Amendment 1

Concrete Loading Blocks

This amendment is being issued to provide the email address of the Contracting (Standing Offer or Supply Arrangement) Authority for the suppliers' inquiry purposes.

Unless noted otherwise in the solicitation, Bidders (Offerors) are reminded that bids (offers) submitted by e-mail will not be considered.

This amendment was raised to answer questions:

Questions :

1. Will DND take responsibility for the offloading at Destination even though it is FOB destination?
2. Tender asks for 1 x 10000lb block, but the drawings only reference an 8500lb block and a 12000lb block. Is there a spec for the 10000lb version, or do we use the 12000lb model. What color does it need to be if there is a different model?
3. Does each block have to be weighed using a "certified legal for trade" scale or will a scale calibrated using government weights be suitable?
4. Note 8/Test Procedure in Drawing GCI-F-02047... does this have to be witnessed by someone in your office?

Answers:

1. Yes DND will offload once the blocks are at destination (Garrison Petawawa).
2. Tender asks for Two 10,000 lb blocks and yes you can use the 12,000lb drawing. Color does not matter.
3. A calibrated scale for weighing will be suitable.
4. It will not be necessary for DND to witness the testing. A dated and signed document will be adequate.

All other terms and conditions of this Request For Proposal remain unchanged.
