactory include:
 - 1. documentation (such as billing records) that shows that the Bidder has recently provided and invoiced another customer (with whom the Bidder deals at arm's length) for services similar to the services that would be provided under a resulting contract, and the fees charged are equal to or less than the price offered to Canada (to protect the privacy of the customer, the Bidder may black out the customer's name and personal information on the invoice submitted to Canada);
 - 2. a signed contract between the Bidder and an individual qualified (based on the qualifications described in this bid solicitation) to provide services under a resulting contract where the amount payable under that contract by the Bidder to the resource is equal to or less than the price bid;
 - 3. a signed contract with a subcontractor who will perform the work under any resulting contract, which provides that the required services will be provided at a price that is equal to or less than the price bid; or
 - 4. details regarding the salary paid to and benefits provided to the individuals employed by the Bidder to provide services, where the amount of compensation, when converted to a per diem or hourly rate (as applicable), is equal to or less than the rate bid for that resource category.

Once Canada requests substantiation of the prices bid, it is the sole responsibility of the Bidder to submit information (either the information described in the

examples above, or other information that demonstrates that it will be able to recover its own costs based on the prices it has proposed) that will allow Canada to determine whether it can rely, with confidence, on the Bidder's ability to provide the required services at the prices bid, while, at a minimum, recovering its own costs. Where Canada determines that the information provided by the Bidder does not demonstrate the Bidder's ability to recover its own costs in providing the prices bid, Canada may, at their sole discretion declare the bid non-compliant.

7.0 MANDATORY CLAUSES

7.1 Where the words “**must**”, “**shall**” or “**will**” appear in this RFP, the clause is to be considered as a mandatory requirement.

8.0 DEBRIEFING

9.0 OFFICE OF THE PROCUREMENT OMBUDSMAN

If you have issues or concerns regarding the solicitation, you have the option of raising them with the department or with the Office of the Procurement Ombudsman (OPO). The Office of the Procurement Ombudsman was established by the Government of Canada to provide an independent avenue for suppliers to raise complaints regarding the award of contracts under \$25,000 for goods and under \$100,000 for services. You have the option of raising issues or concerns regarding the solicitation, or the award resulting from it, with the OPO by contacting them by telephone at 1-866-734-5169 or by e-mail at boa.opo@boa.opo.gc.ca. You can also obtain more information on the OPO services available to you at their website at www.opo-boa.gc.ca.

10.0 OPTIONAL SITE VISIT

It is recommended that the Bidder or a representative of the Bidder visit the work site. Arrangements have been made for a tour of the work site. The site visit will be held on **January 11, 2017 at 1:30 PM (local time)** at the Normandin Research Farm located at 1468 St-Cyrille, Normandin, Qc. G8M 4K3.

Bidders will be requested to sign an attendance form. Bidders who do not attend or send a representative will not be given an alternative appointment but they will not be precluded from submitting a bid.

Any clarifications or changes to the bid solicitation resulting from the site visit will be included as an amendment to the bid solicitation.

PART 2: PROPOSAL PREPARATION INSTRUCTIONS & EVALUATION PROCEDURES

1.0 APPLICABLE LAWS

- 1.1 The Contract shall be interpreted and governed, and the relations between the parties, determined by the laws in force in the Province of Quebec.
- 1.2 In their bid submission, bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their proposal, by deleting the Canadian province specified in the previous paragraph and inserting the Canadian province or territory of their choice. If no change is made, the bidder acknowledges the applicable law specified is acceptable to the Bidder.

2.0 SUBMISSION OF PROPOSAL

- 2.1 Proposals must be submitted in hard copy as described in Article 3.0.

Due to the nature of this RFP electronic transmission of proposal by such means as electronic mail or facsimile to the Department of Agriculture and Agri-Food is not considered to be practical and therefore will not be accepted.
- 2.2 The proposal **MUST** be delivered to and received by the Contracting Unit no later than the **date indicated on the cover page of this RFP**. The outside of the envelope containing the proposal should include the RFP number found on the cover page of the RFP.
- 2.4 The onus for submitting proposals on time at the specified location rests with the Bidder. It is the Bidder's responsibility to ensure correct delivery of their proposal to the Contracting Authority.
- 2.5 The Bidders are advised that, due to security measures for building visitors, arrangements should be made in advance with the Contracting Authority for any planned in-person delivery of a proposal. Failure to do so may result in late receipt of a proposal.
- 2.6 Proposals submitted in response to this RFP will not be returned.

3.0 PROPOSAL PREPARATION INSTRUCTIONS

- 3.1 The proposal **must** be structured in **THREE SEPARATE ENVELOPES** as indicated below:

Section 1	Technical Proposal (with no reference to price)	2 hard copies (1 original and 1 copy)
Section 2	Financial Proposal	1 original hard copy
Section 3	Certifications	1 original hard copy

3.2 The Bidder may **submit a proposal in either official language.**

3.3 Each copy of the proposal is to include the Bidder's legal entity name, the name of the Bidder's contact, address, telephone number, facsimile number, email address and the RFP Number.

