This amendment 001 is being raised to answer some potential bidders' questions as follows:

Question 1

ANNEX C, Mandatory Evaluation Criteria, Qualifications, Item 30: Bidder must have a minimum 5 years of experience in microscopy instrumentation. Please provide proof.

Is it acceptable to provide the proof from the manufacturer or the official distributor (not the bidder), for a minimum 5 years of experience in microscopy instrumentation.

ANSWER 1

Yes, proof from the manufacturer or distributor would be sufficient.

Question 2

The question is regarding the physical specifications in Annex "A" on page 9 of 15.

Item 11 states that: *The instrument must have an objective turret (nosepiece) that will accept at least 5 objectives.*

Item 12 states that: *The instrument must include strain-free objectives with magnification of: 2.5x, 4x, 10x, 20x, 40x, and 100x.*

If we go with a 5 objective turret, which one of the objectives should not be included?

ANSWER 2

We would like to have 6 different objectives even though the nosepiece can only accept 5. One objective would remain in storage and be interchanged with another as needed.
