Amendment 006

This amendment is raised to;

- 1- This amendment is raised to publish questions and answers.
- 2- Revise desired delivery dates
- 3- Replace AutoCAD drawings with attached version 3.

1- **Question & Answers:**

Q.10. Each WS4 workstation typical is to have a 54"W panel and 54"W credenza. And each WS1 workstation typical is to have a 54"W worksurface. In the situation shown in the attached PDF, the WS4 workstations on the CAD drawings provided, have a 57"W panel and credenza instead of the typical 54"W size, therefore allowing the 3 - 54"W worksurfaces (in WS1) to fit as shown. Simply said the WS4 side has 2 x 54" and 2x24" panels totalling 156". The WS1 side has 3x54" totalling 162" Could you please clarify which changes would like to have made for this area? This same situation happens on all three floors.

A.10. for WS4, the Data Sheets take precedence over the floor plans. Refer to provided revised CAD drawings. End panel for WS1 in this grouping on each floor to be removed. Support for surface to be provided as necessary if panel-hung support is not possible.

Q.11. WS1 workstation typical shows each station to receive a dual monitor arm. However the CAD drawing shows these workstations as only having a single monitor arm. Could you please confirm which are required?

A.11. for the WS1 workstation, a dual monitor arm is to be provided as per the Data Sheets. Refer to provided revised CAD drawings.

2- **Revised Desired Delivery & Installation dates:**

10 Wellington Street, Gatineau, Quebec:

March 31, 2017

All other terms and conditions remain unchanged.
