

Bids solicitation # 84084-16-0220 solicitation closing date/time: February 13<sup>th</sup>, 2017 at 14:00Hrs MST

**Question # 1**

M1 states that the Bidders must have a minimum of ten years experience in a security field. The wording of this statement suggests that it is the resources that the Bidder proposes who must have ten years' experience. Would the NEB accept a Bidder (Company) with seven years of experience that proposes resources that have a minimum of 10 years of experience in a security field?

**Response to question # 1**

The Bidder i.e. person or entity (or, in the case of a joint venture, the persons or entities) submitting a bid, must demonstrate that it has a minimum ten years of experience in a security field.

A Bidder (Company) with seven years of experience that proposes resources that have a minimum of 10 years of experience in a security field would not qualify under this requirement.

**Question # 2**

Regarding the subject solicitation regarding M4:

Is the intent to have bidders who have conducted at least three investigations or who have conducted three investigations with three different organizations?

Example:

Will a bidder who has conducted three major investigations with a single Government department qualify?

**Response to question # 2**

The intent is for Bidders to demonstrate that they have conducted administrative investigations for at least three government departments, agencies or Crown Corporations.

Example:

Three major investigations for a single Government department would demonstrate that the Bidder has conducted administrative investigations for one government department.
