VARIOUS RESOURCE CATEGORIES – LEVEL 2
FOR
AGRICULTURE AND AGRI-FOOD CANADA (AAFC)**

PART 1 - GENERAL INFORMATION

1.1 Introduction

This document states terms and conditions that apply to this bid solicitation. It is divided into seven parts plus attachments and annexes, as follows:

Part 1 General Information: provides a general description of the requirement;

Part 2 Bidder Instructions: provides the instructions, clauses and conditions applicable to the bid solicitation;

Part 3 Bid Preparation Instructions: provides Bidders with instructions on how to prepare their bid;

Part 4 Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria that must be addressed in the bid, if applicable, and the basis of selection;

Part 5 Certifications and Additional Information: includes the certifications and additional information to be provided;

Part 6 Security, Financial and Other Requirements: includes specific requirements that must be addressed by Bidders; and

Part 7 Resulting Contract Clauses: includes the clauses and conditions that will apply to any resulting contract.

The annexes include the Statement of Work and any other annexes.

1.2 Summary

- (a) This bid solicitation is being issued to satisfy the requirement of Agriculture and Agri-food Canada (the "**Client**") for Task-Based Informatics Professional Services (TBIPS) under the TBIPS Supply Arrangement (SA) method of supply.
- (b) It is intended to result in the award of one contract, from Contract Award Date up to and including March 31, 2018, plus 3 one-year irrevocable options allowing Canada to extend the term of the contract.
- (c) There are security requirements associated with this requirement. For additional information, consult Part 6 - Security, Financial and Other Requirements, and Part 7 – Resulting Contract Clauses. For more information on personnel and organization security screening or security clauses, Bidders should refer to the, Industrial Security Program (ISP) of Public Works and Government Services Canada (<http://ssi-iss.tpsgc-pwgsc.gc.ca/index-eng.html>) website.

- (d) The requirement is subject to the provisions of the World Trade Organization Agreement on Government Procurement (WTO-AGP), the North American Free Trade Agreement (NAFTA), the Canada-Chile Free Trade Agreement (CCFTA), the Canada-Peru Free Trade Agreement (CPFTA), the Canada-Colombia Free Trade Agreement (CColFTA), and the Canada-Panama Free Trade Agreement (CPanFTA), and the Agreement on Internal Trade (AIT).
- (e) The Federal Contractor's Program (FCP) for employment equity applies to this procurement; see Part 5 – Certifications, Part 7 – Resulting Contract Clauses and the attachment titled "Federal Contractor's Program for Employment Equity – Certification."
- (f) Only TBIPS SA Holders currently holding a TBIPS SA for Tier 2, in all Resource Categories and in the Western Region under the EN578-055605 series of SAs are eligible to compete. The TBIPS SA EN578-055605 is incorporated by reference and forms part of this bid solicitation, as though expressly set out in it, subject to any express terms and conditions contained in this bid solicitation. The capitalized terms not defined in this bid solicitation have the meaning given to them in the TBIPS SA.
- (g) SA Holders that are invited to compete as a joint venture must submit a bid as that joint venture SA Holder, forming no other joint venture to bid. Any joint venture must be already qualified under the SA #EN578-055605 as that joint venture at the time of bid closing in order to submit a bid.
- (h) The Resource Categories described below are required on an as and when requested basis in accordance with the TBIPS SA Annex "A":

RESOURCE CATEGORY	LEVEL OF EXPERTISE	ESTIMATED NUMBER OF RESOURCES REQUIRED
A.6 Programmer/Software Developer	LEVEL 2	2
I.10 Technical Architect	LEVEL 2	1
I.5 IM Architect	LEVEL 2	1
B.1. Business Analyst	LEVEL 2	1
A.11. Tester	LEVEL 2	1

1.3 Debriefings

After contract award, bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be provided in writing, by telephone or in person.

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

- (a) All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.
- (b) Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract(s).
- (c) The 2003 (2016-04-04) Standard Instructions - Goods or Services - Competitive Requirements are incorporated by reference into and form part of the bid solicitation. If there is a conflict between the provisions of 2003 and this document, this document prevails.
- (d) Subsection 3.a) of Section 01, Integrity Provisions - Bid of Standard Instructions 2003 incorporated by reference above is deleted in its entirety and replaced with the following:
 - a. at the time of submitting an arrangement under the Request for Supply Arrangement (RFSA), the Bidder has already provided a list of names, as requested under the Ineligibility and Suspension Policy. During this procurement process, the Bidder must immediately inform Canada in writing of any changes affecting the list of names.
- (e) Subsection 5(4) of 2003, Standard Instructions – Goods and Services – Competitive Requirements is amended as follows:
 - (i) Delete: 60 days
 - (ii) Insert: 180 days

2.2 Submission of Bids

- (a) **Location and Time for Delivery of Bid:** Due to the nature of this solicitation, bids submitted by facsimile or electronic mail will not be accepted. Bids must not be sent directly to the Contracting Authority. Bids sent directly to the Contracting Authority will not be considered.

Bids must be delivered to the following location, by the time and date indicated at the top right hand corner of page one of the bid solicitation:

Department of Public Works and Government Services Canada
Bid Receiving Unit
Portage III, 0B2, 11 Laurier Street
Gatineau, Quebec K1A 0S5

Bid Receiving Unit Address is Solely for Delivery of Bids: The above address is for the sole purpose of bid submission. No other communications are to be forwarded to this address.

2.3 Enquiries - Bid Solicitation

- (a) All enquiries must be submitted in writing to the Contracting Authority no later 5 calendar days before the bid closing date. Enquiries received after that time may not be answered.
- (b) Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a

proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.4 Former Public Servant

- (a) Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPSs, Bidders must provide the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

(b) Definitions

For the purposes of this clause, "*former public servant*" is any former member of a department as defined in the [Financial Administration Act](#), R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- (i). an individual;
- (ii). an individual who has incorporated;
- (iii). a partnership made of former public servants; or
- (iv). a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"*lump sum payment period*" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"*pension*" means a pension or annual allowance paid under the [Public Service Superannuation Act](#) (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the [Supplementary Retirement Benefits Act](#), R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the [Canadian Forces Superannuation Act](#), R.S., 1985, c. C-17, the [Defence Services Pension Continuation Act](#), 1970, c. D-3, the [Royal Canadian Mounted Police Pension Continuation Act](#), 1970, c. R-10, and the [Royal Canadian Mounted Police Superannuation Act](#), R.S., 1985, c. R-11, the [Members of Parliament Retiring Allowances Act](#), R.S. 1985, c. M-5, and that portion of pension payable to the [Canada Pension Plan Act](#), R.S., 1985, c. C-8.

(c) Former Public Servant in Receipt of a Pension

As per the above definitions, is the Bidder a FPS in receipt of a pension? **Yes () No ()**

If so, the Bidder must provide the following information, for all FPSs in receipt of a pension, as applicable:

- (i). name of former public servant;
- (ii). date of termination of employment or retirement from the Public Service.

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with [Contracting Policy Notice: 2012-2](#) and the [Guidelines on the Proactive Disclosure of Contracts](#).

(d) Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? **Yes () No ()**

If so, the Bidder must provide the following information:

- (i). name of former public servant;
- (ii). conditions of the lump sum payment incentive;
- (iii). date of termination of employment;
- (iv). amount of lump sum payment;
- (v). rate of pay on which lump sum payment is based;
- (vi). period of lump sum payment including start date, end date and number of weeks;
- (vii). number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

2.5 Applicable Laws

- (a) Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Note to Bidders: Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of its bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of its choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidder. Bidders are requested to indicate the Canadian province or territory they wish to apply to any resulting contract in their Bid Submission Form.

2.6 Improvement of Requirement During Solicitation Period

Should bidders consider that the specifications or Statement of Work contained in the bid solicitation could be improved technically or technologically, bidders are invited to make suggestions, in writing, to the Contracting Authority named in the bid solicitation. Bidders must clearly outline the suggested improvement as well as the reasons for the suggestion. Suggestions that do not restrict the level of competition nor favour a particular bidder will be given consideration provided they are submitted to the Contracting Authority in accordance with the article entitled "Enquiries - Bid Solicitation". Canada will have the right to accept or reject any or all suggestions.

2.7 Volumetric Data

The estimated number of resources or level of effort data has been provided to Bidders to assist them in preparing their bids. The inclusion of this data in this bid solicitation does not represent a commitment by

Solicitation Number:
01B68-170707

Amendment Number:
N/A

Buyer ID:
636EL

Canada that Canada's future usage of the service identified in this bid solicitation will be consistent with this data. It is provided purely for information purposes.

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

- (a) **Copies of Bid:** Canada requests that Bidders provide their bid in separately bound sections as follows:
- (i) Section I: Technical Bid (4 hard copies);
 - (ii) Section II: Financial Bid (2 hard copies);
 - (iii) Section III: Certifications not included in the Technical Bid (2 hard copies)
- Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.
- (b) **Format for Bid:** Canada requests that Bidders follow the format instructions described below in the preparation of their bid:
- (i) use 8.5 x 11 inch (216 mm x 279 mm) paper;
 - (ii) use a numbering system that corresponds to the bid solicitation;
 - (iii) include a title page at the front of each volume of the bid that includes the title, date, bid solicitation number, bidder's name and address and contact information of its representative; and
 - (iv) include a table of contents.
- (c) **Canada's Policy on Green Procurement:** In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process. See the Policy on Green Procurement (<http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, Bidders should:
- (i) use paper containing fibre certified as originating from a sustainably-managed forest and/or containing a minimum of 30% recycled content; and
 - (ii) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, and using staples or clips instead of cerlox, duotangs or binders.
- (d) **Submission of Only One Bid:**
- (i) A Bidder, including related entities, will be permitted to submit only one bid in response to this bid solicitation. If a Bidder or any related entities participate in more than one bid (participating means being part of the Bidder, not being a subcontractor), Canada will provide those Bidders with 2 working days to identify the single bid to be considered by Canada. Failure to meet this deadline will result in all the affected bids being disqualified.
 - (ii) For the purposes of this Article, regardless of the jurisdiction where any of the entities concerned is incorporated or otherwise formed as a matter of law (whether that entity is a natural person, corporation, partnership, etc.), an entity will be considered to be "**related**" to a Bidder if:
 - (A) they are the same legal entity (i.e., the same natural person, corporation, partnership, limited liability partnership, etc.);
 - (B) they are "related persons" or "affiliated persons" according to the Canada Income Tax Act;

- (C) the entities have now or in the two years before bid closing had a fiduciary relationship with one another (either as a result of an agency arrangement or any other form of fiduciary relationship); or
 - (D) the entities otherwise do not deal with one another at arm's length, or each of them does not deal at arm's length with the same third party.
- (iii) Individual members of a joint venture cannot participate in another bid, either by submitting a bid alone or by participating in another joint venture.

(e) Joint Venture Experience:

- (i) Where the Bidder is a joint venture with existing experience as that joint venture, it may submit the experience that it has obtained as that joint venture.

Example: A bidder is a joint venture consisting of members L and O. A bid solicitation requires that the bidder demonstrate experience providing maintenance and help desk services for a period of 24 months to a customer with at least 10,000 users. As a joint venture (consisting of members L and O), the bidder has previously done the work. This bidder can use this experience to meet the requirement. If member L obtained this experience while in a joint venture with a third party N, however, that experience cannot be used because the third party N is not part of the joint venture that is bidding.

- (ii) A joint venture bidder may rely on the experience of one of its members to meet any given technical criterion of this bid solicitation.

Example: A bidder is a joint venture consisting of members X, Y and Z. If a solicitation requires: (a) that the bidder have 3 years of experience providing maintenance service, and (b) that the bidder have 2 years of experience integrating hardware with complex networks, then each of these two requirements can be met by a different member of the joint venture. However, for a single criterion, such as the requirement for 3 years of experience providing maintenance services, the bidder cannot indicate that each of members X, Y and Z has one year of experience, totaling 3 years. Such a response would be declared non-responsive.

- (iii) Joint venture members cannot pool their abilities with other joint venture members to satisfy a single technical criterion of this bid solicitation. However, a joint venture member can pool its individual experience with the experience of the joint venture itself. Wherever substantiation of a criterion is required, the Bidder is requested to indicate which joint venture member satisfies the requirement. If the Bidder has not identified which joint venture member satisfies the requirement, the Contracting Authority will provide an opportunity to the Bidder to submit this information during the evaluation period. If the Bidder does not submit this information within the period set by the Contracting Authority, its bid will be declared non-responsive.

Example: A bidder is a joint venture consisting of members A and B. If a bid solicitation requires that the bidder demonstrate experience providing resources for a minimum number of 100 billable days, the bidder may demonstrate that experience by submitting either:

- Contracts all signed by A;
- Contracts all signed by B; or
- Contracts all signed by A and B in joint venture, or
- Contracts signed by A and contracts signed by A and B in joint venture, or
- Contracts signed by B and contracts signed by A and B in joint venture.

That show in total 100 billable days.

- (iv) Any Bidder with questions regarding the way in which a joint venture bid will be evaluated should raise such questions through the Enquiries process as early as possible during the bid solicitation period.

3.2 Section I: Technical Bid

- (a) The technical bid consists of the following:

- (i) **Bid Submission Form:** Bidders are requested to include the Bid Submission Form - Attachment 3.1 with their bids. It provides a common form in which bidders can provide information required for evaluation and contract award, such as a contact name and the Bidder's Procurement Business Number, etc. Using the form to provide this information is not mandatory, but it is recommended. If Canada determines that the information required by the Bid Submission Form is incomplete or requires correction, Canada will provide the Bidder with an opportunity to do so.
- (ii) **Security Clearance:** Bidders are requested to submit the following security information for each of the proposed resources with their bids on or before the bid closing date:

SECURITY INFORMATION	
Name of individual as it appears on security clearance application form	
Level of security clearance obtained	
Validity period of security clearance obtained	
Security Screening Certificate and Briefing Form file number	

If the Bidder has not included the security information in its bid, the Contracting Authority will provide an opportunity to the Bidder to submit the security information during the evaluation period. If the Bidder has not submitted the security information within the period set by the Contracting Authority, its bid will be declared non-responsive.

- (iii) **Substantiation of Technical Compliance:** The technical bid must substantiate the compliance with the specific articles of Attachment "4.1", which is the requested format for providing the substantiation. The substantiation must not simply be a repetition of the requirement(s), but must explain and demonstrate how the Bidder will meet the requirements and carry out the required Work. Simply stating that the Bidder or its proposed solution or resources comply is not sufficient. Where Canada determines that the substantiation is not complete, the Bidder will be considered non-responsive and disqualified. The substantiation may refer to additional documentation submitted with the bid - this information can be referenced in the "Bidder's Response" column of Attachment "4.1", where Bidders are requested to indicate where in the bid the reference material can be found, including the title of the document, and the page and paragraph numbers; where the reference is not sufficiently precise, Canada may request that the Bidder direct Canada to the appropriate location in the documentation.
- (iv) **For Proposed Resources:** The same individual must not be proposed for more than one Resource Category. The Technical bid must demonstrate that each proposed individual meets the qualification requirements described (including any educational requirements, work experience requirements, and professional designation or membership requirements). With respect to the proposed resources:
- (A) Proposed resources may be employees of the Bidder or employees of a subcontractor, or these individuals may be independent contractors to whom the Bidder would subcontract a portion of the Work (refer to Part 5, Certifications).

- (B) For educational requirements for a particular degree, designation or certificate, PWGSC will only consider educational programs that were successfully completed by the resource by the time of bid closing. If the degree, designation or certification was issued by an educational institution outside of Canada, the Bidder must provide a copy of the results of the academic credential assessment and qualification recognition service issued by an agency or organization recognized by the Canadian Information Centre for International Credentials (CICIC).
 - (C) For requirements relating to professional designation or membership, the resource must have the required designation or membership by the time of bid closing and must continue, where applicable, to be a member in good standing of the profession or membership throughout the evaluation period and Contract Period. Where the designation or membership must be demonstrated through a certification, diploma or degree, such document must be current, valid and issued by the entity specified in this solicitation. If the entity is not specified, the issuer must have been an accredited or otherwise recognized body, institution or entity at the time the document was issued. If the degree, diploma or certification was issued by an educational institution outside of Canada, the Bidder must provide a copy of the results of the academic credential assessment and qualification recognition service issued by an agency or organization recognized by the Canadian Information Centre for International Credentials (CICIC).
 - (D) For work experience, PWGSC will not consider experience gained as part of an educational program, except for experience gained through a formal co-operative program at a post-secondary institution.
 - (E) For any requirements that specify a particular time period (e.g., 2 years) of work experience, PWGSC will disregard any information about experience if the technical bid does not include the relevant dates (month and year) for the experience claimed (i.e., the start date and end date). Canada will evaluate only the duration that the resource actually worked on a project or projects (from his or her start date to end date), instead of the overall start and end date of a project or a combination of projects in which a resource has participated.
 - (F) For work experience to be considered by Canada, the technical bid must not simply indicate the title of the individual's position, but must demonstrate that the resource has the required work experience by explaining the responsibilities and work performed by the individual while in that position. In situations in which a proposed resource worked at the same time on more than one project, the duration of any overlapping time period will be counted only once toward any requirements that relate to the individual's length of experience.
- (v) **Customer Reference Contact Information:**
- (A) In conducting its evaluation of the bids, Canada may, but will have no obligation to request that a bidder provide customer references. If Canada sends such a written request, the bidder will have 2 working days to provide the necessary information to Canada. Failure to meet this deadline will result in the bid being declared non-responsive. These customer references must each confirm if requested by PWGSC, the facts identified in the Bidder's bid, as required by Attachment "4.1".
 - (B) The form of question to be used to request confirmation from customer references is as follows:

[Sample Question to Customer Reference: "Has [the Bidder] provided your organization with [describe the services and, if applicable, describe any required time frame within which those services must have been provided]?"

