**REQUEST FOR INFORMATION
REGARDING
INTERNATIONAL HOUSEHOLD GOODS AND EFFECTS RELOCATION SERVICES
FOR
THE GOVERNMENT OF CANADA**

1. Background and Purpose of this Request for Information

(a) Objective

This Request for Information (RFI) will inform industry regarding the International Household Goods and Effects Relocation Services (IHGRS) procurement process, and requests further feedback from industry regarding Canada's current future plans for the future.

The relocation services could include but are not limited to: the physical movement of the personal household goods and effects (HG&E) and personal motor vehicles (PMV) of federal government employees, Canadian Armed Forces members, and RCMP members between the service area of Canada, the continental United States of America, and overseas. The relocation services include pre-move consultation, packing, loading, scaling, transportation, storage-in-transit (SIT), long-term storage (LTS) – bonded and regular (non-bonded), unloading, unpacking, replacement cost protection (insurance), and claims settlement services.

IHGRS will be delivered through 1 or more contracted service providers to provide relocation services to:

- i. Department of National Defence (DND);
- ii. Royal Canadian Mounted Police (RCMP);
- iii. Public Services and Procurement Canada (PSPC) Central Removal Services (CRS); and
- iv. Global Affairs Canada (GAC).

This initiative will support the relocation policies of the Canadian Forces Integrated Relocation Program Directive, the National Joint Council (NJC) Relocation Directive, the Relocation Policy for the Royal Canadian Mounted Police, and the Foreign Service Directives.

(b) Background

DND, RCMP and CRS (representing federal public servants under the NJC) currently receive international relocation services via a single integrated contract. GAC currently receives its services through a series of National Master Standing Offers (NMSOs).

Historically, approximately 2000 transferees are relocated to and from international locations each year.

(c) Purpose

This RFI seeks industry's feedback to:

- i. Validate industry's capability to satisfy the business requirements described in this RFI;
- ii. Assess industry's interest in bidding on the contemplated RFP;
- iii. Identify and minimize any potential competitive barriers where possible;
- iv. Determine the appropriate ramp-up (i.e. transition) period for the new contracts; and
- v. Inform the development of a procurement strategy.

2. Procurement Process

(a) The following steps are currently planned in this procurement process:

Task	Completion
RFI Process	Winter 2016
RFP Release	Spring 2017
RFP Evaluations	Summer 2017
Contract Award	Fall 2017

3. Nature of Request for Information

This is not a bid solicitation. This RFI will not result in the award of any contract. As a result, potential suppliers of any goods or services described in this RFI should not reserve stock or facilities, nor allocate resources, as a result of any information contained in this RFI. Nor will this RFI result in the creation of any source list. Therefore, whether or not any potential supplier responds to this RFI will not preclude that supplier from participating in any future procurement. Also, the procurement of any of the goods and services described in this RFI will not necessarily follow this RFI. This RFI is simply intended to solicit feedback from industry with respect to the matters described in this RFI.

4. Nature and Format of Responses Requested

Respondents are requested to provide their comments, concerns and, where applicable, alternative recommendations regarding how the requirements or objectives described in this RFI could be satisfied. Respondents are also invited to provide comments regarding the content, format and/or organization of any draft documents included in this RFI. Respondents should explain any assumptions they make in their responses.

5. Response Costs

Canada will not reimburse any respondent for expenses incurred in responding to this RFI.

6. Treatment of Responses

- (a) **Use of Responses:** Responses will not be formally evaluated. However, the responses received may be used by Canada to develop or modify procurement strategies or the requirements contained in this RFI. Canada will review all responses received by the RFI closing date. Canada may, in its discretion, review responses received after the RFI closing date.
- (b) **Review Team:** A review team composed of representatives of Canada will review the responses. Canada reserves the right to hire any independent consultant, or use any Government resources that it considers necessary to review any response. Not all members of the review team will necessarily review all responses.
- (c) **Confidentiality:** Respondents should mark any portions of their response that they consider proprietary or confidential. Canada will handle the responses in accordance with the *Access to Information Act*.

