**This amendment has been raised to make to the following changes and to respond to the following questions:**

**Question 1:**

Are we to include Bonding Costs as part of this percentage rate?

**Answer 1:**

Yes, as noted in our documents, the Contractor's Percentage Fee shall cover profit, overhead and general administration costs, all charges relating to the financing of the project, etc. It is expected that the Bonding Costs would be included in this category and therefore included in the percentage rate.

**Question 2:**

Are we to include Course of Construction as part of this percentage rate?

**Answer 2:**

Yes, Course of Construction insurance costs, similar to Bonding costs, would be included in this percentage rate.

**Question 3:**

What should be included in "financing of the project"?

**Answer 3:**

Any costs associated with the CM's need to finance the project, such as borrowing temporarily if required until payments are made from the Government of Canada as Owner.

**On page 29 of the Request for Proposal:**