___ Yes, the Bidder has provided my organization with the services described above.

___ No, the Bidder has not provided my organization with the services described above.

___ I am unwilling or unable to provide any information about the services described above.

- (C) For each customer reference, the Bidder must, at a minimum, provide the name and e-mail address for a contact person. If only the telephone number is provided, it will be used to call to request the e-mail address and the reference check will be done by e-mail.

Bidders are also requested to include the title of the contact person. It is the sole responsibility of the Bidder to ensure that it provides a contact who is knowledgeable about the services the Bidder has provided to its customer and who is willing to act as a customer reference. Crown references will be accepted.

3.3 Section II: Financial Bid

- (a) **Pricing:** Bidders must submit their financial bid in accordance with the Pricing Schedule provided in Attachment "4.2". The total amount of Applicable Taxes must be shown separately, if applicable. Unless otherwise indicated, bidders must include a single, firm, all-inclusive per diem rate quoted in Canadian dollars in each cell requiring an entry in the pricing tables.
- (b) **Variation in Resource Rates By Time Period:** For any given resource category, where the financial tables provided by Canada allow different firm rates to be charged for a resource category during different time periods:
- (i) the rate bid must not increase by more than 5% from one time period to the next, and
 - (ii) the rate bid for the same resource category during any subsequent time period must not be lower than the rate bid for the time period that includes the first month of the Initial Contract Period.
- (c) **All Costs to be Included:** The financial bid must include all costs for the requirement described in the bid solicitation for the entire Contract Period, including any option periods. The identification of all necessary equipment, software, peripherals, cabling and components required to meet the requirements of the bid solicitation and the associated costs of these items is the sole responsibility of the Bidder.
- (d) **Blank Prices:** Bidders are requested to insert "\$0.00" for any item for which it does not intend to charge or for items that are already included in other prices set out in the tables. If the Bidder leaves any price blank, Canada will treat the price as "\$0.00" for evaluation purposes and may request that the Bidder confirm that the price is, in fact, \$0.00. No bidder will be permitted to add or change a price as part of this confirmation. Any bidder who does not confirm that the price for a blank item is \$0.00 will be declared non-responsive.

3.4 Section III: Certifications

It is a requirement that bidders submit the certifications identified under Part 5.

3.0

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria. There are several steps in the evaluation process, which are described below. Even though the evaluation and selection will be conducted in steps, the fact that Canada has proceeded to a later step does not mean that Canada has conclusively determined that the Bidder has successfully passed all the previous steps. Canada may conduct steps of the evaluation in parallel.
- (b) An evaluation team composed of representatives of the Client and PWGSC will evaluate the bids on behalf of Canada. Canada may hire any independent consultant, or use any Government resources, to evaluate any bid. Not all members of the evaluation team will necessarily participate in all aspects of the evaluation.
- (c) In addition to any other time periods established in the bid solicitation:
 - (i) **Requests for Clarifications:** If Canada seeks clarification or verification from the Bidder about its bid, the Bidder will have 2 working days (or a longer period if specified in writing by the Contracting Authority) to provide the necessary information to Canada. Failure to meet this deadline will result in the bid being declared non-responsive.
 - (ii) **Requests for Further Information:** If Canada requires additional information in order to do any of the following pursuant to the Section entitled "Conduct of Evaluation" in 2003, Standard Instructions - Goods or Services - Competitive Requirements:
 - (A) verify any or all information provided by the Bidder in its bid; or
 - (B) contact any or all references supplied by the Bidder to verify and validate any information submitted by the Bidder,the Bidder must provide the information requested by Canada within 2 working days of a request by the Contracting Authority.
 - (iii) **Extension of Time:** If additional time is required by the Bidder, the Contracting Authority may grant an extension in his or her sole discretion.

4.2 Technical Evaluation

- (a) **Mandatory Technical Criteria:**
 - (i) Each bid will be reviewed for compliance with the mandatory requirements of the bid solicitation. Any element of the bid solicitation that is identified specifically with the words "must" or "mandatory" is a mandatory requirement. Bids that do not comply with each and every mandatory requirement will be declared non-responsive and be disqualified.
 - (ii) The mandatory technical criteria are described in Attachment 4.1.
- (b) **Point-Rated Technical Criteria:**
 - (i) Each bid will be rated by assigning a score to the rated requirements, which are identified in the bid solicitation by the word "rated" or by reference to a score. Bidders who fail to submit complete bids with all the information requested by this bid solicitation will be rated accordingly.
 - (ii) The rated requirements are described in Attachment 4.1.
- (c) **Number of Resources Evaluated:**

Only a certain number of resources per Resource Category will be evaluated as part of this bid solicitation as identified in Attachment 4.1. Additional Resources will only be assessed after contract award once specific tasks are requested of the Contractor. After contract award, the Task Authorization process will be in accordance with Part 7 – Resulting Contract Clauses, the Article titled “Task Authorization”. When a Task Authorization Form (TA Form) is issued, the Contractor will be requested to propose a resource to satisfy the specific requirement based on the TA Form’s Statement of Work. The proposed resource will then be assessed against the criteria identified in the Contract’s Statement of Work in accordance with Appendix C of Annex A.

(d) **Reference Checks:**

- (i) Whether or not to conduct reference checks is discretionary. However, if PWGSC chooses to conduct reference checks for any given rated or mandatory requirement, it will check the references for that requirement for all bidders who have not, at that point, been found non-responsive.
- (ii) For reference checks, Canada will conduct the reference check in writing by email. Canada will send all email reference check requests to contacts supplied by all the Bidders within a 48-hour period using the email address provided in the bid. Canada will not award any points and/or a bidder will not meet the mandatory experience requirement (as applicable) unless the response is received within 5 working days of the date that Canada's email was sent.
- (iii) On the third working day after sending out the reference check request, if Canada has not received a response, Canada will notify the Bidder by email, to allow the Bidder to contact its reference directly to ensure that it responds to Canada within 5 working days. If the individual named by a Bidder is unavailable when required during the evaluation period, the Bidder may provide the name and email address of an alternate contact person from the same customer. Bidders will only be provided with this opportunity once for each customer, and only if the originally named individual is unavailable to respond (i.e., the Bidder will not be provided with an opportunity to submit the name of an alternate contact person if the original contact person indicates that he or she is unwilling or unable to respond). The Bidder will have 1 working day to submit the name of a new contact. That contact will again be given 5 working days to respond once Canada sends its reference check request.
- (iv) Wherever information provided by a reference differs from the information supplied by the Bidder, the information supplied by the reference will be the information evaluated.
- (v) Points will not be allocated and/or a bidder will not meet the mandatory experience requirement (as applicable) if (1) the reference customer states he or she is unable or unwilling to provide the information requested, or (2) the customer reference is not a customer of the Bidder itself (for example, the customer cannot be the customer of an affiliate of the Bidder instead of being a customer of the Bidder itself). Nor will points be allocated or a mandatory met if the customer is itself an affiliate or other entity that does not deal at arm's length with the Bidder.

4.3 Financial Evaluation

- (a) The financial evaluation will be conducted using the firm per diem rates provided by the responsive bid(s).
- (b) There are two possible financial evaluation methods for this requirement. The first method will be used if three or more bids are determined responsive (see (c) Financial Evaluation - Method A below). The second method will be used if fewer than three bids are determined responsive (see (d) Financial Evaluation - Method B below).
- (c) **Financial Evaluation - Method A:** The following financial evaluation method will be used if three or more bids are determined responsive:

- (i) **STEP 1 - ESTABLISHING THE LOWER AND UPPER MEDIAN BAND LIMITS FOR EACH PERIOD AND EACH RESOURCE CATEGORY:** The Contracting Authority will establish, for each period and each Resource Category, the median band limits based on the firm per diem rates provided by the technically responsive bids. For each such Resource Category the median will be calculated using the median function in Microsoft Excel and will represent a range that encompasses any rate to a value of minus (-) 20% of the median, and an upper median rate to a value of plus (+) 30% of the median. When an even number of technically responsive bids have been determined, an average of the middle two rates will be used to calculate the median band limits and for an odd number of technically responsive bids, the middle rate will be used.
- (ii) **STEP 2 - POINTS ALLOCATION:** For each period and each Resource Category points will be allocated as follows:
- (A) A Bidder's proposed firm per diem rate that is either lower than the established lower median band limit or higher than the established upper median band limit for that period and Resource Category will be allocated 0 points.
- (B) A Bidder's proposed firm per diem rate falling within the upper and lower median band limits, for that period and Resource Category, will be allocated points using the following calculation, which will be rounded to two decimal places:
- $$\frac{\text{Lowest proposed firm per diem rate within the median band limits}}{\text{Bidder's proposed firm per diem rate within the median band limits}} \times \text{Maximum Points Assigned at Table 1 below}$$
- (C) A Bidder's proposed firm per diem rate falling within the established median band limits which is the lowest proposed firm per diem rate will be allocated the applicable maximum points assigned at Table 1 below.

TABLE 1 - MAXIMUM POINTS ASSIGNED					
RESOURCE CATEGORIES	INITIAL CONTRACT PERIOD	OPTION PERIOD 1	OPTION PERIOD 2	OPTION PERIOD 3	TOTAL POINTS
Programmer/Software Developer - Level 2	100	50	50	50	250
Technical Architect - Level 2	50	25	25	25	125
IM Architect - Level 2	50	25	25	25	125
Business Analyst – Level 2	25	12	12	12	61
Tester – Level 2	25	12	12	12	61
TOTAL	250	124	124	124	622

- (iii) **STEP 3 - FINANCIAL SCORE:** Points allocated under STEP 2 for each period and Resource will be added together and rounded to two decimal places to produce the Financial Score. Bidders will find below an example of a financial evaluation using Method A.

(iv) **EXAMPLE OF A FINANCIAL EVALUATION USING METHOD A**

TABLE 2 - EXAMPLE OF A FINANCIAL EVALUATION USING METHOD A:							
Resource Category	Max. Points	Bidder 1		Bidder 2		Bidder 3	
		Year 1	Year 2	Year 1	Year 2	Year 1	Year 2
Programmer	150 (75 pts. per year)	\$400.00	\$400.00	\$420.00	\$450.00	\$450.00	\$450.00
Business Analyst	100 (50 pts. per year)	\$600.00	\$600.00	\$600.00	\$620.00	\$650.00	\$820.00

Solicitation Number:
01B68-170707

Amendment Number:
N/A

Buyer ID:
636EL

Project Manager	50 (25 pts. per year)	\$555.00	\$900.00	\$750.00	\$800.00	\$700.00	\$800.00
TOTAL	300						

STEP 1 - Establishing the lower and upper median band limits for each year and each resource category

(Median 1)	For the Programmer Resource Category, the year 1 median would be \$420.00. The lower median band limit would be \$336.00 and higher median band limit would be \$546.00.
(Median 2)	For the Programmer Resource Category, the year 2 median would be \$450.00. The lower median band limit would be \$360.00 and higher median band limit would be \$585.00.
(Median 3)	For the Business Analyst Resource Category, the year 1 median would be \$600.00. The lower median band limit would be \$480.00 and higher median band limit would be \$780.00.
(Median 4)	For the Business Analyst Resource Category, the year 2 median would be \$620.00. The lower median band limit would be \$496.00 and higher median band limit would be \$806.00.
(Median 5)	For the Project Manager Resource Category, the year 1 median would be \$700.00. The lower median band limit would be \$560.00 and higher median band limit would be \$910.00.
(Median 6)	For the Project Manager Resource Category, the year 2 median would be \$800.00. The lower median band limit would be \$640.00 and higher median band limit would be \$1,040.00.

STEP 2 - Points Allocation:

Bidder 1:

Programmer Year 1 = 75 points (lowest rate within the lower and upper median band limits)
Programmer Year 2 = 75 points (lowest rate within the lower and upper median band limits)
Business Analyst Year 1 = 50 points (lowest rate within the lower and upper median band limits)
Business Analyst Year 2 = 50 points (lowest rate within the lower and upper median band limits)
Project Manager Year 1 = 0 points (outside the lower and higher median band limits)
Project Manager Year 2 = 22.22 points (based on the following calculation = (Lowest rate of \$800.00 / Bidder's proposed rate of \$900.00) Multiplied by 25 pts)

Bidder 2:

Programmer Year 1 = 71.43 points (based on the following calculation = (Lowest rate of \$400.00 / Bidder's proposed rate of \$420.00) Multiplied by 75 pts)
Programmer Year 2 = 66.67 points (based on the following calculation = (Lowest rate of \$400.00 / Bidder's proposed rate of \$450.00) Multiplied by 75 pts)
Business Analyst Year 1 = 50 points (lowest price within the lower and upper median band limits)
Business Analyst Year 2 = 48.39 points (based on the following calculation = (Lowest rate of \$600.00 / Bidder's proposed rate of \$620.00) Multiplied by 50 pts)
Project Manager Year 1 = 23.33 points (based on the following calculation = (Lowest rate of \$700.00 / Bidder's proposed rate of \$750.00) Multiplied by 25 pts)
Project Manager Year 2 = 25 points (lowest price within the lower and upper median band limits)

Bidder 3:

Programmer Year 1 = 66.67 points (based on the following calculation = (Lowest rate of \$400.00 / Bidder's proposed rate of \$450.00) Multiplied by 75 pts)
Programmer Year 2 = 66.67 points (based on the following calculation = (Lowest rate of \$400.00 / Bidder's proposed rate of \$450.00) Multiplied by 75 pts)
Business Analyst Year 1 = 46.15 points (based on the following calculation = (Lowest rate of \$600.00 / Bidder's proposed rate of \$650.00) Multiplied by 75 pts)
Business Analyst Year 2 = 0 points (outside the lower and higher median band limits)
Project Manager Year 1 = 25 points (lowest price within the lower and upper median band limits)

Solicitation Number:
01B68-170707

Amendment Number:
N/A

Buyer ID:
636EL

Project Manager Year 2 = 25 points (lowest price within the lower and upper median band limits)	
STEP 3 - Financial Score:	
Bidder 1:	$75 + 75 + 50 + 50 + 0 + 22.22 =$ Total Financial Score of 272.22 points out of a possible 300 points
Bidder 2:	$71.43 + 67.67 + 50 + 48.39 + 23.33 + 25 =$ Total Financial Score of 284.82 points out of a possible 300 points
Bidder 3:	$66.67 + 66.67 + 46.15 + 0 + 25 + 25 =$ Total Financial Score of 229.49 points out of a possible 300 points

(d) **Financial Evaluation - Method B:** The following financial evaluation method will be used if less than three bids are determined responsive:

(i) **STEP 1 - AVERAGE COMPARISON:** If up to two contracts may be awarded as a result of this bid solicitation, the following Step 1 will be part of the evaluation where there exist only two bids that are determined to be otherwise responsive. If there is only one bid, this step will not occur.

For each bid, the rates provided per Resource Category will be added together, and that total will be divided by the total number of Resource Categories, resulting in a Total Average Rate for each period. Once all the Total Average Rates are determined, Canada will determine the percentage difference between the two bids Total Average Rates (the Delta Percentage) for each given period using the following formula: Subtract the lower Total Average Rate from the higher Total Average Rate, then divide the result by the lower Total Average Rate (see example below). In the event that a Delta Percentage is greater than 30% for any given period, the bid that contained the higher Total Average Rate that generated that Delta Percentage will be considered non-responsive.

