Amendment 004

Q1) Under the elevator scope of work, there is no reference to connecting existing card readers to the new controllers. Is this required? If so, who are the base building card reader contractors to obtain quotation from?

A1) No, the connecting existing card readers to the new controllers is not required.

Q2) Under mechanical scope of work specifically reference to drawings - on drawing M1.1 - there are two new indoor split air conditioning units plus one new outdoor condensing unit to be provided. I believe the air conditioning units were just replaced 4 years ago. Can you confirm if this is required again?

A2) Yes, the two new indoor split air conditioning units plus one new outdoor condensing unit is to be provided

Q3) I see on the bid document reference to a bid security and bid bond however it is unclear whether it is required for this tender. If it is required what are the % of the bid bond required? What are the % requirements for a material and performance bond if applicable?

A3) Bid security is required for this tender, please see GI 06 of R5110T in accordance with the tender documents: <https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual/5/R/R5110T/16#bid-security-requirements>
