ANNEX A-1

Question and Answer no. 1:

Question 1:

The closing date is stated as January 9, 2017. Would Transport Canada consider providing two weeks extension due to the upcoming holiday season and many of our clients who need to provide reference letters being away from offices during this time? We also would request that any extension be announced as soon as possible for the consulting teams' planning purposes.

Answer 1:

No, Transport Canada will not extend the closing date, it remains on January 9, 2017. The timeline for the project is very tight and extending the timeline would definitely jeopardize the project. Transport Canada believes that posting for 40 days was more than sufficient time to prepare a proposal.