TABLE 3 - EXAMPLE OF THE AVERAGE COMPARISON IN METHOD B:				
STEP 1				
Resource Category	Bidder 1		Bidder 2	
	Year 1	Year 2	Year 1	Year 2
Programmer	\$800.00	\$800.00	\$850.00	\$900.00
Business Analyst	\$1,000.00	\$1,000.00	\$1,400.00	\$1,650.00
Project Manager	\$1,200.00	\$1,200.00	\$1,300.00	\$1,650.00
Total	\$3,000.00	\$3,000.00	\$3,550.00	\$4,200.00
Total Average Rate (Total divided by 3 Resource Categories)	\$1,000.00	\$1,000.00	\$1,183.33	\$1,400.00
lower	\$1,000.00	\$1,000.00		
higher			\$1,183.33	\$1,400.00
higher minus lower divided by lower equals a Delta Percentage			18.3%	40%
In the above example, Bidder 2 would be considered non-responsive because its bid contained a higher Total Average Rate that generated a Delta Percentage greater than 30%.				

(ii) **STEP 2 - POINTS ALLOCATION:** For each period and each Resource Category points will be allocated as follows:

Solicitation Number:
01B68-170707

Amendment Number:
N/A

Buyer ID:
636EL

- (A) Points will be established based on the following calculation, with points rounded to two decimal places:

$$\frac{\text{Lowest proposed firm per diem rate}}{\text{Bidder's proposed firm per diem rate}} \times \text{Maximum Points Assigned at Table 4 below}$$

The Bidder with the lowest proposed firm per diem rate will be allocated the applicable maximum points assigned at Table 4 below.

TABLE 4 - MAXIMUM POINTS ASSIGNED					
RESOURCE CATEGORIES	INITIAL CONTRACT PERIOD	OPTION PERIOD 1	OPTION PERIOD 2	OPTION PERIOD 3	TOTAL POINTS
Programmer/Software Developer - Level 2	100	50	50	50	250
Technical Architect - Level 2	50	25	25	25	125
IM Architect - Level 2	50	25	25	25	125
Business Analyst – Level 2	25	12	12	12	61
Tester – Level 2	25	12	12	12	61
TOTAL	250	124	124	124	622

- (iii) **STEP 3 - FINANCIAL SCORE:** Points allocated under STEP 2, for each period and each Resource Category, will be added together and rounded to two decimal places to produce the Financial Score.

(e) Substantiation of Professional Services Rates

In Canada's experience, bidders will from time to time propose rates at the time of bidding for one or more categories of resources that they later refuse to honour, on the basis that these rates do not allow them to recover their own costs and/or make a profit. When evaluating the rates bid for professional services, Canada may, but will have no obligation to, require price support in accordance with this Article. If Canada requests price support, it will be requested from all otherwise responsive bidders who have proposed a rate that is at least 20% lower than the median rate bid by all responsive bidders for the relevant resource category or categories. If Canada requests price support, the Bidder must provide the following information:

- (i) an invoice (referencing a contract serial number or other unique contract identifier) that shows that the Bidder has provided and invoiced a customer (with whom the Bidder deals at arm's length) for services performed for that customer similar to the services that would be provided in the relevant resource category, where those services were provided for at least three months within the eighteen months before the date of this request for rate substantiation, and the fees charged were equal to or less than the rate offered to Canada;
- (ii) in relation to the invoice in (i), evidence from the Bidder's customer that the services identified in the invoice include at least 50% of the tasks listed in the Statement of Work for the category of resource being assessed for an unreasonably low rate. This evidence must consist of either a copy of the contract (which must describe the services to be provided and demonstrate that at least 50% of the tasks to be performed are the same as those to be performed under the Statement of Work in this bid solicitation) or the customer's signed certification that the services subject to the charges in the invoice included at least 50% of the same tasks to be performed under the Statement of Work in this bid solicitation; and
- (iii) in respect of each contract for which an invoice is submitted as substantiation, a résumé for the resource that provided the services under that contract that demonstrates that, in relation to the resource category for which the rates are being substantiated, the resource

would meet the mandatory requirements and achieve any required pass mark for any rated criteria; and

- (iv) the name, telephone number and, if available, e-mail address of a contact person at the customer who received each invoice submitted under (i), so that Canada may verify any information provided by the Bidder.

Once Canada requests substantiation of the rates bid for any resource category, it is the sole responsibility of the Bidder to submit information (as described above and as otherwise may be requested by Canada, including information that would allow Canada to verify information with the resource proposed) that will allow Canada to determine whether it can rely, with confidence, on the Bidder's ability to provide the required services at the rates bid. If Canada determines that the information provided by the Bidder does not adequately substantiate the unreasonably low rates, the bid will be declared non-responsive.

(f) **Formulae in Pricing Tables**

If the pricing tables provided to bidders include any formulae, Canada may re-input the prices provided by bidders into a fresh table, if Canada believes that the formulae may no longer be functioning properly in the version submitted by a bidder.

4.4 Basis of Selection

(a) **Evaluation of Bid**

Selection Process: The following selection process will be conducted:

- (i) A bid must comply with the requirements of the bid solicitation, meet all mandatory evaluation criteria and obtain the required pass marks for the point rated criteria identified in this bid solicitation to be declared responsive.
- (ii) The responsive bid that obtains the highest Total Bidder Score will be recommended for award of a contract. For any given Bidder, the greatest possible Total Technical Score is 70 while the greatest possible Total Financial Score is 30.
- (A) Calculation of Total Technical Score: the Total Technical Score will be computed for each responsive bid by converting the Technical Score obtained for the point-rated technical criteria using the following formula, rounded to two decimal places:
- $$\frac{\text{Technical Score}}{\text{Maximum Technical Points (Bidders, please refer to the maximum technical points at Attachment 4.1)}} \times 70 = \text{Total Technical Score}$$
- (B) Calculation of Total Financial Score: the Total Financial Score will be computed for each responsive bid by converting the Financial Score obtained for the financial evaluation using the following formula rounded to two decimal places:
- $$\frac{\text{Financial Score}}{\text{Total Maximum Points Assigned (Bidders, please refer to the total maximum points assigned)}} \times 30 = \text{Total Financial Score}$$
- (C) Calculation of the Total Bidder Score: the Total Bidder Score will be computed for each responsive bid in accordance with the following formula:
- $$\text{Total Technical Score} + \text{Total Financial Score} = \text{Total Bidder Score}$$
- (iii) In the event of identical Total Bidder Scores occurring, then the bid with the highest Total Technical Score will become the top-ranked bidder.

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue, whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the bid non-responsive.

(a) Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "[FCP Limited Eligibility to Bid](http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml)" list (http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml) available from Employment and Social Development Canada (ESDC) - Labour's website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "[FCP Limited Eligibility to Bid](http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml)" list at the time of contract award.

Canada will also have the right to terminate the Contract for default if a Contractor, or any member of the Contractor if the Contractor is a Joint Venture, appears on the "[FCP Limited Eligibility to Bid](http://www.labour.gc.ca/eng/standards_equity/eq/emp/fcp/list/inelig.shtml)" list during the period of the Contract.

The Bidder must provide the Contracting Authority with a completed Attachment 5.1, Federal Contractors Program for Employment Equity - Certification, before contract award. If the Bidder is a Joint Venture, the Bidder must provide the Contracting Authority with a completed Attachment Federal Contractors Program for Employment Equity - Certification, for each member of the Joint Venture.

5.2 Additional Certifications Precedent to Contract Award

(a) Professional Services Resources

- (i) By submitting a bid, the Bidder certifies that, if it is awarded a contract as a result of the bid solicitation, every individual proposed in its bid will be available to perform the Work as required by Canada's representatives and at the time specified in the bid solicitation or agreed to with Canada's representatives.

- (ii) By submitting a bid, the Bidder certifies that all the information provided in the supporting material submitted with its bid, particularly the information pertaining to education, achievements, experience and work history, has been verified by the Bidder to be true and accurate. Furthermore, the Bidder warrants that every individual proposed by the Bidder for the requirement is capable of performing the Work described in the resulting contract.
- (iii) If a Bidder has proposed any individual who is not an employee of the Bidder, by submitting a bid, the Bidder certifies that it has the permission from that individual to propose his/her services in relation to the Work to be performed. The Bidder must, upon request from the Contracting Authority, provide a written confirmation, signed by the individual, of the permission given to the Bidder and of his/her availability. Failure to comply with the request may result in the bid being declared non-responsive.

(b) Certification of Language - English Essential

By submitting a bid, the Bidder certifies that, should it be awarded a contract as result of the bid solicitation, every individual proposed in its bid will be in English. The individual(s) proposed must be able to communicate orally and in writing in English without any assistance and with minimal errors.

(c) Submission of Only One Bid

By submitting a bid, the Bidder is certifying that it does not consider itself to be related to any other bidder.

PART 6 - SECURITY, FINANCIAL AND OTHER REQUIREMENTS

6.1 Security Requirement

- (a) Before award of a contract, the following conditions must be met:
 - (i) the Bidder must hold a valid organization security clearance as indicated in Part 7 - Resulting Contract Clauses;
 - (ii) the Bidder's proposed individuals requiring access to classified or protected information, assets or sensitive work site(s) must meet the security requirements as indicated in Part 7 - Resulting Contract Clauses.
- (b) Bidders are reminded to obtain the required security clearance promptly. Any delay in the award of a contract to allow the successful Bidder to obtain the required clearance will be at the entire discretion of the Contracting Authority.
- (c) For additional information on security requirements, Bidders should refer to the Industrial Security Program (ISP) of Public Works and Government Services Canada (<http://ssi-iss.tpsgc-pwgsc.gc.ca/index-eng.html>) website.
- (d) In the case of a joint venture bidder, each member of the joint venture must meet the security requirements.

6.2 Financial Capability

- (a) SACC Manual clause A9033T (2012-07-16) Financial Capability applies, except that subsection 3 is deleted and replaced with the following: "If the Bidder is a subsidiary of another company, then any financial information required by the Contracting Authority in 1(a) to (f) must be provided by each level of parent company, up to and including the ultimate parent company. The financial information of a parent company does not satisfy the requirement for the provision of the financial information of the Bidder; however, if the Bidder is a subsidiary of a company and, in the normal course of business, the required financial information is not generated separately for the subsidiary, the financial information of the parent company must be provided. If Canada determines that the Bidder is not financially capable but the parent company is, or if Canada is unable to perform a separate assessment of the Bidder's financial capability because its financial information has been combined with its parent's, Canada may, in its sole discretion, award the contract to the Bidder on the condition that the parent company grant a performance guarantee to Canada."
- (b) In the case of a joint venture bidder, each member of the joint venture must meet the financial capability requirements.

PART 7 - RESULTING CONTRACT CLAUSES

The following clauses apply to and form part of any contract resulting from the bid solicitation.

7.1 Requirement

- (a) _____ (the "**Contractor**") agrees to supply to the Client the services described in the Contract, including the Statement of Work, in accordance with, and at the prices set out in, the Contract. This includes providing professional services as and when requested by Canada, to one or more locations to be designated by Canada, excluding any locations in areas subject to any of the Comprehensive Land Claims Agreements.
- (b) **Client:** Under the Contract, the "**Client**" is Agriculture and Agri-food Canada (AAFC).
- (c) **Reorganization of Client:** The Contractor's obligation to perform the Work will not be affected by (and no additional fees will be payable as a result of) the renaming, reorganization, reconfiguration, or restructuring of any Client. The reorganization, reconfiguration and restructuring of the Client includes the privatization of the Client, its merger with another entity, or its dissolution, where that dissolution is followed by the creation of another entity or entities with mandates similar to the original Client. In connection with any form of reorganization, Canada may designate another department or government body as the Contracting Authority or Project Authority, as required to reflect the new roles and responsibilities associated with the reorganization.
- (d) **Defined Terms:** Words and expressions defined in the General Conditions or Supplemental General Conditions and used in the Contract have the meanings given to them in the General Conditions or Supplemental General Conditions. Any reference to an Identified User in the Supply Arrangement is a reference to the Client. Also, any reference to a "deliverable" or "deliverables" includes all documentation outlined in this Contract. A reference to a "local office" of the Contractor means an office having at least one full time employee that is not a shared resource working at that location.

7.2 Task Authorization

- (a) **As-and-when-requested Task Authorizations:** The Work or a portion of the Work to be performed under the Contract will be on an "as-and-when-requested basis" using a Task Authorization (TA). The Work described in the TA must be in accordance with the scope of the Contract. The Contractor must not commence work until a validly issued TA has been issued by Canada and received by the Contractor. The Contractor acknowledges that any work performed before such issuance and receipt will be done at the Contractor's own risk.
- (b) **Assessment of Resources Proposed at TA Stage:** Processes for issuing, responding to and assessing Task Authorizations are further detailed in Appendices A, B C and D of Annex A.
- (c) **Form and Content of draft Task Authorization:**
 - (i) The Project Authority will provide the Contractor with a description of the task in a draft Task Authorization using the form specified in Annex A.
 - (ii) The draft Task Authorization will contain the details of the activities to be performed, and must also contain the following information:
 - (A) the task number;
 - (B) The date by which the Contractor's response must be received (which will appear in the draft Task Authorization, but not the issued Task Authorization);
 - (C) the details of any financial coding to be used;
 - (D) the categories of resources and the number required;

- (E) a description of the work for the task outlining the activities to be performed and identifying any deliverables (such as reports);
 - (F) the start and completion dates;
 - (G) milestone dates for deliverables and payments (if applicable);
 - (H) the number of person-days of effort required;
 - (I) whether the work requires on-site activities and the location;
 - (J) the language profile of the resources required;
 - (K) the level of security clearance required of resources;
 - (L) the price payable to the Contractor for performing the task, with an indication of whether it is a firm price or a maximum TA price (and, for maximum price task authorizations, the TA must indicate how the final amount payable will be determined; where the TA does not indicate how the final amount payable will be determined, the amount payable is the amount, up to the maximum, that the Contractor demonstrates was actually worked on the project, by submitting time sheets filled in at the time of the work by the individual resources to support the charges); and
 - (M) any other constraints that might affect the completion of the task.
- (d) **Contractor's Response to Draft Task Authorization:** The Contractor must provide to the Project Authority, within 5 working days of receiving the draft Task Authorization (or within any longer time period specified in the draft TA), the proposed total price for performing the task and a breakdown of that cost, established in accordance with the Basis of Payment specified in the Contract. The Contractor's quotation must be based on the rates set out in the Contract. The Contractor will not be paid for preparing or providing its response or for providing other information required to prepare and validly issue the TA.
- (e) **Task Authorization Limit and Authorities for Validly Issuing Task Authorizations:**
To be validly issued, a TA must include the following signatures:
- (i) for any TA, inclusive of revisions, with a value less than or equal to \$300,000.00 (excluding Applicable Taxes), the TA must be signed by:
 - (A) the Project Authority;
 - (ii) for any TA with a value greater than this amount, a TA must be signed by:
 - (A) the Project Authority; and
 - (B) The Contracting Authority.
- Any TA that does not bear the appropriate signature(s) is not validly issued by Canada. Any work performed by the Contractor without receiving a validly issued TA is done at the Contractor's own risk. If the Contractor receives a TA that is not appropriately signed, the Contractor must notify the Contracting Authority. By providing written notice to the Contractor, the Contracting Authority may suspend the Client's ability to issue TA's at any time, or reduce the dollar value threshold described in sub-article (i) above; any suspension or reduction notice is effective upon receipt.
- (f) **Periodic Usage Reports:**
- (i) The Contractor must compile and maintain records on its provision of services to the federal government under Task Authorizations validly issued under the Contract. The Contractor must provide this data to Canada in accordance with the reporting requirements detailed below. If some data is not available, the reason must be indicated. If services are not provided during a given period, the Contractor must still provide a

"NIL" report. The data must be submitted on a quarterly basis to the Contracting Authority. From time to time, the Contracting Authority may also require an interim report during a reporting period.

(ii) The quarterly periods are defined as follows:

- (A) 1st quarter: April 1 to June 30;
- (B) 2nd quarter: July 1 to September 30;
- (C) 3rd quarter: October 1 to December 31; and
- (D) 4th quarter: January 1 to March 31.

The data must be submitted to the Contracting Authority no later than 15 calendar days after the end of the reporting period.

(iii) Each report must contain the following information for each validly issued TA (as amended):

- (A) the Task Authorization number and the Task Authorization Revision number(s), if applicable;
- (B) a title or a brief description of each authorized task;
- (C) the name, Resource category and level of each resource involved in performing the TA, as applicable;
- (D) the total estimated cost specified in the validly issued TA of each task, exclusive of Applicable Taxes;
- (E) the total amount, exclusive of Applicable Taxes, expended to date against each authorized task;
- (F) the start and completion date for each authorized task; and
- (G) the active status of each authorized task, as applicable (e.g., indicate whether work is in progress or if Canada has cancelled or suspended the TA, etc.).