- (d) **Follow-up Activity:** Canada may, in its discretion, contact any respondents to follow up with additional questions or for clarification of any aspect of a response.

7. Contents of this RFI

This documentation contained in this RFI remain a work in progress and respondents should not assume that new clauses or requirements will not be added to any bid solicitation that may ultimately be published by Canada. Nor should respondents assume that none of the clauses or requirements will be deleted or revised. Comments regarding any aspect of the draft documents are welcome.

8. Format of Responses

- (a) **Cover Page:** If the response includes multiple volumes, respondents are requested to indicate on the front cover page of each volume the title of the response, the solicitation number, the volume number and the full legal name of the respondent.
- (b) **Title Page:** The first page of each volume of the response, after the cover page, should be the title page, which should contain:
- i. the title of the respondent's response;
 - ii. the name and address of the respondent;
 - iii. the name, address and telephone number of the respondent's contact;
 - iv. the date; and
 - v. the RFI number.
- (c) **Numbering System:** Respondents are requested to prepare their response using a numbering system corresponding to the one in this RFI. All references to descriptive material, technical manuals and brochures included as part of the response should be referenced accordingly.
- (d) **Number of Copies:** Canada requests that respondents submit one softcopy, in PDF format, of their response.

9. Enquiries

Because this is not a bid solicitation, Canada will not necessarily respond directly to enquiries in writing or by circulating answers to all potential suppliers. However, respondents with questions regarding this RFI may direct their enquiries to:

Contracting Officer: Gordon Sanford
E-mail Address: gordon.sanford@tpsgc-pwgsc.gc.ca

Canada may summarize the feedback received and inform industry on www.buyandsell.gc.ca regarding how industry's questions, ideas, solutions, etc., have been considered.

10. Submission of Responses

- (a) **Time and Place for Submission of Responses:** Respondents should send responses electronically via e-mail to the Contracting Officer's e-mail address above, by January 23, 2017.
- (b) **Responsibility for Timely Delivery:** Each respondent is solely responsible for ensuring its response is delivered on time to the correct address.

Annex A

Proposed Scope of Work

1. Background

- 1.1 Canada has employees and their families who are stationed around the world. The requirements for the provision of International Household Goods and Effects Relocation Services (IHGRS) and personal motor vehicles (PMV) relocation services will vary, therefore the Contractor must understand that:
 - a) The contemplated contracts offer no guarantee of business volume;
 - b) The Contractor must perform all allocated moves, including rush moves, regardless of origin, destination, mode of transport or weight; and
 - c) Certain geographic locations may experience fluctuations in business activity from one year to another year as a result of changing requirements.
- 1.2 The timing of each move (winter/summer) will vary depending on requirements. In a typical year, approximately 80 to 85 percent of the moves are executed between June and September, with the peak of activity occurring between the third week of June and the third week of August annually. Every effort will be made to apprise the Contractor of any known significant changes in requirement at any specific location.
- 1.3 The consolidated scope of work includes:
 - a) Door-to-Door Relocation services for IHGRS and PMVs as well as Long-Term Storage (LTS) services;
 - b) Canada and the USA are divided into 5 zones for Zone-to-City relocation services;
 - c) Door-to-Door Relocation Services Transit Time Guide (TTG) (Annex G);
 - d) Relocation Services for cross posting and additional locations not specified within the Zones and Rate tables; and
 - e) Cross Posting Rate Table for Origin / Destination Services of IHGRS and PMV relocation services includes inland haulage (Annex E).

