AMENDMENT 001

- Questions and answers 1 to 4;
- Modification to the Request for Proposals (RFP).

QUESTIONS AND ANSWERS 1 TO 4

Q1: The foot print of the laser head will meet the requirement, but the height of the laser head will be 400mm - plus 100mm for special support feet.

A1: The external dimensions of the laser box exclude the breadboard or the optical table on which the laser head will be installed on it.

Q2: The control electronics cabinet will be 560mm x 800mm x 1200mm.

A2: Yes, external dimensions are acceptable. Please see modification to the RFP above

Q3: The necessary additional pump laser comes in a cabinet of its own with the following dimensions: 950mm x 770mm x 1,700mm

A3: The volume of this additional pump laser must be added either to the laser head volume or to the volume of the laser power supply, but for both scenarios, specifications must be respected. The laser system will be installed in a trailer, and therefore the available volume is limited.

Q4: In addition a water to water chiller with dimensions similar to the control cabinet is required to operate the laser system.

A2: There is no specification for dimensions of the water chiller.

MODIFICATION TO THE RFP:

Please make the following change to items 1.2 (“Requirement”, 4.1.1.1 “Mandatory Technical Criteria” and 5.1 of Annexe A “Requirement”;

“
...

| Specifications | Value |
|--|--|
| External dimensions of the laser power supply: | ≤ 55 cm 56cm wide x 100 cm depth x 150 cm height |

...”

*** All the other clauses and conditions remain unchanged ***