(iv) Each report must also contain the following cumulative information for all the validly issued TA's (as amended):

- (A) the amount, exclusive of Applicable Taxes, specified in the Contract (as last amended, as applicable) as Canada's total liability to the Contractor for all validly issued TA's; and
- (B) the total amount, exclusive of Applicable Taxes, expended to date against all validly issued TA's.

(g) **Consolidation of TA's for Administrative Purposes:** The Contract may be amended from time to time to reflect all validly issued Task Authorizations to date, to document the Work performed under those TA's for administrative purposes.

7.3 Minimum Work Guarantee

(i) **"Maximum Contract Value"** means the amount specified in the **"Limitation of Expenditure"** clause set out in the Contract (excluding Applicable Taxes); and

(ii) **"Minimum Contract Value"** means \$20,000.00.

(a) Canada's obligation under the Contract is to request Work in the amount of the Minimum Contract Value or, at Canada's option, to pay the Contractor at the end of the Contract in accordance with sub-article (c), subject to sub-article (d). In consideration of such obligation, the Contractor agrees to stand in readiness throughout the Contract Period to perform the Work described in the Contract. Canada's maximum liability for work performed under the Contract must not exceed the Maximum Contract Value, unless an increase is authorized in writing by the Contracting Authority.

- (b) In the event that Canada does not request work in the amount of the Minimum Contract Value during the Contract Period, Canada must pay the Contractor the difference between the Minimum Contract Value and the total cost of the Work requested.
- (c) Canada will have no obligation to the Contractor under this article if Canada terminates the entire Contract
 - (i) for default;
 - (ii) for convenience as a result of any decision or recommendation of a tribunal or court that the contract be cancelled, re-tendered or awarded to another supplier; or
 - (iii) for convenience within ten business days of Contract award.

7.4 Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

(a) **General Conditions:**

- (i) 2035 (2016-04-04), General Conditions - Higher Complexity - Services, apply to and form part of the Contract.

With respect to Section 30 - Termination for Convenience, of General Conditions 2035, Subsection 04 is deleted and replaced with the following Subsections 04, 05 and 06:

- 4. The total of the amounts, to which the Contractor is entitled to be paid under this section, together with any amounts paid, due or becoming due to the Contractor must not exceed the Contract Price.
- 5. Where the Contracting Authority terminates the entire Contract and the Articles of Agreement include a Minimum Work Guarantee, the total amount to be paid to the Contractor under the Contract will not exceed the greater of:
 - (a) the total amount the Contractor may be paid under this section, together with any amounts paid, becoming due other than payable under the Minimum Revenue Guarantee, or due to the Contractor as of the date of termination, or
 - (b) the amount payable under the Minimum Work Guarantee, less any amounts paid, due or otherwise becoming due to the Contractor as of the date of termination.
- 6. The Contractor will have no claim for damages, compensation, loss of profit, allowance arising out of any termination notice given by Canada under this section except to the extent that this section expressly provides. The Contractor agrees to repay immediately to Canada the portion of any advance payment that is unliquidated at the date of the termination.

(b) **Supplemental General Conditions:**

The following Supplemental General Conditions:

- (i) 4002 (2010-08-16), Supplemental General Conditions - Software Development or Modification Services;
- (ii) 4006 (2010-08-16), Supplemental General Conditions - Contractor to Own Intellectual Property Rights in Foreground Information;

apply to and form part of the Contract.

7.5 Security Requirement

The following security requirements (SRCL #19 and related clauses provided by ISP) as set out under Annex "B" to the Supply Arrangement, applies to and forms part of the Contract.

SECURITY REQUIREMENT FOR CANADIAN SUPPLIER: PWGSC FILE COMMON-PS-SRCL#19

- (a) The Contractor must, at all times during the performance of the Contract, hold a valid Facility Security Clearance at the level of SECRET, issued by the Canadian Industrial Security Directorate (CISD), Public Works and Government Services Canada (PWGSC).
- (b) The Contractor personnel requiring access to PROTECTED/CLASSIFIED information, assets or sensitive work site(s) must EACH hold a valid personnel security screening at the level of RELIABILITY STATUS, CONFIDENTIAL or SECRET as required, granted or approved by CISD/PWGSC.
- (c) The Contractor MUST NOT remove any PROTECTED/CLASSIFIED information from the identified work site(s), and the Contractor must ensure that its personnel are made aware of and comply with this restriction.
- (d) Subcontracts which contain security requirements are NOT to be awarded without the prior written permission of CISD/PWGSC.
- (e) The Contractor must comply with the provisions of the:
 - (i) Security Requirements Check List and security guide (if applicable), attached at Annex C;
 - (ii) Industrial Security Manual (Latest Edition).

7.6 Contract Period

- (a) **Contract Period:** The "Contract Period" is the entire period of time during which the Contractor is obliged to perform the Work, which includes:
 - (iii) The "**Initial Contract Period**", which begins on the date the Contract is awarded and ends March 31, 2018; and
 - (iv) The period during which the Contract is extended, if Canada chooses to exercise any options set out in the Contract.
- (b) **Option to Extend the Contract:**
 - (i) The Contractor grants to Canada the irrevocable option to extend the term of the Contract by up to 3 additional 1-year periods under the same terms and conditions. The Contractor agrees that, during the extended period of the Contract, it will be paid in accordance with the applicable provisions set out in the Basis of Payment.
 - (ii) Canada may exercise this option at any time by sending a written notice to the Contractor before the expiry date of the Contract. The option may only be exercised by the Contracting Authority, and will be evidenced, for administrative purposes only, through a contract amendment.

7.7 Authorities

(a) Contracting Authority

The Contracting Authority for the Contract is:

Name: Ashton Doyle
Title: Supply Officer
Public Works and Government Services Canada
Acquisitions Branch
Directorate: Space, Innovation, and Informatics Projects Directorate
Address: 11 Laurier Street, Gatineau, Québec K1A 0S5
Telephone: 873-469-4679
E-mail address: Ashton.doyle@tpsgc-pwgsc.gc.ca

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

(b) Project Authority (To be determined at Contract Award)

The Project Authority for the Contract is:

Name: _____
Title: _____
Organization: _____
Address: _____
Telephone: _____
Facsimile: _____
E-mail address: _____

The Project Authority [is the representative of the department or agency for whom the Work is being carried out under the Contract and] is responsible for all matters concerning the technical content of the Work under the Contract. Technical matters may be discussed with the Project Authority; however, the Project Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of the Work can only be made through a contract amendment issued by the Contracting Authority.

(c) Contractor's Representative

(To be determined at Contract Award)

7.8 Proactive Disclosure of Contracts with Former Public Servants

By providing information on its status, with respect to being a former public servant in receipt of a Public Service Superannuation Act (PSSA) pension, the Contractor has agreed that this information will be reported on departmental web sites as part of the published proactive disclosure reports, in accordance with Contracting Policy Notice: 2012-2 of the Treasury Board Secretariat of Canada.

7.9 Payment

(a) Basis of Payment

- (i) Professional Services provided under a Task Authorization with a Maximum Price:** For professional services requested by Canada, in accordance with a validly issued Task Authorization, Canada will pay the Contractor, in arrears, up to the Maximum Price for the TA, for actual time worked and any resulting deliverables in accordance with the firm all-inclusive per diem rates set out in Annex B, Basis of Payment, Applicable Taxes extra. Partial days will be prorated based on actual hours worked based on a 7.5-hour workday.
- (ii) Competitive Award:** The Contractor acknowledges that the Contract has been awarded as a result of a competitive process. No additional charges will be allowed to compensate for errors, oversights, misconceptions or underestimates made by the Contractor when bidding for the Contract.
- (iii) Professional Services Rates:** In Canada's experience, bidders from time to time propose rates at the time of bidding for one or more Resource Categories that they later refuse to honour, on the basis that these rates do not allow them to recover their own costs and/or make a profit. This denies Canada of the benefit of the awarded contract. If the Contractor does not respond or refuses to provide an individual with the qualifications described in the Contract within the time described in the Contract (or proposes instead to provide someone from an alternate category at a different rate), whether or not Canada terminates the Contract as a whole or in part or chooses to exercise any of the rights provided to it under the general conditions, Canada may impose sanctions or take other measures in accordance with the PWGSC Vendor Performance Corrective

Measure Policy (or equivalent) then in effect, which measures may include an assessment that results in conditions applied against the Contractor to be fulfilled before doing further business with Canada, or full debarment of the Contractor from bidding on future requirements.

(b) **Limitation of Expenditure – Cumulative Total of all Task Authorizations**

- (i) Canada's total liability to the Contractor under the Contract for all validly issued Task Authorizations (TAs), inclusive of any revisions, must not exceed the amount set out on page 1 of the Contract, less any Applicable taxes. With respect to the amount set out on page 1 of the Contract, Customs duties are included and Applicable Taxes are included
- (ii) No increase in the total liability of Canada will be authorized or paid to the Contractor unless an increase has been approved, in writing, by the Contracting Authority.
- (iii) The Contractor must notify the Contracting Authority in writing as to the adequacy of this sum:
 - (A) when it is 75 percent committed, or
 - (B) 4 months before the contract expiry date, or
 - (C) As soon as the Contractor considers that the sum is inadequate for the completion of the Work required in all authorized TAs, inclusive of any revisions, whichever comes first.
- (i) If the notification is for inadequate contract funds, the Contractor must provide to the Contracting Authority a written estimate for the additional funds required. Providing this information does not increase Canada's liability.

(c) **Method of Payment for Task Authorizations with a Maximum Price:** For each Task Authorization validly issued under the Contract that contains a maximum price:

- (i) Canada will pay the Contractor no more frequently than once a month in accordance with the Basis of Payment. The Contractor must submit time sheets for each resource showing the days and hours worked to support the charges claimed in the invoice.
- (ii) Once Canada has paid the maximum TA price, Canada will not be required to make any further payment, but the Contractor must complete all the work described in the TA, all of which is required to be performed for the maximum TA price. If the work described in the TA is completed in less time than anticipated, and the actual time worked (as supported by the time sheets) at the rates set out in the Contract is less than the maximum TA price, Canada is only required to pay for the time spent performing the work related to that TA.

(d) **Time Verification**

Time charged and the accuracy of the Contractor's time recording system are subject to verification by Canada, before or after payment is made to the Contractor. If verification is done after payment, the Contractor must repay any overpayment, at Canada's request.

(e) **Payment Credits**

- (i) **Failure to Provide Resource:**
 - (A) If the Contractor does not provide a required professional services resource that has all the required qualifications within the time prescribed by the Contract, the Contractor must credit to Canada an amount equal to the per diem rate (based on a 7.5-hour workday) of the required resource for each day (or partial day) of delay in providing the resource, up to a maximum of 10 days.
 - (B) **Corrective Measures:** If credits are payable under this Article for two consecutive months or for three months in any 12-month period, the Contractor

must submit a written action plan describing measures it will implement or actions it will undertake to eliminate the recurrence of the problem. The Contractor will have five working days to deliver the action plan to the Client and the Contracting Authority and 20 working days to rectify the underlying problem.

- (C) **Termination for Failure to Meet Availability Level:** In addition to any other rights it has under the Contract, Canada may terminate the Contract for default in accordance with the General Conditions by giving the Contractor three months' written notice of its intent, if any of the following apply:

- (1) the total amount of credits for a given monthly billing cycle reach a level of 10% of the total billing for that month; or
- (2) the corrective measures required of the Contractor described above are not met.

This termination will be effective when the three month notice period expires, unless Canada determines that the Contractor has implemented the corrective measures to Canada's satisfaction during those three months.

- (ii) **Credits Apply during Entire Contract Period:** The Parties agree that the credits apply throughout the Contract Period.
 - (iii) **Credits represent Liquidated Damages:** The Parties agree that the credits are liquidated damages and represent their best pre-estimate of the loss to Canada in the event of the applicable failure. No credit is intended to be, nor will it be construed as, a penalty.
 - (iv) **Canada's Right to Obtain Payment:** The Parties agree that these credits are a liquidated debt. To collect the credits, Canada has the right to hold back, draw back, deduct or set off from and against any money Canada owes to the Contractor from time to time.
 - (v) **Canada's Rights & Remedies not Limited:** The Parties agree that nothing in this Article limits any other rights or remedies to which Canada is entitled under the Contract (including the right to terminate the Contract for default) or under the law generally.
 - (vi) **Audit Rights:** The Contractor's calculation of credits under the Contract is subject to verification by government audit, at the Contracting Authority's discretion, before or after payment is made to the Contractor. The Contractor must cooperate fully with Canada during the conduct of any audit by providing Canada with access to any records and systems that Canada considers necessary to ensure that all credits have been accurately credited to Canada in the Contractor's invoices. If an audit demonstrates that past invoices contained errors in the calculation of the credits, the Contractor must pay to Canada the amount the audit reveals was required to be credited to Canada, plus interest, from the date Canada remitted the excess payment until the date of the refund (the interest rate is the Bank of Canada's discount annual rate of interest in effect on the date the credit was first owed to Canada, plus 1.25% per year). If, as a result of conducting an audit, Canada determines that the Contractor's records or systems for identifying, calculating or recording the credits are inadequate, the Contractor must implement any additional measures required by the Contracting Authority.
- (f) **No Responsibility to Pay for Work not performed due to Closure of Government Offices**
- (i) Where the Contractor, its employees, subcontractors, or agents are providing services on government premises under the Contract and those premises are inaccessible because of the evacuation or closure of government offices, and as a result no work is performed, Canada is not responsible for paying the Contractor for work that otherwise would have been performed if there had been no evacuation or closure.

- (ii) If, as a result of any strike or lock-out, the Contractor or its employees, subcontractors or agents cannot obtain access to government premises and, as a result, no work is performed, Canada is not responsible for paying the Contractor for work that otherwise would have been performed if the Contractor had been able to gain access to the premises

7.10 Invoicing Instructions

- (a) The Contractor must submit invoices in accordance with the information required in the General Conditions.
- (b) The Contractor's invoice must include a separate line item for each subparagraph in the Basis of Payment provision, and must show all applicable Task Authorization numbers.
- (c) By submitting invoices, the Contractor is certifying that the goods and services have been delivered and that all charges are in accordance with the Basis of Payment provision of the Contract, including any charges for work performed by subcontractors.
- (d) The Contractor must provide the original and two copies of each invoice to the Project Authority, and a copy to the Contracting Authority.

7.11 Certifications

- (a) The continuous compliance with the certifications provided by the Contractor in its bid, any TA quotation and the ongoing cooperation in providing additional information are conditions of the Contract. Certifications are subject to verification by Canada during the entire Contract Period. If the Contractor does not comply with any certification, or fails to provide the additional information, or if it is determined that any certification made by the Contractor in its bid is untrue, whether made knowingly or unknowingly, Canada has the right, pursuant to the default provision of the Contract, to terminate the Contract for default.

7.12 Federal Contractors Program for Employment Equity - Default by Contractor

The Contractor understands and agrees that, when an Agreement to Implement Employment Equity (AIEE) exists between the Contractor and Employment and Social Development Canada (ESDC)-Labour, the AIEE must remain valid during the entire period of the Contract. If the AIEE becomes invalid, the name of the Contractor will be added to the "[FCP Limited Eligibility to Bid](#)" list. The imposition of such a sanction by ESDC will constitute the Contractor in default as per the terms of the Contract.

7.13 Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

7.14 Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the following list, the wording of the document that first appears on the list has priority over the wording of any document that appears later on the list:

- (a) these Articles of Agreement, including any individual SACC clauses incorporated by reference in these Articles of Agreement;
- (b) Supplemental General Conditions, in the following order:
 - (i) 4002 (2010-08-16), Supplemental General Conditions - Software Development or Modification Services;
 - (ii) 4006 (2010-08-16), Supplemental General Conditions - Contractor to Own Intellectual Property Rights in Foreground Information;
- (c) General Conditions 2035 (2016-04-04), Higher Complexity - Services;

- (d) Annex A, Statement of Work - Annex A including its Appendices as follows;
 - (i) Appendix A to Annex A - Tasking Assessment Procedure;
 - (ii) Appendix B to Annex A - Task Authorization (TA) Form;
 - (iii) Appendix C to Annex A - Resource Assessment Criteria and Response Table;
 - (iv) Appendix D to Annex A - Certifications at the TA stage;
- (e) Annex B, Basis of Payment;
- (f) Annex C, Security Requirements Check List;
- (g) the validly issued Task Authorizations and any required certifications (including all of their annexes, if any); and
- (h) the Contractor's bid dated _____ (insert date of bid) (if the bid was clarified or amended, insert the time of contract award), as clarified on _____ "or" as amended _____ (insert date(s) of clarification(s) or amendment(s) if applicable.)

7.15 Foreign Nationals (Canadian Contractor)

- (a) SACC Manual clause A2000C (2006-06-16) Foreign Nationals (Canadian Contractor)

Note to Bidders: Either this clause or the one that follows, whichever applies (based on whether the successful Bidder is a Canadian Contractor or Foreign Contractor), will be included in any resulting contract.