2. Requirement

- 2.1 To manage and execute on an "as and when requested" basis the physical movement of the personal HG&E and PMV(s) of all employees of Canada being relocated internationally. The relocation services are for all employees/members of Canada, including but not limited to GAC, DND, RCMP, and all other government departments and agencies. HG&E and PMV may be sent as either diplomatic or non-diplomatic shipments.
- 2.2 The services in support of the movement of IHG&E relocation services include the following phases:
 - a) Pre-move consultation;
 - b) Packing;
 - c) Loading;
 - d) Scaling;
 - e) Transportation;
 - f) Unloading; and
 - g) Unpacking.

2.3 Other additional services that may be needed include:

- a) Storage-in-Transit;
- b) Long Term Storage (LTS) – Bonded and Unbonded;
- c) Replacement Cost Protection (RCP) for HG&E and Protection Coverage (PC) for PMVs;
and
- d) Claim settlement services.

3 Planned Procurement Approach

3.1 In this RFI, Canada is consulting with industry to:

- a) Assess the adequacy of the proposed approach and clarity of the requirements including the scope of work as currently expressed in Annex A;
- b) Gather feedback on the planned pricing structure as well as the proposed Zone Groupings in Annex B to ensure similar transit times per grouping. (TTG time does not include extraordinary delay due to customs procedures imposed by various governments which are beyond normal clearance of 5-7 days.); and
- c) Enhance its understanding of Industry service offerings based on specific questions in Annex C.

3.2 Canada intends to proceed with the development of a RFP for the acquisition of IHGRS.

Annex B

Planned Pricing Structure

1. General

- 1.1 Canada will be seeking rates in Canadian dollars subject to the foreign currency protection described in section 8.
- 1.2 The list of cost elements below is not exhaustive, there will be additional cost elements requested in the RFP for things such as customs repack.
- 1.3 Invoices must be submitted in Canadian dollars and must be paid in Canadian dollars.
- 1.4 Subcontractors must comply with the same terms and conditions of the contract as the prime.
- 1.5 Currency in rate tables will be used for the purposes of determining exchange rates and application of the foreign currency protection as described in section 8.
- 1.6 Canada seeks to find an ideal balance between the transit time and the price.

2. Rates

- 2.1 The rates for moves to and from points in the table have been developed on the basis of 5 zones in Canada/USA to and from international locations (cities). The rates will be based on a total net weight basis using per hundred weight (CWT) units unless otherwise specified.
- 2.2 The rates will be applied in a Zone-to-City fashion in accordance with the attached Annex D – Zone-to-City Rate Table. Rates are based on a door-to-door move and include all IHGRS services outlined in Annex A – Proposed Scope of Work.
- 2.3 The TTG will be applied in a Zone-to-Zone fashion in accordance with the table in Annex G – Transit Time Guide.
- 2.4 For those moves requiring quotes, these must be reviewed and approved by the Departmental Authority prior to the commencement of services. Sea or air freight quotes for HG&E and PMVs must include the transit time to be adhered to. These quotes as well as the actual invoices paid to the subcontractor and third-parties must be submitted with the invoices for the move. The Contractor on occasion may request their subcontractors to obtain quotes on their behalf.
- 2.5 The Contractor pays all subcontractor and third-party invoices.
- 2.6 Foreign currency protection does not apply to third-party charges or any portion of the move requiring quotes. The currency exchange will be as of the date of the invoice for these charges.

3. Summary of Zone Tables – Domestic and International Groupings

3.1 Domestic Zones

Zone	Canada and USA Time Zones 1 – 5
1	British Columbia and Pacific Time Zone United States
2	Alberta, Saskatchewan, Manitoba, Mountain and Central Time Zone United States
3	Ontario (excluding Northern Ontario Area), Quebec (excluding Northern Quebec) and Eastern Time Zone United States
4	Maritimes – Nova Scotia, New Brunswick and Prince Edward Island
5	<ul style="list-style-type: none"> - Newfoundland and Labrador - Northern Ontario (north of the local area of North Bay) - Northern Quebec (north of the local area of CFB Bagotville) - Northwest Territories and Yukon - Alaska Time Zone United States

Note: Shipments to/from Continental United States including PMVs will be performed under a separate contract for domestic relocations. Zone 1 – 5 are road accessible locations.

3.2 International Zones for TTGs

Zone	Countries with similar travel times from Canada/USA
6	Austria, Belgium, Denmark, Norway, United Kingdom, N France, Germany, Ireland, Netherlands, Sweden, Hawaii (USA)
7	Albania, Algeria, Egypt, S France, Greece, Holy See (Vatican), Hungary, Italy, Lebanon, Libya, Poland, Portugal, Spain, Switzerland, Syria, Tunisia, Turkey, Israel, Croatia
8	Bosnia, Serbia, Czech Republic, Estonia, Finland, Iceland, Jordan, Latvia, Lithuania, Macedonia, Romania, Russia, Slovak Republic, Ukraine, Serbia
9	Ethiopia, Iran, Iraq, Kuwait, Qatar, Saudi Arabia, Sudan, United Arab Emirates
10	Benin, Burkina Faso, Cameroon, Cote D'Ivoire, Gabon, Ghana, Guiana, Malawi, Mali, Morocco, Niger, Nigeria, Senegal
11	Kenya, Mozambique, Tanzania
12	Rwanda, Congo, Zambia

13	South Africa, Zimbabwe
14	Barbados, Colombia, Cuba, Dominican Republic, Guyana, Haiti, Jamaica, *Mexico, Trinidad & Tobago, Venezuela
15	Bolivia, Chile, Costa Rica, Ecuador, El Salvador, Guatemala, Honduras, Nicaragua, Panama, Peru
16	Argentina, Brazil, Uruguay
17	Afghanistan, Kazakhstan
18	Cambodia, China, Hong Kong, Japan, South Korea, Mongolia, Philippines, Taiwan, Vietnam
19	Bangladesh, Brunei, India, Indonesia, Malaysia, Nepal, Pakistan, Singapore, Sri Lanka, Thailand, Myanmar
20	Australia, New Zealand

Note 1: Mexico is serviced by land transportation to/from Zones 1-5

Note 2: Some locations are presently serviced via air exclusively. Refer to Annex D - Zone-to-City Rate Table

4. Personal Motor Vehicles

4.1 The vehicle classes for shipment are as follows:

PMV Class	Description
Class 1	Passenger cars and SUV less than 1.60M in height and max. 14 Cubic Meters (CBM)
Class 2	Truck or similar less than 2.0M in height and max. 17 CBM
Class 3	Large SUV/Truck up to ¾ tonne rating. Greater than 2.00M in height but not exceeding 2.13M. Max 25 CBM.

4.2 PMV rates include the acceptance of the vehicle at origin, completion of the Vehicle Condition Report, cleaning to destination country standards (e.g. CFIA standard or equivalent foreign agency requirements), loading, blocking and bracing in accordance with the shipping method selected, inland transport to/from port of embarkation, freight charges (ocean unless otherwise specified), document preparation, delivery to residence at destination, holding in bond as needed while the shipper clears the vehicle with CBSA or equivalent foreign agency, make the documentation available for the shipper to clear customs, up to 30 calendar days of SIT, arranging for vehicle cleaning prior to inspection by the shipper at destination, unloading, unblocking and bracing and any other services that are

required to execute the move that may not be otherwise specified excluding duties and taxes.

