Amendment 001

Amendment 001 is being issued to address the following questions

Question 1:

PR 1.5 on Page 28 indicates that RS4 is to be completed by March 31, 2017.

PA 1.8 on Page 36 indicates PWGSC review period of 2 weeks after each submissions

With the award of this project in February and numerous submission and PWGSC reviews, it appear that there is insufficient time to complete this assignment by March 31, 2017

Can the RS 4 completion date be moved to May 2017?

Answer 1: PWGSC will limit review periods to 5 day each. Due date for RS4 submission is revised to May 17, 2017.

Question 2: The structural report attached to the RFP recommends removal of the existing roof concrete and V-pan deck and replace with new metal roof deck.

Can existing staff be moved from construction areas over top? If yes, who is responsible for swing space documents to move existing staff away from construction areas?

Answer 2: Staff are expected to be moved out for the duration of the construction. Swing space documents are not within the scope of this solicitation. The consultant shall include construction specifications that require the contractor to provide protective measures for all remaining building elements (sprinkler, lighting, structure, hvac, etc.).

All other terms and conditions remain the same