7.16 Foreign Nationals (Foreign Contractor)

- (a) SACC Manual clause A2001C (2006-06-16) Foreign Nationals (Foreign Contractor)

7.17 Insurance Requirements

(a) Compliance with Insurance Requirements

- (i) The Contractor must comply with the insurance requirements specified in this Article. The Contractor must maintain the required insurance coverage for the duration of the Contract. Compliance with the insurance requirements does not release the Contractor from or reduce its liability under the Contract.
- (ii) The Contractor is responsible for deciding if additional insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. Any additional insurance coverage is at the Contractor's expense, and for its own benefit and protection.
- (iii) The Contractor should forward to the Contracting Authority within ten (10) days after the date of award of the Contract a Certificate of Insurance evidencing the insurance coverage. Coverage must be placed with an Insurer licensed to carry out business in Canada and the Certificate of Insurance must confirm that the insurance policy complying with the requirements is in force. If the Certificate of Insurance has not been completed and submitted as requested, the Contracting Authority will so inform the Contractor and provide the Contractor with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within the time period will constitute a default under the General Conditions. The Contractor must, if requested by the Contracting Authority, forward to Canada a certified true copy of all applicable insurance policies.

(b) Commercial General Liability Insurance

- (i) The Contractor must obtain Commercial General Liability Insurance, and maintain it in force throughout the duration of the Contract, in an amount usual for a contract of this

nature, but for not less than \$2,000,000 per accident or occurrence and in the annual aggregate.

- (ii) The Commercial General Liability policy must include the following:
- (A) Additional Insured: Canada is added as an additional insured, but only with respect to liability arising out of the Contractor's performance of the Contract. The interest of Canada should read as follows: Canada, as represented by Public Works and Government Services Canada.
 - (B) Bodily Injury and Property Damage to third parties arising out of the operations of the Contractor.
 - (C) Products and Completed Operations: Coverage for bodily injury or property damage arising out of goods or products manufactured, sold, handled, or distributed by the Contractor and/or arising out of operations that have been completed by the Contractor.
 - (D) Personal Injury: While not limited to, the coverage must include Violation of Privacy, Libel and Slander, False Arrest, Detention or Imprisonment and Defamation of Character.
 - (E) Cross Liability/Separation of Insureds: Without increasing the limit of liability, the policy must protect all insured parties to the full extent of coverage provided. Further, the policy must apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.
 - (F) Blanket Contractual Liability: The policy must, on a blanket basis or by specific reference to the Contract, extend to assumed liabilities with respect to contractual provisions.
 - (G) Employees and, if applicable, Volunteers must be included as Additional Insured.
 - (H) Employers' Liability (or confirmation that all employees are covered by Worker's compensation (WSIB) or similar program)
 - (I) Broad Form Property Damage including Completed Operations: Expands the Property Damage coverage to include certain losses that would otherwise be excluded by the standard care, custody or control exclusion found in a standard policy.
 - (J) Notice of Cancellation: The Insurer will endeavour to provide the Contracting Authority thirty (30) days written notice of policy cancellation.
 - (K) If the policy is written on a claims-made basis, coverage must be in place for a period of at least 12 months after the completion or termination of the Contract.
 - (L) Owners' or Contractors' Protective Liability: Covers the damages that the Contractor becomes legally obligated to pay arising out of the operations of a subcontractor.
 - (M) Advertising Injury: While not limited to, the endorsement must include coverage for piracy or misappropriation of ideas, or infringement of copyright, trademark, title or slogan.

(c) **Errors and Omissions Liability Insurance**

- (i) The Contractor must obtain Errors and Omissions Liability (a.k.a. Professional Liability) insurance, and maintain it in force throughout the duration of the Contract, in an amount usual for a contract of this nature but for not less than \$1,000,000 per loss and in the annual aggregate, inclusive of defence costs.

- (ii) If the Professional Liability insurance is written on a claims-made basis, coverage must be in place for a period of at least 12 months after the completion or termination of the Contract.
- (iii) The following endorsement must be included:

Notice of Cancellation: The Insurer will endeavour to provide the Contracting Authority thirty (30) days written notice of cancellation.

7.18 Limitation of Liability - Information Management/Information Technology

- (a) This section applies despite any other provision of the Contract and replaces the section of the general conditions entitled "Liability". Any reference in this section to damages caused by the Contractor also includes damages caused by its employees, as well as its subcontractors, agents, and representatives, and any of their employees. This section applies regardless of whether the claim is based in contract, tort, or another cause of action. The Contractor is not liable to Canada with respect to the performance of or failure to perform the Contract, except as described in this section and in any section of the Contract pre-establishing any liquidated damages. The Contractor is only liable for indirect, special or consequential damages to the extent described in this Article, even if it has been made aware of the potential for those damages.
- (b) **First Party Liability:**
 - (i) The Contractor is fully liable for all damages to Canada, including indirect, special or consequential damages, caused by the Contractor's performance or failure to perform the Contract that relate to:
 - (A) any infringement of intellectual property rights to the extent the Contractor breaches the section of the General Conditions entitled "Intellectual Property Infringement and Royalties";
 - (B) physical injury, including death.
 - (ii) The Contractor is liable for all direct damages caused by the Contractor's performance or failure to perform the Contract affecting real or tangible personal property owned, possessed, or occupied by Canada.
 - (iii) Each of the Parties is liable for all direct damages resulting from any breach of confidentiality under the Contract. Each of the Parties is also liable for all indirect, special or consequential damages in respect of any unauthorized disclosure of the other Party's trade secrets (or trade secrets of a third party provided by one Party to another under the Contract) relating to information technology.
 - (iv) The Contractor is liable for all direct damages relating to any encumbrance or claim relating to any portion of the Work for which Canada has made any payment. This does not apply to encumbrances or claims relating to intellectual property rights, which are addressed under (i)(A) above.
 - (v) The Contractor is also liable for any other direct damages to Canada caused by the Contractor's performance or failure to perform the Contract that relate to:
 - (A) any breach of the warranty obligations under the Contract, up to the total amount paid by Canada (including any applicable taxes) for the goods and services affected by the breach of warranty; and
 - (B) Any other direct damages, including all identifiable direct costs to Canada associated with re-procuring the Work from another party if the Contract is terminated either in whole or in part for default, up to an aggregate maximum for this subparagraph (B) of the greater of .75 times the total estimated cost (meaning the dollar amount shown on the first page of the Contract in the cell titled "Total Estimated Cost" or shown on each call-up, purchase order or other

document used to order goods or services under this instrument), or \$1,000,000.00.

In any case, the total liability of the Contractor under subparagraph (v) will not exceed the total estimated cost (as defined above) for the Contract or \$1,000,000.00, whichever is more.

- (vi) If Canada's records or data are harmed as a result of the Contractor's negligence or willful act, the Contractor's only liability is, at the Contractor's own expense, to restore Canada's records and data using the most recent back-up kept by Canada. Canada is responsible for maintaining an adequate back-up of its records and data.

(c) **Third Party Claims:**

- (i) Regardless of whether a third party makes its claim against Canada or the Contractor, each Party agrees that it is liable for any damages that it causes to any third party in connection with the Contract as set out in a settlement agreement or as finally determined by a court of competent jurisdiction, where the court determines that the Parties are jointly and severally liable or that one Party is solely and directly liable to the third party. The amount of the liability will be the amount set out in the settlement agreement or determined by the court to have been the Party's portion of the damages to the third party. No settlement agreement is binding on a Party unless its authorized representative has approved the agreement in writing.
- (ii) If Canada is required, as a result of joint and several liability or joint and solidarily liable, to pay a third party in respect of damages caused by the Contractor, the Contractor must reimburse Canada by the amount finally determined by a court of competent jurisdiction to be the Contractor's portion of the damages to the third party. However, despite Sub-article (i), with respect to special, indirect, and consequential damages of third parties covered by this Section, the Contractor is only liable for reimbursing Canada for the Contractor's portion of those damages that Canada is required by a court to pay to a third party as a result of joint and several liability that relate to the infringement of a third party's intellectual property rights; physical injury of a third party, including death; damages affecting a third party's real or tangible personal property; liens or encumbrances on any portion of the Work; or breach of confidentiality.
- (iii) The Parties are only liable to one another for damages to third parties to the extent described in this Sub-article (c).

7.19 Joint Venture Contractor

- (a) The Contractor confirms that the name of the joint venture is [REDACTED] and that it is comprised of the following members: *[list all the joint venture members named in the Contractor's original bid]*.
- (b) With respect to the relationship among the members of the joint venture Contractor, each member agrees, represents and warrants (as applicable) that:
 - (i) [REDACTED] has been appointed as the "representative member" of the joint venture Contractor and has fully authority to act as agent for each member regarding all matters relating to the Contract;
 - (ii) by giving notice to the representative member, Canada will be considered to have given notice to all the members of the joint venture Contractor; and
 - (iii) all payments made by Canada to the representative member will act as a release by all the members.
- (c) All the members agree that Canada may terminate the Contract in its discretion if there is a dispute among the members that, in Canada's opinion, affects the performance of the Work in any way.

- (d) All the members are jointly and severally or solidarily liable for the performance of the entire Contract.
- (e) The Contractor acknowledges that any change in the membership of the joint venture (i.e., a change in the number of members or the substitution of another legal entity for an existing member) constitutes an assignment and is subject to the assignment provisions of the General Conditions.
- (f) The Contractor acknowledges that all security and controlled goods requirements in the Contract, if any, apply to each member of the joint venture Contractor.

Note to Bidders: *This Article will be deleted if the Bidder awarded the contract is not a joint venture. If the contractor is a joint venture, this clause will be completed with information provided in its bid.*

7.20 Professional Services - General

- (a) The Contractor must provide professional services on request as specified in this Contract. All resources provided by the Contractor must meet the qualifications described in the Contract (including those relating to previous experience, professional designation, education, language proficiency and security clearance) and must be competent to provide the required services by any delivery dates described in the Contract.
- (b) If the Contractor fails to deliver any deliverable (excluding delivery of a specific individual) or complete any task described in the Contract on time, in addition to any other rights or remedies available to Canada under the Contract or the law, Canada may notify the Contractor of the deficiency, in which case the Contractor must submit a written plan to the Project Authority within ten working days detailing the actions that the Contractor will undertake to remedy the deficiency. The Contractor must prepare and implement the plan at its own expense.
- (c) In General Conditions 2035, the Article titled "Replacement of Specific Individuals" is deleted and the following applies instead:

Replacement of Specific Individuals

- (i) If the Contractor is unable to provide the services of any specific individual identified in the Contract to perform the services, the Contractor must within five working days of having this knowledge, the individual's departure or failure to commence Work (or, if Canada has requested the replacement, within ten working days of Canada's notice of the requirement for a replacement) provide to the Contracting Authority:
 - (A) the name, qualifications and experience of a proposed replacement immediately available for Work; and
 - (B) security information on the proposed replacement as specified by Canada, if applicable.

The replacement must have qualifications and experience that meet or exceed those obtained for the original resource.

- (ii) Subject to an Excusable Delay, where Canada becomes aware that a specific individual identified under the Contract to provide services has not been provided or is not performing, the Contracting Authority may elect to:
 - (A) exercise Canada's rights or remedies under the Contract or at law, including terminating the Contract in whole or in part for default under the Article titled "Default of the Contractor", or
 - (B) assess the information provided under (c) (i) above or, if it has not yet been provided, require the Contractor to propose a replacement to be rated by the Project Authority. The replacement must have qualifications and experience that are similar or exceed those obtained for the original resource and be acceptable to Canada. Upon assessment of the replacement, Canada may accept the

replacement, exercise the rights in (ii) (A) above, or require another replacement in accordance with this sub-article (c).

Where an Excusable Delay applies, Canada may require (c) (ii) (B) above instead of terminating under the "Excusable Delay" Article. An Excusable Delay does not include resource unavailability due to allocation of the resource to another Contract or project (including those for the Crown) being performed by the Contractor or any of its affiliates.

- (iii) The Contractor must not, in any event, allow performance of the Work by unauthorized replacement persons. The Contracting Authority may order that an original or replacement resource stop performing the Work. In such a case, the Contractor must immediately comply with the order. The fact that the Contracting Authority does not order a resource to stop performing the Work does not relieve the Contractor from its responsibility to meet the requirements of the Contract.
- (iv) The obligations in this article apply despite any changes that Canada may have made to the Client's operating environment.

7.21 Safeguarding Electronic Media

- (a) Before using them on Canada's equipment or sending them to Canada, the Contractor must use a regularly updated product to scan electronically all electronic media used to perform the Work for computer viruses and other coding intended to cause malfunctions. The Contractor must notify Canada if any electronic media used for the Work are found to contain computer viruses or other coding intended to cause malfunctions.
- (b) If magnetically recorded information or documentation is damaged or lost while in the Contractor's care or at any time before it is delivered to Canada in accordance with the Contract, including accidental erasure, the Contractor must immediately replace it at its own expense.

7.22 Representations and Warranties

The Contractor made statements regarding its own and its proposed resources' experience and expertise in its bid that resulted in the award of the Contract and the issuance of TA's. The Contractor represents and warrants that all those statements are true and acknowledges that Canada relied on those statements in awarding the Contract and adding work to it through TA's. The Contractor also represents and warrants that it has, and all its resources and subcontractors that perform the Work have, and at all times during the Contract Period they will have and maintain, the skills, qualifications, expertise and experience necessary to perform and manage the Work in accordance with the Contract, and that the Contractor (and any resources or subcontractors it uses) has previously performed similar services for other customers.

7.23 Access to Canada's Property and Facilities

Canada's property, facilities, equipment, documentation, and personnel are not automatically available to the Contractor. If the Contractor would like access to any of these, it is responsible for making a request to the Project Authority. Unless expressly stated in the Contract, Canada has no obligation to provide any of these to the Contractor. If Canada chooses, in its discretion, to make its property, facilities, equipment, documentation or personnel available to the Contractor to perform the Work, Canada may require an adjustment to the Basis of Payment and additional security requirements may apply.

7.24 Identification Protocol Responsibilities

The Contractor will be responsible for ensuring that each of its agents, representatives or subcontractors (hereinafter referred to as Contractor Representatives) complies with the following self-identification requirements:

- (a) Contractor Representatives who attend a Government of Canada meeting (whether internal or external to Canada's offices) must identify themselves as Contractor Representatives prior to the

commencement of the meeting, to ensure that each meeting participant is aware of the fact that the individual is not an employee of the Government of Canada;

- (b) During the performance of any Work at a Government of Canada site, each Contractor Representative must be clearly identified at all times as being a Contractor Representative; and
- (c) If a Contractor Representative requires the use of the Government of Canada's e-mail system in the performance of the Work, then the individual must clearly identify him or herself as an agent or subcontractor of the Contractor in all electronic mail in the signature block as well as under "Properties." This identification protocol must also be used in all other correspondence, communication, and documentation.
- (d) If Canada determines that the Contractor is in breach of any obligation stated in this Article, upon written notice from Canada the Contractor must submit a written action plan describing corrective measures it will implement to eliminate the recurrence of the problem. The Contractor will have five working days to deliver the action plan to the Client and the Contracting Authority, and twenty working days to rectify the underlying problem.
- (e) In addition to any other rights it has under the Contract, Canada may terminate the Contract for default if the corrective measures required of the Contractor described above are not met.

ANNEX A

STATEMENT OF WORK

1. Requirement

The Information Systems Branch (ISB) of Agriculture and Agri-food Canada (AAFC) has a requirement for the provision of **Management Information System (MIS)** Application Support services required to support the Farm Income Programs Directorate (FIPD). The is for **Task-Based Informatics Professional Services (TBIPS), under the TBIPS Supply Arrangement (SA)** in the **Western Region**, for work to be conducted on-site in Winnipeg, Manitoba.

The **MIS Application Support** services are necessary to fulfill FIPD's commitment to support the applications required to administer the AgriStability program, the AgriInvest program and other programs administered by FIPD. The required MIS Application Support services will be delivered on an "as and when requested" basis in accordance with approved Task Authorization(s), and the associated Statements of Work, that will be issued against the Contract.

ISB requires the services of qualified resources to undertake the contemplated MIS Application Support services. ISB has identified a set of "core" requirements that represent key expertise that is critical to the completion of the work and additional categories that represent areas of occasional supporting service(s).

ISB requires the following number of resources (at a minimum) per resource category, at the indicated seniority levels, including:

1. A.6 Programmer/Software Developer, Level 2 – two (2) resources;
2. I.10 Technical Architect, Level 2 – one (1) resource; and
3. I.5 IM Architect, Level 2 – one (1) resource.
4. B.1 Business Analyst, Level 2 – one (1) resource.
5. I.11 Tester (systems), Level 2 – one (1) resource.