4.3 The following will apply to all shipments except as noted below:

- a) Shipment is to be performed using the most economical method in consideration of cost of shipping and possible customs delays for vehicle inspections, e.g. RORO (Roll on – Roll off) and containerization;
- b) Where loads are consolidated in a container, the Total Net Weight will be used for billing with costs apportioned between the vehicles shipped in the same container equally;
- c) Where vehicles are packed with HG&E in the same container, the gross curb weight (GCW) of the vehicle will be used to determine the portion of the Total Net Weight attributable to the PMV;
- d) Monitoring of the shipment to meet the TTG;
- e) No vehicles will be accepted for shipment without a vehicle valuation, either professional appraisal or Canadian Red Book Value being assigned in the month immediately prior to the date of shipping. The Contractor must provide the Canadian Red Book Value or if the vehicle is not listed, request the shipper to provide the professional appraisal. For new vehicles not listed in the Canadian Red Book, the purchase price will be used to establish the vehicle value;
- f) Air Shipment rates will be applied to gross weight, and
- g) Terminal charges when applicable will be as per actual invoices paid to a third-party (note third party does not include any party that is sub-contracted to perform part of the work, e.g. CBSA inspection invoice original must be submitted).

5. International Household Goods and Effects Relocation Services

5.1 Rates include the pre-move consultation; pre-packing; packing; physical handling of HG&E between the residence and the conveyance; loading; inland transportation at origin and destination; air /sea/ground freight charges; waiting time; unloading; unpacking; shuttle service; parking permits; hoisting; lowering; rigging; up to 30 days of SIT if required while awaiting clearances or otherwise required; document preparation, and any other services that are required to execute the move that may not be otherwise specified excluding duties and taxes.

5.2 The following will apply to all shipments except as noted below:

- a) Minimum weight 500 lbs (applies only to sea shipments). Where loads are consolidated, the Total Net Weight will be used for billing with scaling required for each individual's HG&E;
- b) The rates are to be applied to the Total Net Weight (excluding Air Shipments);
- c) Air Shipment rates will be applied to gross weight including the air crate, and
- d) Terminal charges when applicable will be as per actual invoices paid to a third-party (Note: third-party does not include any party that is sub-contracted to perform part of the work, e.g. the original CBSA inspection invoice must be submitted).

6. Shipments to/from Additional Locations

- 6.1 The following will apply to cities located 100 miles via the shortest road distance from cities identified in Annex D – Zone-to-City Rate Table:
- a) For new cities in an existing country in the rate table, three quotes will be required for the additional transportation charges, if applicable;
 - b) For a cross posting requirement, rates for origin and destination services are attached in Annex E – Cross Postings – Origin / Destination Services Rate Table. This will minimize the requirement to seek quotes where rates are missing;
 - c) Cross Postings generally will only require quotes for the transportation component of the move from one port to another;
 - d) For new countries, quotes will be needed for origin or destination services as required for the move;
 - e) Origin Service HG&E Rates include: the physical handling of HG&E between the conveyance and the residence, pre-move briefing, packing, crating as necessary to protect the HG&E, waiting time, inland transportation to the port, scaling, shuttle service, parking permits, hoisting, lowering, rigging, up to 30 days of SIT if required while awaiting clearances or otherwise, document preparation and any other services that are required to execute the move that may not be otherwise specified excluding duties and taxes;
 - f) Destination Service HG&E rates include: the physical handling of HG&E between the conveyance and the residence, unpacking, uncrating as necessary, waiting time, inland transportation from the port, scaling (if not performed at origin), shuttle service, parking permits, hoisting, lowering, rigging, up to 30 days of SIT if required while awaiting clearances or otherwise, removal of packing/shipping debris, document preparation and any other services that are required to execute the move that may not be otherwise specified excluding duties and taxes;
 - g) Origin Service PMV Rates include: accepting vehicle at origin, completion of the Vehicle Condition Report, cleaning to CFIA standard or equivalent foreign agency requirements, loading, blocking and bracing in accordance with the shipping method selected, inland transportation to the port of embarkation, document preparation and up to 30 days of SIT pending clearance for onward transport to destination country as needed, and any other services that are required to execute the move that may not be otherwise specified excluding duties and taxes.
 - h) Destination PMV Rates include: customs manifest and/or customs abstract, main vehicle available for CFIA inspection or equivalent foreign agency inspection, removal of block and braces and unloading the vehicle from the container, if required, hold the vehicle in a bonded facility while the shipper clears the vehicle through CBSA or the equivalent foreign agency, making documentation available for the shipper to clear customs and register the vehicle, vehicle cleaning prior to inspection by the shipper, vehicle inspection with the shipper with the VCR completed at origin, annotating any new damage and handover of the vehicle to the shipper at residence. The rate will cover any other services that are required to execute the move that may not be otherwise specified excluding duties and taxes.

