This amendment is raised to answer questions from industry and amend solicitation 5P435-175035/A as follows:

- Q1 Section 5.3 of the Compliance Matrix states "Machine must include mechanical suspension seat". Would air ride seat work for this?
- A1 Yes, air ride seat is acceptable.
- Q2 Also I have seen 2 different amendments about the Pallet forks. Amendment 002 - A3 says they just need to move the tines and Amendment 001 – A1 says it needs to move tines as well as shift side to side.
- A2 We require that the Skid Steer Loader feature hydraulic forks that allow the operator to adjust the fork positioning wider or narrower from within the cab. **We do not require** the machine to feature hydraulic pallet forks that allow left or right sliding of the pallet forks.