2. Background

Agriculture and Agri-Food Canada (AAFC) provides leadership in the growth and development of a competitive, innovative and sustainable Canadian agriculture and agri-food sector.

Within AAFC, the Information Systems Branch (ISB) is responsible for the implementation and support of information technology that supports the day to day operations of the Department. This includes responsibility for the implementation and management of administrative information systems, coordinating the implementation of department-wide information systems, and management of the department's networks that connect AAFC's programs and regions, and supports connecting the department to its portfolio partners. ISB also supports the planning and implementation of AAFC's participation in inter-departmental and Government of Canada (GoC)-wide information management / information technology (IM/IT) initiatives.

AAFC supports the delivery of co-ordinated government agricultural programs and services provided by the federal, provincial and territorial (FPT) governments that focus on innovation, competitiveness and

market development to ensure Canadian producers and processors have the tools and resources they need to continue to innovate and capitalize on emerging market opportunities. This includes a comprehensive suite of Business Risk Management (BRM) programs (i.e. AgrilInvest, AgriStability, AgrilInsurance, and AgriRecovery) which help farmers in managing risk due to severe market volatility and disaster situations. This suite provides support for income losses, a disaster relief framework and insurance to protect farmers against production losses due to uncontrollable natural hazards as well as research, development, implementation and administration of new agricultural risk management tools.

AgrilInvest is a program that helps producers protect their farm income from small declines. AgrilInvest is a savings account for producers. Producers who make a deposit to their AgrilInvest account will receive a matching government contribution. Producers can then withdraw the funds as they need them.

AgriStability is a margin-based program that provides income support when a producer experiences large margin losses. AgriStability replaces the coverage previously provided by the Canadian Agricultural Income Stabilization program for margin declines of more than 15%. Producers pay an enrolment fee to participate in the program. A payment is made when a producer's margin in the program year falls more than 30% below the producer's reference margin for previous years.

Through **AgriRisk** Initiatives, governments will also help the industry in its efforts to research, develop and implement new agricultural risk management tools.

Business Risk Management Suite (BRMS)

The Business Risk Management Suite (BRMS) Delivery Modules consists of several frameworks or modules that can be used together in order to create a program delivery application. For each new program, AAFC determines which modules are required to deliver the new program and configures the modules based on the business rules and requirements of the program (e.g. program parameters). The modules and configurations represent a program delivery application (i.e. an instance of the system) that supports the administration and delivery of the program.

BRMS is currently used in the delivery of the AgrilInvest and AgriStability programs. A separate instance of BRMS is used currently as a data repository for client information collected by AAFC's Farm Income Programs Directorate (FIPD) as well.

MIS Application

The Management Information System (MIS) Application generates producer statements that are a critical part in the delivery of the AgriStability and AgrilInvest programs.

The MIS Application is comprised of a data warehouse, numerous data marts, and user interface tools that provide users with decision support and reporting capabilities. The MIS Application is updated with data extracts from other transactional-based applications and serves to present this data in an aggregate form that users can better interact with to make business decisions. The MIS Application is critical in enabling FIPD's work-group based approach which emphasizes that users be given the decision support tools necessary to empower them to make well informed account decisions.

Key technologies that are employed in the operation of the MIS Application include:

- a) Cognos BI Toolset (version 10.2.1);
- b) Informatica PowerCenter (version 9.5.0); and

c) Oracle (version 11gr2);

To support the MIS Application on an ongoing basis, ISB is seeking to obtain the services of resources of various levels and skillsets to provide application support and enhancement (including source code modification) to ensure the efficient delivery of the AgriStability and AgriInvest programs, as well as the other programs administered by Programs Branch.

3. Scope of Work

3.1 Summary of Work

This engagement is for professional IT services, on an “as when required” basis to provide support for the reporting, data analytics, and data transformations required to support the AgriStability and the AgriInvest programs administered by FIPD, as well as the other programs administered by Programs Branch.

The MIS Application Support services include, but are not limited to:

- i. Analyzing AAFC frameworks and strategies for the data warehouse and adapting these strategies to meet the business and application requirement;
- ii. Analyzing and evaluating solutions to meet business challenges;
- iii. Developing or modifying source code to enhance the functionality of the MIS Applications;
- iv. Fixing MIS Application problems, and
- v. Undertaking development projects that will be managed within the MIS Application Support process.

The Contractor’s resources must work collaboratively with ISB and other AAFC personnel, and as required, other service providers to deliver the overall results.

In delivering the services under the Contract, the Contractor’s resources will be required to use AAFC established and/or approved tools, methods and systems for support of the MIS Application and its data warehouse.

The Contractor’s resources must fully document his/her work in accordance with industry best practices and AAFC standards; and to ensure that any future changes that may be required to the configuration and deployment are able to be readily implemented following AAFC’s Change Control process.

In the performance of their work under any issued Task Authorization and upon instruction by the Project Authority, the Contractor’s deployed resources must comply with TBS guidance and the requirements of the Policy on Government Security as it pertains to the handling of Confidential or Protected information, in particular as it applies to use and transmission of such information using portable storage devices and wireless technologies. As part of this process, all of the Contractor’s deployed resources must complete mandatory AAFC provided training for Security Awareness (including the use and transmission of Confidential or Protected information using portable storage devices and wireless technologies) prior to performing work under an issued Task Authorization.

3.2 Tasks

3.2.1 Typical Tasks per Resource Category

A.6 Programmer/Software Developer - Level 2

The Programmer/Software Developer Level 2 will be responsible for, but not limited to, performing the following activities:

- Develop and prepare diagrammatic plans for solution of business, scientific and technical problems.
- Analyze the problems outlined by the systems analysts/designers in terms of such factors as style and extent of information to be transferred to and from storage units, variety of items to be processed, extent of sorting, and format of final printed results.
- Design detailed programs, flow charts, and diagrams indicating mathematical computation and sequence of machine operations necessary to copy and process data and print the results.
- Translate detailed flow charts into coded machine instructions and confer with technical personnel in planning programs.
- Verify accuracy and completeness of programs by preparing sample data, and testing them by means of system acceptance test runs made by operating personnel.
- Correct program errors by revising instructions or altering the sequence of operations.
- Test instructions, and assemble specifications, flow charts, diagrams, layouts, programming and operating instructions to document applications for later modification or reference.

I.10 Technical Architect - Level 2

The Technical Architect Level 2 will be responsible for, but not limited to, performing the following activities:

- Develop technical architectures, frameworks and strategies to meet the business and application requirements.
- Identify policies and requirements that drive out a particular solution.
- Analyze and evaluate alternative technology solutions to meet business problems.
- Ensure the integration of all aspects of technology solutions.
- Evaluate hardware and software relative to their ability to support specified requirements and, by determining potential and actual bottlenecks, and improve system performance through recommended hardware changes.
- Review computer software systems and data requirements as well as communication and response needs and determine operating systems and languages needed to support them.

I.5 IM Architect - Level 2

The IM Architect Level 2 will be responsible for, but not limited to, performing the following activities:

- Analyse existing capabilities and requirements, develop redesigned frameworks and recommend areas for improved capability and integration. Develop and document detailed statements of requirements.
- Evaluate existing procedures and methods, identify and document database content, structure, and application subsystems, and develop data dictionary.
- Define and document interfaces of manual to automated operations within application subsystems, to external systems, and between new and existing systems.
- Prototype potential solutions, provide trade-off information and suggest recommended courses of action.

- Perform information modelling in support of business process re-engineering (BPR) implementation.
- Perform cost/benefit analysis of implementing new processes and solutions.
- Provide advice in developing and integrating process and information models between business processes to eliminate information and process redundancies.
- Provide advice in defining new requirements and opportunities for applying efficient and effective solutions; identify and provide preliminary costs of potential options.

B.1 Business Analyst – Level 2

The Business Analyst Level 2 will be responsible for, but not limited to, performing the following activities:

- Develop and document statements of requirements for considered alternatives;
- Perform business analyses of functional requirements to identify information, procedures, and decision flows.
- Evaluate existing procedures and methods, identify and document items such as database content, structure, application subsystems.
- Define and document interfaces of manual to automated operations within application subsystems, to external systems, and between new and existing systems.
- Establish acceptance test criteria with client; and
Support and use the selected departmental methodologies.

I.11 Tester – Level 2

The Tester Level 2 will be responsible for, but not limited to, performing the following activities:

- Test planning and coordination;
- Establishing software testing procedures for unit test, integration testing and regression testing with emphasis on automating the testing procedures.
- Development of test scenarios and test scripts;
- Supervision of testing in accordance with the plan;
- Management and monitoring of test plans for all levels of testing;
- Management of walkthroughs and reviews related to testing and implementation readiness;
- Establishing and maintaining source and object code libraries for a multi-platform, multi-operating system environment.

3.3 Deliverables

3.3.1 General

Contracted resources will be required to prepare and submit various deliverables related to the application support of the Management Information System under specific Task Authorizations (TAs). These deliverables, as well as their schedules, content and format, will be identified in each TA.

However deliverables in relation to these services may be expected to include (but are not limited to) the following:

- Application configuration design;
- Documented application configuration and coding, including detailed activity logs and records;
- Deployment strategy and plan(s);
- Test and quality assurance strategies, procedures, and plans, test scripts and test data;
- Detailed logs of change requests, issues tracking, and resolution;
- Technical input and content for processes, procedures and user guides;
- Status reports;
- Meeting minutes; and
- Written and verbal expert advice and coaching.

3.3.2 Number of Copies and Format

Unless otherwise required by the Project Authority, the Contractor must provide one (1) electronic copy of all Deliverables.

The Contractor must ensure that all document-based deliverables and services provided are in conformance with AAFC's standard desktop software, currently, Microsoft Office Suite (including Word, Excel, and PowerPoint) version 2010 or newer.

The Contractor must provide its Services in compliance with the MIS Technical Environment, as detailed in Attachment 1 (below), as upgraded throughout the course of the work. The Contractor must ensure that its resource is competent in these technologies, properly trained and equipped to work with AAFC's technology.

3.3.3 Acceptance

All deliverables are subject to inspection by the AAFC Project Authority or a designated representative. The AAFC Project Authority reserves the right to verify the accuracy of all deliverables. The Contractor will be requested to revise the deliverables upon verification by the Project Authority, if applicable.

3.3.4 Correspondence

All correspondence related to a material change in the scope to the provision of the required services, either initiated by the Contractor personnel or by any section of AAFC, shall be submitted to the designated Project Authority for review, approval and signature (as required). Correspondence is defined as records of conversation or decisions as well as any written correspondence in any format including emails between the Contractor and the resources and between the resources themselves.

3.3.5 Meetings

The Contractor must make all necessary preparations in order to actively participate in any meeting convened by the AAFC Project Authority.

All meetings will be conducted at AAFC's location in Winnipeg, unless otherwise requested by the Project Authority.

If required by the Project Authority, the Contractor personnel shall prepare minutes of all discussions and/or record of decisions of the meeting(s) and shall provide them to the Project Authority, for review and approval, no later than three (3) business days after each meeting.

3.4 Environment and Location of Work

3.4.1 Technical Environment

The Information Systems Branch (ISB) supports the locally developed state of the art architecture and client-server applications for the programs administered by FIPD.

The technology architecture is described in detail in **Attachment 1** to this SOW.

3.4.2 Business Environment and Location of Work

AAFC's ISB operates in a normal office environment from 07:00 – 17:00 local time. The Contractor's resource must be available to provide services, within AAFC's hours of operation in Winnipeg. However, for urgent projects, from time to time, there may be a requirement to work outside of AAFC's regular business hours. The Contractor's resource must be available to provide these services upon request by AAFC.

The Contractor's resources must be available to perform work on-site at AAFC's facilities in Winnipeg, Manitoba. Some work may be undertaken remotely, at AAFC's discretion and with AAFC's advance approval, provided such work is undertaken using AAFC-authorized equipment capable of secure remote access to AAFC's network.

As required for the conduct of the work, AAFC will provide office space, general-purpose office furniture and necessary computer equipment/services for the Contractor's use (CPU, keyboard, monitor and access to the departmental LAN to the level of security required by the work), and access to identified databases or applications resident on AAFC computers or networks.

3.4.3 Language

The Contractor's resources must be fluent in English and be able to communicate orally and in writing in English without any assistance and with minimal errors.

Attachment 1 to Annex A – MIS Application Support Technology Architecture

1.1 Introduction

The new approach utilizing current computer technologies has led to the development of a new technology architecture to host the current and future applications delivering BRM financial payment programs.

The following components of the N-Tier technology architectures are relevant for the purposes of this specification:

- Applications Development Environment; and,
- Computing Environment.

Note:

The software versions quoted are those currently in place at the time of this RFP publishing. Upgrades may occur prior to or following contract issue.

A data warehouse is a system used in an organization to collect data (often on an enterprise-level), most of which are transactional data from one or more data sources, such as the database of a transactional system, into a central data location, and later report those data, generally in an aggregated way, to business users in the organization. This system generally consists of an extract-transform-load (ETL) tool, a Database, a Reporting tool and other facilitating tools, such as a Data Modeling tool.

A data mart is a simple form of a data warehouse that is focused on a single subject (or functional area) which draws data from a limited number of sources.

1.2 N-Tier Applications Development Environment

a. **Applications Development Tools** - use a combination of the following:

- Java JEE** – JEE is the software used to develop the BRMS Applications;
- Oracle 11gr2** - Oracle is the relational database used for the BRMS Applications;
- Nginx Webserver** – Nginx Webserver is the HTTP server used to access the BRMS and Cognos BI Applications.
- Oracle WebLogic Application Server version 12.1.2** – BRMS Applications are hosted on the AAFC standard WebLogic application Server.
- Internet Explorer 11** – IE 11 is the AAFC standard browser.
- Cognos BI version 10.2.1** - Cognos Business Intelligence (BI) tool set;
- Informatica PowerCenter version 9.5.0** - PowerCenter transforms and cleanses warehouse data;
- VISIO 2007** - Visio is used to provide diagrams outlining the database and window relationships within the Applications;

b. **Database Environments** - include the following:

- The production database environment contains databases for the BRMS production systems AgriInvest and AgriStability, as well as smaller database environments for Applications development, system testing, and acceptance testing.

- ii. The Management Information System (MIS) contains the data warehouse and numerous data marts. The data warehouse and data marts are utilized for Extract, Transform, and Load (ETL) activities for the movement of data, decision support, program participation, correspondence generation, and reporting purposes. MIS information is currently updated with extracts from BRMS.
- iii. The data warehouse and data mart information is created, maintained, and accessed using Oracle, PowerCenter (Informatica), and Cognos Business Intelligence tools.

1.3 MIS Applications Development Environment

a. **Data Warehouse Development Toolset** - uses a combination of the following:

- i. **Oracle 11gr2** - Oracle is the relational database used for BRMS-based Applications and for staging BRMS data prior to ETL;
- ii. **Cognos BI tools version 10.2.1** - Cognos Business Intelligence (BI) toolset;
- iii. **Informatica PowerCenter version 9.5.0** - PowerCenter transforms and cleanses data from applications to the warehouse;
- iv. **Unix Shell Scripting (KSH)** – Used for automation of Informatica and Cognos BI processes, and processing of data.
- v. **IBM InfoSphere Information Server 11.5** – the new AAFC departmental standard ETL tool (performs the same function as Informatica PowerCentre).

b. **Data Modeling Environment** - includes the following:

- i. ErWin 8.2 – used to model database objects for the MIS team database changes. Also used to generate the DDL for the database changes.

c. **Business Intelligence (BI) Environment** - includes the following:

- i. **Cognos BI tools version 10.2.1** - Cognos Business Intelligence (BI) toolset;

1.4 N-Tier Computing Environment

The N-Tier computing environment is as follows:

- ii. An N-Tier architecture utilizing Intel-based IBM compatible PC clients, HP Intel blade application servers, and HP Itanium database servers are employed.
- iii. All client PCs use the standard AAFC Windows 7 image.
- iv. The HP Itanium database servers run the Oracle database management system (version 10g) on the HP-UX (version 11.31) operating system.
- v. The Intel-based HP blade servers use VMWare to run Oracle WebLogic Application Server (version 12.1.2) on the Linux RHEL 6 OS.
- vi. The IBM P7 series server runs the Informatica Powercentre application on the AIX operating system.

As noted above, the Business Risk Management Suite programs are n-tier Java JEE applications using a relational database for persistence and providing a thin-client user interface via a web browser. These programs adhere to AAFC department guidelines and standards for applications of this type.

Special comments:

Commentaires spéciaux : All resource categories and levels require secret.

NOTE: If multiple levels of screening are identified, a Security Classification Guide must be provided.