7. Shipment to/from Long Term Storage

- 7.1 All LTS lots must be stored in Canada. There may be a requirement for a shipment from abroad to be sent back to Canada for bonded storage. Shipments outbound from Canada will be stored at a location closest to origin with the majority in the National Capital Region. Services needed for shipments bound for LTS will be the same as for an overseas move less the unpack services and 30 days SIT while waiting for customs clearance.

8. Exchange Rates – Foreign Currency Protection

- 8.1 Exchange rates will be incorporated as follows, based on 40 percent of origin services market (e.g. Euro), 35 percent of costs pertaining to Transportation (normally paid in USD) and 25 percent of destination services market. Exchange rates will be based on the Bank of Canada monthly average exchange rate for the month in which the service was performed. Base rate for the currency will be the RFP closing date calculated as follows:
http://www.bankofcanada.ca/en/rates/exchange_avg_pdf.html

Invoice total = B, expressed in CAD

Apportionment of B based on 40% origin, 35% freight, 25% destination =

B x .40

B x .35

B x .25

B = value of currency B (Canadian origin move)

D = value of currency D at RFP close

D1 = value of currency D in month of move (removal from residence)

E = value of currency E at RFP close

E1 = value of currency E in month of move (removal from residence)

$(B \times .40) \times 1.0 = (B \times .40)$

$(B \times .35) + ((B \times .35) \times (D1 - D)) = (B \times .35) + \text{FCP for currency D}$

$(B \times .25) + ((B \times .25) \times (E1 - E)) = (B \times .25) + \text{FCP for currency E}$

Example 1: Contract awarded in July 2016, move date in October 2016 Origin Canada, Destination Japan

Based on Contract values, shipment invoiced cost is \$10,000 CAD.

\$4,000 in CAD (40%), \$3,500 in USD (35%), and \$2,500 in Yen (25%)

Foreign Currency Protection Calculation:

$\$4,000 \times 1.00 =$	\$4,000.00
$\$3,500 + (\$3,500 \times (1.3251 - 1.3050)) =$	\$3,570.35
$\$2,500 + (\$2,500 \times (.01275 - .01253)) =$	<u>\$2,500.55</u>
Total invoice =	\$10,070.90 CAD

Example 2 – Cross posting between locations with rates on Annex E (Cross Postings – Origin / Destination Services Rate Table)

Origin UK, Destination Brazil – Contract date July 2016, move date in Oct 2016

Based on Contract values, Origin Services cost \$2,345 CAD, Destination Services cost \$4,432 CAD and there is a freight quote in USD which converts based on freight company invoice date to \$3,222 CAD.

Foreign Currency Protection calculation:

Origin - \$2,345 + (\$2,345 x (1.6336 - 1.7139)) =	\$2,156.70
Freight - \$3,222 (from quote) =	\$3,222.00
Destination \$4,432 + (\$4,432 x (0.4161 - 0.3981)) =	<u>\$4,511.78</u>
Total invoice =	\$9,890.48 CAD

