## **QUESTIONS and ANSWERS**

### **Question 01 from Bidder:**

I am writing to inquire if an environmental consultant for conducting air monitoring and site inspection services during the hazardous materials abatement for this project has already been selected. If not, will there be a separate RFP for consulting services, or is the demolition/abatement contractor responsible to carry the consultant?

### **DFO Answer 01:**

The general contractor (successful bidder) will be responsible for hiring the environmental consultant and all costs associated with it. There will be no separate RFP.

**All other Terms and Conditions for this requirement remain unchanged.**

**Tenderers are to acknowledge this Addendum by signing in the space provided below and enclosing a copy of this document with their tender submission.**