REMARQUE: Si plusieurs niveaux de contrôle de sécurité sont requis, un guide de classification de la sécurité doit être fourni.

10. b) May unscreened personnel be used for portions of the work?
Du personnel sans autorisation sécuritaire peut-il se voir confier des parties du travail? ☒ No / Non ☐ Yes / Oui
If Yes, will unscreened personnel be escorted?
Dans l'affirmative, le personnel en question sera-t-il escorté? ☐ No / Non ☐ Yes / Oui

PART C - SAFEGUARDS (SUPPLIER) / PARTIE C - MESURES DE PROTECTION (FOURNISSEUR)

INFORMATION / ASSETS / RENSEIGNEMENTS / BIENS

11. a) Will the supplier be required to receive and store PROTECTED and/or CLASSIFIED information or assets on its site or premises?
Le fournisseur sera-t-il tenu de recevoir et d'entreposer sur place des renseignements ou des biens PROTÉGÉS et/ou CLASSIFIÉS? ☒ No / Non ☐ Yes / Oui

11. b) Will the supplier be required to safeguard COMSEC information or assets?
Le fournisseur sera-t-il tenu de protéger des renseignements ou des biens COMSEC? ☒ No / Non ☐ Yes / Oui

PRODUCTION

11. c) Will the production (manufacture, and/or repair and/or modification) of PROTECTED and/or CLASSIFIED material or equipment occur at the supplier's site or premises?
Les installations du fournisseur serviront-elles à la production (fabrication et/ou réparation et/ou modification) de matériel PROTÉGÉ et/ou CLASSIFIÉ? ☒ No / Non ☐ Yes / Oui

INFORMATION TECHNOLOGY (IT) MEDIA / SUPPORT RELATIF À LA TECHNOLOGIE DE L'INFORMATION (TI)

11. d) Will the supplier be required to use its IT systems to electronically process, produce or store PROTECTED and/or CLASSIFIED information or data?
Le fournisseur sera-t-il tenu d'utiliser ses propres systèmes informatiques pour traiter, produire ou stocker électroniquement des renseignements ou des données PROTÉGÉS et/ou CLASSIFIÉS? ☒ No / Non ☐ Yes / Oui

11. e) Will there be an electronic link between the supplier's IT systems and the government department or agency?
Disposera-t-on d'un lien électronique entre le système informatique du fournisseur et celui du ministère ou de l'agence gouvernementale? ☒ No / Non ☐ Yes / Oui

PART C - (continued) / PARTIE C - (suite)

For users completing the form manually use the summary chart below to indicate the category(ies) and level(s) of safeguarding required at the supplier's site(s) or premises.
Les utilisateurs qui remplissent le formulaire manuellement doivent utiliser le tableau récapitulatif ci-dessous pour indiquer, pour chaque catégorie, les niveaux de sauvegarde requis aux installations du fournisseur.

For users completing the form online (via the Internet), the summary chart is automatically populated by your responses to previous questions.
Dans le cas des utilisateurs qui remplissent le formulaire en ligne (par Internet), les réponses aux questions précédentes sont automatiquement saisies dans le tableau récapitulatif.

ATTACHMENT 4.1

BID EVALUATION CRITERIA

Technical proposals will be evaluated and scored in accordance with the following Mandatory and Point-Rated evaluation criteria and formulae.

SUMMARY OF EVALUATION PROCESS			
Mandatory Evaluation Criteria		Compliant / Non-compliant	
M1. Corporate Experience and References		Yes / No	
M2. Programmer/Software Developer, Level 2		Yes / No	
M3. Technical Architect, Level 2		Yes / No	
M4. IM Architect, Level 2		Yes / No	
Point-Rated Evaluation Criteria		Maximum Point Value	Minimum Score Required
R1. Corporate Experience and References		45	60% (27)
R2. Programmer/Software Developer, Level 2		50	60% (30)
R3. Technical Architect, Level 2		50	60% (30)
R4. IM Architect, Level 2		50	60% (30)
TOTAL TECHNICAL SCORE:		195	136.5 (70%)
TECHNICAL SCORE (Weighted)	$\frac{\text{Bidder's Total Technical Score}}{195} \times 70$	/70	
FINANCIAL SCORE	$\frac{\text{LOWEST Total Assessed Price}}{\text{Bidder's Total Assessed Price}} \times 30$	/30	
BIDDER TOTAL SCORE	Weighted Technical Score (/70) + Financial Score (/30)	/100	Top Ranked Bidder represents Best Value

1. Mandatory Evaluation Criteria

Bidders should use the Bidder Project Template (Appendix A of Attachment 4.1) and the Resource Project Template (Appendix B of Attachment 4.1) to provide their responses.

M1. Corporate Experience and References

MANDATORY EVALUATION CRITERIA	SUBMISSION REQUIREMENT	BIDDER RESPONSE	MET /NOT MET
<p>1.1 The Bidder must provide one (1) project with a project reference, for work undertaken within the past five (5) years where the Bidder was contracted to deliver professional services for the ongoing support and maintenance of a data warehouse client-server-based system.</p> <p>1.1.1 The cited project must have been for a minimum duration of twelve (12) months.</p> <p>1.1.2 The cited project must have been related to a contract for professional services worth (to the Client) a minimum total value of \$1,250,000 (in Canadian dollars).</p> <p>1.1.3 The cited project must have included the deployment of four (4) or more IT resources.</p>	<p>Each reference project must include the following information at a minimum:</p> <p>(a) Organization Name (for whom the work was performed);</p> <p>(b) An identified management-level Organization Contact (Reference) including Name and Title;</p> <p>(c) Telephone Number and/or Email Address as a means of contacting the Organization Contact.</p> <p>(d) Start and completion dates (including year and month) of the work;</p> <p>A brief description of the scope of the work that demonstrates the applicable experience.</p> <p>If the cited project relates to a contract that is ongoing, the contract must have been in place for a minimum of twelve months as of the closing date of this RFP OR If the project relates to a contract that is completed, the completion date must be within five (5) years of the closing date of this RFP.</p> <p>Bidder to certify contract value (in CAD dollars) for the project.</p> <p>Bidder to describe the four (4) or more IT resources, who were deployed on this project.</p>		

M2. Programmer/Software Developer, Level 2

MANDATORY EVALUATION CRITERIA	SUBMISSION REQUIREMENT	BIDDER RESPONSE	MET /NOT MET
<p>2.1 The Bidder must demonstrate that the proposed resource has a minimum of five (5) years of</p>	<p>(a) Organization Name (for whom the work was performed – note this</p>		

MANDATORY EVALUATION CRITERIA	SUBMISSION REQUIREMENT	BIDDER RESPONSE	MET /NOT MET
experience developing software.	<p>may be an employer);</p> <p>(b) Start and completion dates (including year and month) of the resource;</p> <p>(c) A brief description of the resource's role that demonstrates the applicable experience.</p>		
<p>2.2 The Bidder must provide a minimum of two (2) reference projects, completed within the last five (5) years, which demonstrate the proposed resource's experience as a Programmer/Software Developer developing with Informatica PowerCenter version 9.5.x (or more recent) as a Data Modeling tool.</p> <p>2.2.1 Each cited project must have been for a minimum duration of four (4) months.</p> <p>2.2.2 Where the project duration is greater than four (4) months this will be assessed as equivalent to more than one (1) project based on extended duration.</p> <p><i>For example only, a project that was ten (10) months in length would be counted as the equivalent of two (2) projects, with no proration given for any remainder.</i></p>	<p>Each cited project must include the following information at a minimum:</p> <p>(a) Organization Name (for whom the work was performed);</p> <p>(b) An identified management-level Organization Contact (Reference) including Name and Title;</p> <p>(c) Telephone Number and/or Email Address as a means of contacting the Organization Contact;</p> <p>(d) Start and completion dates (including year and month) of the resource;</p> <p>(e) A brief description of the project and resource's role on that project that demonstrates the applicable experience.</p>		

M3. Technical Architect, Level 2

MANDATORY EVALUATION CRITERIA	SUBMISSION REQUIREMENT	BIDDER RESPONSE	MET /NOT MET
-------------------------------	------------------------	-----------------	-----------------

MANDATORY EVALUATION CRITERIA	SUBMISSION REQUIREMENT	BIDDER RESPONSE	MET /NOT MET
<p>3.1 The Bidder must demonstrate that the proposed resource has a minimum of five (5) years of experience developing technical architectures, frameworks or strategies.</p>	<p>(a) Organization Name (for whom the work was performed – note this may be an employer); (b) Start and completion dates (including year and month) of the resource; (c) A brief description of the resource's role that demonstrates the applicable experience.</p>		
<p>3.2 The Bidder must provide a minimum of one (1) reference project which demonstrates the proposed resource's experience developing technical architectures, frameworks or strategies for a client's installation of Cognos BI toolset version 8 or higher.</p> <p>3.2.1 The cited project must have been for a minimum duration of four (4) months.</p>	<p>Each cited project must include the following information at a minimum: (a) Organization Name (for whom the work was performed); (b) An identified management-level Organization Contact (Reference) including Name and Title; (c) Telephone Number and/or Email Address as a means of contacting the Organization Contact; (d) Start and completion dates (including year and month) of the resource; (e) A brief description of the project and resource's role on that project that demonstrates the applicable experience.</p>		
<p>3.3 The Bidder must provide a minimum of one (1) reference project which demonstrates the proposed resource's experience developing technical architectures, frameworks or strategies for a client's installation of Informatica PowerCenter version 9.5.x (or more recent).</p> <p>3.3.1 The cited project must have been for a minimum duration of four (4) months.</p>	<p>Each cited project must include the following information at a minimum: (a) Organization Name (for whom the work was performed); (b) An identified management-level Organization Contact (Reference) including Name and Title; (c) Telephone Number and/or Email Address as a means of contacting the Organization Contact; (d) Start and completion dates (including year and month) of the resource; (e) A brief description of the project and resource's role on that project that demonstrates the applicable experience.</p>

M4. IM Architect, Level 2

MANDATORY EVALUATION CRITERIA	SUBMISSION REQUIREMENT	BIDDER RESPONSE	MET /NOT MET
<p>4.1 The Bidder must demonstrate that the proposed resource has a minimum of five (5) years of experience developing IM strategies or evaluating IM business requirements.</p>	<p>(a) Organization Name (for whom the work was performed – note this may be an employer); (b) Start and completion dates (including year and month) of the resource; (c) A brief description of the resource's role that demonstrates the applicable experience.</p>		
<p>4.2 The Bidder must provide a minimum of one (1) reference project which demonstrates the proposed resource's experience developing IM strategies or evaluating IM business requirements for a client's installation of Cognos BI toolset version 8 or higher.</p> <p>4.2.1 The cited project must have been for a minimum duration of four (4) months.</p>	<p>Each cited project must include the following information at a minimum: (a) Organization Name (for whom the work was performed); (b) An identified management-level Organization Contact (Reference) including Name and Title; (c) Telephone Number and/or Email Address as a means of contacting the Organization Contact; (d) Start and completion dates (including year and month) of the resource; (e) A brief description of the project and resource's role on that project that demonstrates the applicable experience.</p>		

MANDATORY EVALUATION CRITERIA	SUBMISSION REQUIREMENT	BIDDER RESPONSE	MET /NOT MET
<p>4.3 The Bidder must provide a minimum of one (1) reference project which demonstrates the proposed resource's experience developing IM strategies or evaluating IM business requirements for a client's installation of Informatica PowerCenter version 9.5.x (or more recent).</p> <p>4.3.1 The cited project must have been for a minimum duration of four (4) months.</p>	<p>Each cited project must include the following information at a minimum:</p> <p>(a) Organization Name (for whom the work was performed);</p> <p>(b) An identified management-level Organization Contact (Reference) including Name and Title;</p> <p>(c) Telephone Number and/or Email Address as a means of contacting the Organization Contact;</p> <p>(d) Start and completion dates (including year and month) of the resource;</p> <p>(e) A brief description of the project and resource's role on that project that demonstrates the applicable experience.</p>		

2. Point-Rated Evaluation Criteria

Proposals meeting all Mandatory Evaluation Criteria will be further evaluated and point rated against the following Point-Rated Evaluation Criteria, using the evaluation factors and weighting indicators specified for each criterion.

Bidders must meet a pass mark of 60% for each proposed resource and a cumulative minimum pass mark of 70% on Point Rated Criteria R1 –R4 (inclusive), as indicated in the table below.

All experience within a specific time period (e.g. within the past five (5) years) are calculated based on the closing date of the RFP.

Bidders should use the Bidder Project Template (Appendix A of Attachment 4.1) and the Resource Project Template (Appendix B of Attachment 4.1) to provide their responses.

The following table provides a summary of the criteria, weights and minimum required scores:

Point-Rated Evaluation Criteria	Maximum Point Value	Minimum Score Required
R1. Corporate Experience and References	45	<i>60% (27)</i>
R2. Programmer/Software Developer, Level 2	50	<i>60% (30)</i>
R3. Technical Architect, Level 2	50	<i>60% (30)</i>
R4. IM Architect, Level 2	50	<i>60% (30)</i>
TOTAL TECHNICAL SCORE (R1-R4):	195	136.5 (70%)

N/A

R1. Corporate Experience and References

Each cited project must have been for a minimum duration of twelve (12) months. Where the project duration is greater than twelve (12) months this will be assessed as equivalent to more than one (1) project based on extended duration.

For example only, a project that was twenty-five (25) months in length would be counted as the equivalent of two (2) projects, with no proration given for any remainder.

The Bidder SHOULD demonstrate that:

POINT-RATED EVALUATION CRITERIA	MAXIMUM POINTS	SCORING FACTORS	BIDDER RESPONSE	BIDDER SELF-SCORE
1. The scope of the services provided by the Bidder in the cited project was relevant to AAFC's requirements (as described in the Statement of Work).	15 (up to 5 points per project)	A total of 15 points maximum for 3 projects (or equivalent), based on up to 5 points per project for the following: 3 points/project - The Bidder's responsibilities under the contract included the delivery, development, implementation and support of a client-server based data warehouse system. 2 points/project - The services delivered under the contract were for development or maintenance of systems to support a client user base of a minimum of 25 users.		
2. The technology used in the data warehouse client-server based system in the cited project was relevant to AAFC's technology environment (as described in Attachment #1 to the Statement of Work).	30 (up to 10 points per project)	A total of 30 points maximum for 3 projects (or equivalent), based on up to 10 points per project for the following: Data warehouse toolsets used included: 3 points/project - Cognos BI tools version 8 (or more recent); 3 points/project - Informatica PowerCenter version 9.5 (or more recent). Application development technologies and tools used included: 2 points/project - Oracle version 10 relational database (or more recent); 2 points/project - A UNIX scripting language (e.g. Perl).		
Total Maximum Score	45			

R2. Programmer/Software Developer, Level 2

Each cited project must have been for a minimum duration of four (4) months. Where the project duration is in excess of four (4) months this will be assessed as equivalent to more than one (1) project based on extended duration.

For example only, a project that was ten (10) months in length would be counted as the equivalent of two (2) projects, with no proration given for any remainder.

The Bidder SHOULD demonstrate that the Proposed Programmer/Software Developer, Level 2 has:

POINT-RATED EVALUATION CRITERIA	MAXIMUM POINTS	SCORING FACTORS	BIDDER RESPONSE	BIDDER SELF-SCORE
1. Experience designing data structures and files, sub-systems and modules, programs and production procedures, testing strategies and systems	20	Up to 5 points for each project (to a maximum of 4 projects or equivalent) 1 point - Cognos BI tools version 8 (or more recent); 2 points - Informatica PowerCenter version 9.5 (or more recent); 1 point - Oracle version 10 relational database (or more recent); 1 point - A UNIX scripting language (e.g. Perl).		
2. Experience (in the last 5 years) prototyping, modeling, designing, and implementing data warehouses	10	Up to 5 points for each project (to a maximum of 2 projects or equivalent): 1 point - Cognos BI tools version 8 (or more recent); 2 points - Informatica PowerCenter version 9.5 (or more recent); 1 point - Oracle version 10 relational database (or more recent); 1 point - A UNIX scripting language (e.g. Perl).		
3. Experience (in the last 5 years) developing data models and data marts	10	Up to 5 points for each project (to a maximum of 2 projects or equivalent): 1 point - Cognos BI tools version 8 (or more recent); 2 points - Informatica PowerCenter version 9.5 (or more recent); 1 point - Oracle version 10 relational database (or more recent); 1 point - A UNIX scripting language (e.g. Perl).		

