### **Amendment No. 003**

This amendment is raised to provide responses to Requests for Clarification.

#### **REQUESTS FOR CLARIFICATION**

- Q1. Can you please provide clarification with respect to the following question on 3.2 – Rated Requirements?

To showcase our experience with historic masonry rehabilitation, we would like to submit details of a project which is complete for the structural aspects, however, architectural/mechanical/electrical will not be complete for another twelve months. Construction started on this project in 2011 and the structure has been substantially complete for the past several months.

- A1. Final completion and acceptance by the client of all structural duties for the project is considered a completed project for evaluation purposes.

Proponents shall provide all information as requested in SRE 3.2.1 c) Information that should be supplied for each project in the proposal for the evaluation board to fairly rank all submitted projects.

All other terms and conditions of the solicitation remain the same.