4.0 PREPARATION OF TECHNICAL PROPOSAL (Section 1)

5.0 PREPARATION OF FINANCIAL PROPOSAL (Section 2)

In the Financial Proposal, the Bidder shall provide two firm all-inclusive prices to provide the services requested in accordance with the Statement of Work **Appendix B.**

The requirements of the Financial Proposal are detailed in Appendix D, Evaluations Procedures and Criteria.

Prices shall not appear in any area of the proposal except in the Financial Proposal.

5.1 The Bidder may revise his/her tender by facsimile, or email, provided it is received before the RFP Closing Time. Any change resulting in an increase in the RFP price must be supported by a suitable increase in the security deposit.

However, any indication of price modification shall not reveal the amount of the original or the revised total price. Price modifications should only include the amount of the increase or decrease of the bid. Any indication of the old or the new total price will get the Proposal discarded automatically.

6.0 CERTIFICATION REQUIREMENTS (Section 3)

In order to be awarded a contract, the certifications attached in **Appendix "E"** will be required. The certifications should be submitted with the proposal. Canada may declare a bid non-responsive if the certifications are not submitted or completed as required. Where Canada intends to reject a proposal pursuant to this paragraph, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time frame period will render the proposal non-responsive.

Compliance with the certifications the Bidder provides to Canada is subject to verification by Canada. The Contracting Authority shall have the right to ask for

additional information to verify that the Bidder is compliant with the applicable certifications before and after award of a contract. Any certification made by the Bidder that is determined to be untrue, whether made knowingly or unknowingly, or any failure to comply with the certifications or comply with the request of the Contracting Authority for additional information, will render the bid non-responsive.

7.0 EVALUATION PROCEDURES

- 7.1 Proposals will be evaluated in accordance with the Evaluation Procedures and Criteria specified in **Appendix D**. Proposals received will be compared separately against the evaluation criteria identified therein for the total requirement described in this RFP and in conjunction with the accompanying Statement of Work (**Appendix B**).
- 7.2 An evaluation team composed of representatives of the Department of Agriculture and Agri-Food Canada will evaluate the Proposals on behalf of Canada.
- 7.3 The evaluation team reserves the right, but is not obligated, to perform any of the following tasks:

8.4 If an excusable delay has continued for thirty (30) days or more, Canada may, by giving notice in writing to the Contractor, terminate the Contract. In such a case, the Parties agree that neither will make any claim against the other for damages, costs, expected profits or any other loss arising out of the termination or the event that contributed to the excusable delay. The Contractor agrees to repay immediately to Canada the portion of any advance payment that is unliquidated at the date of the termination.

8.5 Unless Canada has caused the delay by failing to meet an obligation under the Contract, Canada will not be responsible for any cost incurred by the contractor or any subcontractors or agents as a result of an excusable delay.

8.6 If the Contract is terminated under this section, Canada may require the Contractor to deliver to Canada, in the manner and to the extent directed by Canada, any completed parts of the Work not delivered and accepted before the termination and anything that the Contractor has acquired or produced specifically to perform the Contract. Canada will pay the Contractor:

- (a) The value, of all completed parts of the Work delivered to and accepted by Canada, based on the Contract price, including the proportionate part of the Contractor's profit or fee included in the Contract price; and

Once the 10 trees are cut down by Hydro-Québec, the work will consist of chipping the felled trees. Full-service removal, i.e. tree cutting and chipping, is required for 15 trees (10 poplar, 2 ash and 3 white spruce), all located at 1468 Saint-Cyrille Street, Normandin, Quebec.

An optional Phase 2 must be considered in the contract. This work will likely be performed between April 1, 2017, and March 31, 2018. Hydro-Québec will cut down 13 trees (8 poplar and 5 ash), also located at 1468 Saint-Cyrille Street, Normandin, Quebec. The work will consist of chipping the felled trees.

2. OBJECTIVE

All of the trees must be removed (except those under the responsibility of Hydro-Québec) and disposed of (a total of 38 trees) in accordance with this statement of work. The stumps must be ground out so that AAFC can add black soil and sod. The cutting method will be at the Contractor's discretion, subject to all applicable laws, codes and regulations.

3.4 The Contractor is responsible for moving all wood debris, which must remain on the premises of the Normandin Research Farm, to the identified locations. The Contractor shall clean the site each day before leaving.

3.5 All of the wood generated by the work covered by this contract remains the property of AAFC. None of the wood covered by this contract may be given to or placed at the disposal of a third party.

3.6 Any damage caused by the Contractor shall be repaired at the Contractor's expense and to the satisfaction of the departmental representative within 48 hours of the damage having occurred.

3.7 The Contractor is responsible for controlling traffic when work is taking place on or near a road. To avoid using the main road, the Contractor shall build temporary culverts to allow its machinery to move between Saint-Cyrille Street and AAFC's land. The Contractor will be responsible for restoring the site to its original condition. All of the Contractor's vehicles shall be clearly marked with the name of the Contractor's company.

3.8 All of the Contractor's staff shall wear appropriate clothing and safety equipment. AAFC reserves the right to require the removal of any staff member who is in violation of this clause.
