**Amendment 002 raised to post answers to all enquiries received to date from potential bidders (Q&As):**

**Enquiry # 1:**

Mandatory Technical Criteria Part 4. Hygiene and Sanitation: a) Bidder must submit with its bid a minimum of three (3) Hygiene and Sanitation reports from a qualified federal or provincial or territorial or municipal inspector..... Our company provides catering services to forest fire camps with numbers ranging from 50-600 people. Because of the nature of the forest fire industry, our camps are in remote locations and only set up for 2-6 weeks. We regularly receive inspections from the BC health authorities but we do not receive official Hygiene and Sanitation reports because there is no fixed address associated with the camps. My question is: **In order to meet the above mentioned Mandatory Technical Criteria, is a letter of recommendation from various provincial inspectors who have visited our work sites considered acceptable?**

**DND Response:**

**Yes**, provincial inspectors will be acceptable, as it would be unfair to restrict access to companies due to the nature of their previous work history.

**All other terms and conditions of the solicitation remain unchanged.**