N/A

POINT-RATED EVALUATION CRITERIA	MAXIMUM POINTS	SCORING FACTORS	BIDDER RESPONSE	BIDDER SELF-SCORE
4. Experience (in the last 5 years) designing, and developing reporting interfaces	10	Up to 5 points for each project (to a maximum of 2 projects or equivalent): 1 point - Cognos BI tools version 8 (or more recent); 2 points - Informatica PowerCenter version 9.5 (or more recent); 1 point - Oracle version 10 relational database (or more recent); 1 point - A UNIX scripting language (e.g. Perl).		
Total Maximum Score	50			

R3. Technical Architect, Level 2

Each cited project must have been for a minimum duration of four (4) months. Where the project duration is greater than four (4) months this will be assessed as equivalent to more than one (1) project based on extended duration.

For example only, a project that was ten (10) months in length would be counted as the equivalent of two (2) projects, with no proration given for any remainder.

The Bidder SHOULD demonstrate that the Proposed Technical Architect, Level 2 has:

POINT-RATED EVALUATION CRITERIA	MAXIMUM POINTS	SCORING FACTORS	BIDDER RESPONSE	BIDDER SELF-SCORE
1. Experience (in the last 5 years) prototyping, modeling, designing, and implementing data warehouses	10	Up to 5 points for each project (to a maximum of 2 projects or equivalent): 1 point - Cognos BI tools version 8 (or more recent); 2 points - Informatica PowerCenter version 9.5 (or more recent); 1 point - Oracle version 10 relational database (or more recent); 1 point - A UNIX scripting language (e.g. Perl).		

POINT-RATED EVALUATION CRITERIA	MAXIMUM POINTS	SCORING FACTORS	BIDDER RESPONSE	BIDDER SELF-SCORE
2. Experience (in the last 5 years) developing data models and data marts	10	Up to 5 points for each project (to a maximum of 2 projects or equivalent): 1 point - Cognos BI tools version 8 (or more recent); 2 points - Informatica PowerCenter version 9.5 (or more recent); 1 point - Oracle version 10 relational database (or more recent); 1 point - A UNIX scripting language (e.g. Perl).		
3. Experience (in the last 5 years) designing, and developing reporting interfaces	10	Up to 5 points for each project (to a maximum of 2 projects or equivalent): 1 point - Cognos BI tools version 8 (or more recent); 2 points - Informatica PowerCenter version 9.5 (or more recent); 1 point - Oracle version 10 relational database (or more recent); 1 point - A UNIX scripting language (e.g. Perl).		
4. Experience (in the last 5 years) developing technical architectures, frameworks and strategies to meet the business and application requirements	10	Up to 5 points for each project (to a maximum of 2 projects or equivalent): 1 point - Cognos BI tools version 8 (or more recent); 2 points - Informatica PowerCenter version 9.5 (or more recent); 1 point - Oracle version 10 relational database (or more recent); 1 point - A UNIX scripting language (e.g. Perl).		
5. Experience (in the last 5 years) evaluating hardware and software to improve system performance and/or upgrade technologies	10	Up to 5 points for each project (to a maximum of 2 projects or equivalent): 1 point - Cognos BI tools version 8 (or more recent); 2 points - Informatica PowerCenter version 9.5 (or more recent); 1 point - Oracle version 10 relational database (or more recent); 1 point - A UNIX scripting language (e.g. Perl).		
Total Maximum Score	50			

R4. IM Architect, Level 2

Each cited project must have been for a minimum duration of four (4) months. Where the project duration is greater than four (4) months this will be assessed as equivalent to more than one (1) project based on extended duration.

For example only, a project that was ten (10) months in length would be counted as the equivalent of two (2) projects, with no proration given for any remainder.

N/A

The Bidder SHOULD demonstrate that the Proposed IM Architect, Level 2 has:

APPENDIX A TO ANNEX A

TASKING ASSESSMENT PROCEDURE

1. Where a requirement for a specific task is identified, a draft Task Authorization Form (TA Form) as attached at Appendix B to Annex A will be provided to the Contractor. Once a draft TA Form is received, the Contractor must submit to the Project Authority a quotation of rates to supply the requested Resource Categories based on the information identified in the TA Form. The quotation must be signed and submitted to Canada within the time for response identified in the TA Form. The Contractor will be given a minimum of 48 hours turnaround time to submit a quotation.
2. For each proposed resource the Contractor must supply the requested security clearance information and must complete the Response Tables at Appendix C of Annex A applicable to the Resource Categories identified in the draft TA. The same individual must not be proposed for more than one Resource Category. The Response Tables must demonstrate that each proposed individual meets the qualification requirements described (including any educational requirements, work experience requirements, and professional designation or membership requirements). With respect to the proposed resources:
 - (i) Proposed resources may be employees of the Contractor or employees of a subcontractor, or these individuals may be independent contractors to whom the Contractor would subcontract a portion of the Work. (Refer to Appendix D to Annex A, Certifications).
 - (ii) For educational requirements for a particular degree, designation or certificate, Canada will only consider educational programmes that were successfully completed by the resource before the date the draft TA was first issued to the Contractor.
 - (iii) For requirements relating to professional designation or membership, the resource must have the required designation or membership by the time of draft TA issuance and must continue, where applicable, to be a member in good standing of the profession or membership throughout the assessment period and Contract Period. Where the designation or membership must be demonstrated through a certification, diploma or degree, such document must be current, valid and issued by the entity specified in this Contract or if the entity is not specified, the issuer must have been an accredited or otherwise recognized body, institution or entity at the time the document was issued.
 - (iv) For work experience, Canada will not consider experience gained as part of an educational programme, except for experience gained through a formal co-operative programme at a post-secondary institution.
 - (v) For any requirements that specify a particular time period (e.g., 2 years) of work experience, Canada will disregard any information about experience if the Response Tables do not include the relevant dates (month and year) for the experience claimed (i.e., the start date and end date). Canada will evaluate only the duration that the resource actually worked on a project or projects (from his or her start date to end date), instead of the overall start and end date of a project or a combination of projects in which a resource has participated.
 - (vi) T must not simply indicate the title of the individual's position, but must demonstrate that the resource has the required work experience by explaining the responsibilities and work performed by the individual while in that position. Only listing experience without providing any supporting data to describe responsibilities, duties and relevance to the requirement, or reusing the same wording as the TA Form, will not be considered "demonstrated" for the purposes of the assessment. The Contractor should provide complete details as to where, when, month and year, and how, through which activities/responsibilities, the stated qualifications / experience were obtained. In situations in which a proposed resource worked at the same time on more than one project, the duration of any

overlapping time period will be counted only once toward any requirements that relate to the individual's length of experience.

3. The qualifications and experience of the proposed resources will be assessed against the requirements set out in Appendix C to Annex A to determine each proposed resource's compliance with the mandatory and rated criteria. Canada may request proof of successful completion of formal training, as well as reference information. Canada may conduct reference checks to verify the accuracy of the information provided. If reference checks are done, they will be conducted in writing by e-mail (unless the contact at the reference is only available by telephone). Canada will not assess any points or consider a mandatory criterion met unless the response is received within 5 working days. On the third working day after sending out the e-mails, if Canada has not received a response, Canada will notify the Contractor by e-mail, to allow the Contractor to contact its reference directly to ensure that it responds to Canada within 5 working days. Wherever information provided by a reference differs from the information supplied by the Contractor, the information supplied by the reference will be the information assessed. Points will not be allocated or a mandatory criteria considered as met if the reference customer is not a customer of the Contractor itself (for example, the customer cannot be the customer of an affiliate of the Contractor). Nor will points be allocated or a mandatory criteria considered as met if the customer is itself an affiliate or other entity that does not deal at arm's length with the Contractor. Crown references will be accepted.
4. During the assessment of the resources proposed, should the references for two or more resources required under that TA either be unavailable or fail to substantiate the required qualifications of the proposed resources to perform the required services, the Contracting Authority may find the quotation to be non-responsive.
5. Only quotations that meet all of the mandatory criteria will be considered for assessment of the point rated criteria. Each resource proposed must attain the required minimum score for the point rated criteria for the applicable Resource Category. If the minimum score for any proposed resource is less than what is required, the Contractor's quotation will be found to be non-responsive.
6. Once the quotation has been accepted by the Project Authority, the TA Form will be signed by Canada and provided to the Contractor for signature. The TA Form must be appropriately signed by Canada prior to commencement of any work. The Contractor must not commence work until a validly issued TA Form (the Task Authorization) has been received, and any work performed in its absence is done at the Contractor's own risk.

RESOURCES ASSESSMENT CRITERIA AND RESPONSE TABLE

To facilitate resource assessment, Contractors must prepare and submit a response to a draft Task Authorization using the tables provided in this Annex. When completing the resource grids, the specific information which demonstrates the requested criteria should be incorporated so that Canada can verify this information. Only the specific answer should be provided.

1.0 Mandatory Resource Assessment Criteria:

M1. Programmer/Software Developer, Level 2

MANDATORY EVALUATION CRITERIA	SUBMISSION REQUIREMENT	CONTRACTOR RESPONSE	MET /NOT MET
1.1 The Contractor must demonstrate that the proposed resource has a minimum of five (5) years of experience developing software.	<p>(a) Organization Name (for whom the work was performed – note this may be an employer);</p> <p>(b) Start and completion dates (including year and month) of the resource;</p> <p>(c) A brief description of the resource's role that demonstrates the applicable experience.</p>		
<p>1.2 The Contractor must provide a minimum of two (2) reference projects, completed within the last five (5) years, which demonstrate the proposed resource's experience as a Programmer/Software Developer developing with Informatica PowerCenter version 9.5.x (or more recent) as a Data Modeling tool.</p> <p>1.2.1 Each cited project must have been for a minimum duration of four (4) months. Where the project duration is greater than four (4) months this will be assessed as equivalent to</p>	<p>Each cited project must include the following information at a minimum:</p> <p>(a) Organization Name (for whom the work was performed);</p> <p>(b) An identified management-level Organization Contact (Reference) including Name and Title;</p> <p>(c) Telephone Number and/or Email Address as a means of contacting the Organization Contact;</p> <p>(d) Start and completion dates (including year and month) of the resource;</p> <p>(e) A brief description of the project and resource's role on that project</p>

<i>equivalent of two (2) projects, with no proration given for any remainder.</i>			
5.3 The Contractor must provide a minimum two (2) reference projects which demonstrate the proposed resource's experience performing testing of applications. 5.3.1 Each cited project must have been for a minimum duration of four (4) months.	Each cited project must include the following information at a minimum: (a) Organization Name (for whom the work was performed); (b) An identified management-level Organization Contact (Reference) including Name and Title; (c) Telephone Number and/or Email Address as a means of contacting the Organization Contact; (d) Start and completion dates (including year and month) of the resource; (e) A brief description of the project and resource's role on that project that demonstrates the applicable experience.		

2.0 Point Rated Resource Assessment Criteria:

R1. Programmer/Software Developer, Level 2

Each cited project must have been for a minimum duration of four (4) months. Where the project duration is in excess of four (4) months this will be assessed as equivalent to more than one (1) project based on extended duration.

For example only, a project that was ten (10) months in length would be counted as the equivalent of two (2) projects, with no proration given for any remainder.

The Contractor SHOULD demonstrate that the Proposed Programmer/Software Developer, Level 2 has:

POINT-RATED EVALUATION CRITERIA	MAXIMUM POINTS	SCORING FACTORS	CONTRACTOR RESPONSE	CONTRACTOR SELF-SCORE
1. Experience designing data structures and files, sub-systems and modules, programs and production procedures, testing strategies and systems	20	<p><i>Up to 5 points for each project (to a maximum of 4 projects or equivalent)</i></p> <p>1 point - Cognos BI tools version 8 (or more recent);</p> <p>2 points - Informatica PowerCenter version 9.5 (or more recent);</p> <p>1 point - Oracle version 10 relational database (or more recent);</p> <p>1 point - A UNIX scripting language (e.g. Perl).</p>		
2. Experience (in the last 5 years) prototyping, modeling, designing, and implementing data warehouses	10	<p><i>Up to 5 points for each project (to a maximum of 2 projects or equivalent):</i></p> <p>1 point - Cognos BI tools version 8 (or more recent);</p> <p>2 points - Informatica PowerCenter version 9.5 (or more recent);</p> <p>1 point - Oracle version 10 relational database (or more recent);</p> <p>1 point - A UNIX scripting language (e.g. Perl).</p>		
3. Experience (in the last 5 years) developing data models and data marts	10	<p><i>Up to 5 points for each project (to a maximum of 2 projects or equivalent):</i></p> <p>1 point - Cognos BI tools version 8 (or more recent);</p> <p>2 points - Informatica PowerCenter version 9.5 (or more recent);</p> <p>1 point - Oracle version 10 relational database (or more recent);</p> <p>1 point - A UNIX scripting language (e.g. Perl).</p>

APPENDIX D TO ANNEX A CERTIFICATIONS AT THE TA STAGE

The following Certifications are to be used, as applicable. If they apply, they must be signed and attached to the Contractor's quotation when it is submitted to Canada.

1. CERTIFICATION OF EDUCATION AND EXPERIENCE

The Contractor certifies that all the information provided in the Response Tables and supporting material proposed for completing the subject work, particularly the information pertaining to education, achievements, experience and work history, has been verified by the Contractor to be true and accurate. Furthermore, the Contractor warrants that every individual proposed by the Contractor for the requirement is capable of performing the Work described in the Task Authorization.

Print name of authorized individual & sign above

Date

2. CERTIFICATION OF AVAILABILITY OF PERSONNEL

The Contractor certifies that, should it be authorized to provide services under this Task Authorization, the persons proposed in the quotation will be available to commence performance of the work within a reasonable time from the date of issuance of the valid Task Authorization, or within the time specified in the TA Form, and will remain available to perform the work in relation to the fulfillment of the requirement.

Print name of authorized individual & sign above

Date

3. CERTIFICATION OF STATUS OF PERSONNEL

If the Contractor has proposed any individual who is not an employee of the Contractor, the Contractor certifies that it has permission from that individual to propose his/her services in relation to the Work to be performed under this TA. At any time during the Contract Period the Contractor must, upon request from the Contracting Authority, provide the written confirmation, signed by the individual, of the permission that was given to the Contractor of his/her availability. Failure to comply with the request may result in a default under the Contract in accordance with the General Conditions.

Print name of authorized individual & sign above

Date

4. CERTIFICATION OF LANGUAGE - English

The Contractor certifies that the proposed resource(s) in response to this draft Task Authorization is/are fluent in English. The individual(s) proposed must be able to communicate orally and in writing in English without any assistance and with minimal errors.

5. SECURITY CLEARANCE:

The Contractor is requested to submit the following security information for each of the proposed resources.

SECURITY INFORMATION	
Name of individual as it appears on security clearance application form	
Level of security clearance obtained	
Validity period of security clearance obtained	
Security Screening Certificate and Briefing Form file number	

ATTACHMENT 5.1

FEDERAL CONTRACTORS PROGRAM FOR EMPLOYMENT EQUITY - CERTIFICATION

I, the Bidder, by submitting the present information to the Contracting Authority, certify that the information provided is true as of the date indicated below. The certifications provided to Canada are subject to verification at all times. I understand that Canada will declare a bid non-responsive, or will declare a contractor in default, if a certification is found to be untrue, whether during the bid evaluation period or during the contract period. Canada will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply with any request or requirement imposed by Canada may render the bid non-responsive or constitute a default under the Contract.

For further information on the Federal Contractors Program for Employment Equity visit [Employment and Social Development Canada \(ESDC\) - Labour's](#) website.

Date: _____ (YYYY/MM/DD) (If left blank, the date will be deemed to be the bid solicitation closing date.)

Complete both A and B.

A. Check only one of the following:

- ☐ A1. The Bidder certifies having no work force in Canada.
- ☐ A2. The Bidder certifies being a public sector employer.
- ☐ A3. The Bidder certifies being a federally regulated employer being subject to the [Employment Equity Act](#).
- ☐ A4. The Bidder certifies having a combined work force in Canada of less than 100 employees (combined work force includes: permanent full-time, permanent part-time and temporary employees [temporary employees only includes those who have worked 12 weeks or more during a calendar year and who are not full-time students]).
- A5. The Bidder has a combined workforce in Canada of 100 or more employees; and
- ☐ A5.1 The Bidder certifies already having a valid and current [Agreement to Implement Employment Equity](#) (AIEE) in place with ESDC-Labour.

OR

- ☐ A5.2 The Bidder certifies having submitted the Agreement to Implement Employment Equity (LAB1168) to ESDC-Labour. As this is a condition to contract award, proceed to completing the form Agreement to Implement Employment Equity (LAB1168), duly signing it, and transmit it to ESDC-Labour.

B. Check only one of the following:

- ☐ B1. The Bidder is not a Joint Venture.

OR

- ☐ B2. The Bidder is a Joint venture and each member of the Joint Venture must provide the Contracting Authority with a completed annex Federal Contractors Program for Employment Equity - Certification. (Refer to the Joint Venture section of the Standard Instructions).