Annex C

Questions to Industry

1. What is your interest, capacity and ability to provide International Household Goods and Effects Relocation Services as described in this RFI, including your company's ability to handle the projected volume of international moves?
2. Due to policy restrictions, Canada requires the weight of the household goods. There are several basis of payment structures being considered, primarily for the freight forwarding/delivery aspect of the services. Canada is proposing a pricing structure based on a scaled weight (per cwt). Is there a different pricing structure that should be considered?
3. Are there advantages or disadvantages to shipping a PMV in the same container as the employee's HG&E, e.g. cheaper costs, less customs delays?
4. Are there advantages or disadvantages to shipping a PMV in a container vs RORO, e.g. cheaper costs, less customs delays?
5. Would it be more cost effective to have one flat rate for air shipments or tiered rates based on gross weight?
6. Is there an alternative way to indicate transit times for door-to-door moves, see Appendix 8? Is there a need to adjust the zones which are supposed to represent locations with similar transit times?
7. For moves that require long term storage in Canada, once the employee is back in Canada there is a need to have delivery which is largely local to be handled by the international contractor(s). From time to time, there will be a need for a long haul delivery out of LTS to a different location in Canada. Are there any difficulties in having a contractor from a separate and unique domestic relocation contract perform these services? If so, please suggest an alternative solution.
8. From the time of award of a contemplated IHGRS contract, how much transition time would be needed for a successful bidder to ramp-up and have an operable communication system to receive EDI messages from Canada's move management systems for the move orders?
9. What are the advantages and/or disadvantages of shipping HG&E and PMVs using conference versus non-conference ships?
10. In consideration of the door-to-door service requirements described in this RFI, how can Canada achieve the most cost-effective, all-inclusive, pricing strategy for its international relocations?

- Notes: 1. * is a ground shipment vice an ocean freight
2. + air shipment vice ocean freight

Foreign Currency Protection Rate: Pa
Origin percentage 40%
Freight percentage 35%
Destination percentage 25%

For Example: Move in May 2006

Based on Contract values, shipment invoiced cost is \$10,000.

\$4,000 is in Euros (40%), \$3,500 is in U.S. dollars (35%), and \$2,500 is in Canadian Dollars (25%)

Foreign Currency Protection

$\$4,000 \times (1.4159 - 1.38) =$
 $\$3,500 \times (1.1095 - 1.12) =$
 $\$2,500 \times 1.00 = 2,500.00$
Total invoice =

PMV	Personal Motor Vehicle
SIT	Storage in Transit
TTG	Transit Time Guide
RCP	Replacement Cost Protection
VCR	Vehicle Conditioning Report
USD	United States dollars

Term	Definition
Arm's length relationship	A transaction in which the buyers and sellers of a product (or service) act independently and have no relationship to each other.
Electronic Data Interchange (EDI)	Exchange of data and documents between computer systems according to standard rules.
Gross Curb Weight (GCW)	The weight of a vehicle without cargo or passengers but including fuel.
Gross weight (Total weight)	The net weight of the shipment and the tare weight, which is the weight of the empty van (container).
Household Goods & Effects (HG&E)	Residential personal furniture and effects belonging to the Shipper (transferee).
Hundredweight (cwt)	A unit of mass of 100 lbs used to calculate charges.

Personal Motor Vehicle (PMV)	For purposes of shipment, means a sedan, sports car, station wagon, minivan, pick-up, or 4-wheel drive vehicle of three-quarter ton rating or less, registered in the employee's name or in the name of the spouse or common-law partner, or a dependant, the primary purpose of which is for family conveyance. This definition excludes racing cars, campers, and any other vehicle which does not meet the above criteria.
Replacement Cost Protection (RCP)	Replacement coverage for physical loss or damage that is attributable to Contractor mishandling and incidents which occur during pre-packing, packing, loading, transportation, storage, unloading and unpacking of the HG&E.
RORO	A ship that permits vehicles to roll on and off board and to load and unload cargo by means of mobile support equipment
Rush move	When a Contractor is notified of a move or change to the original DSR date 10 calendar days or less prior to the DSR date, it is classified as a rush move.
Storage-in-transit (SIT)	Temporary storage of HG&E until the residence is available to receive the shipment.
Vehicle Condition Report (VCR)	An IDC approved industry standard report prepared by the Contractor to detail the condition of the PMV on acceptance from the Shipper and at the time of delivery to the Shipper.
