

Project Title: Technical Assistance for the Teacher Education Support Project (TA-TESP)

A. AMENDMENTS

1. At Requirement 1: Experience in managing and implementing international development projects, contained in Section 5. Evaluation Criteria, **REPLACE** the words « have a start date within the last 10 years of the Request for Proposals (RFP) closing date » **BY** « have a start date within the last 15 years of the Request for Proposals (RFP) closing date ».

B. QUESTIONS AND ANSWERS

Question 1

We would like to request an amendment to SEL.: 2017- D-002450-1:
Technical Assistance for the Teacher Education Support Project.

- a. Requirement 1 (page 60) states ``to be deemed eligible a project has to have a start date within the last ten (10) years at the Request for Proposals (RFP) Closing Date.`` As the criteria is written now, if a project ran for seven years, and ended in 2013, it would not have qualified because the project started prior to 2007. We believe the requirement should read that the project had to be operational within the last 10 years.

Answer 1

DFATD is agreeable changing this criterion. Please see section A for the amendment to the RFP.

C. ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED
