**This amendment 008 is raised for the following:**

- A) To answer questions received**
- B) To replace the Financial Evaluation annex**

**Section A)**

Q15. Annex B2 - PSPC has requested the laminate tiles for the Add-on, however, there are no lines for an empty frame that would hold the laminate tile. Can you revise Annex B2 to match the format of the fabric panels and delete reference to "Plastic Laminate Tiles". For example:

Non-Powered

- a) Base - 36"high x 48"wide - Laminate one side, fabric other side
- b) Add-on - 15"high x 24"wide - Laminate one side, fabric other side
- c) Add-on - 15"high x 48"wide - Laminate one side, fabric other side

Powered

- a) Base - 36"high x 24"wide - Laminate one side, fabric other side
- b) Base - 42"high x 24"wide - Laminate one side, fabric other side
- c) Base - 42"high x 48"wide - Laminate one side, fabric other side
- d) Add-on - 15"high x 24"wide - Laminate one side, fabric other side

**A15. Please see Annex B2 Financial Evaluation Version 4 as part of this amendment.**

Q16. Annex A7 - 15"high framed glazed add-on is shown on the plan, but there is no place to add it to the Annex B2 - Financial Evaluation. Please add:

- a) Add-on - 15"high x 24"wide - framed glazed add-on, including frame and glazing, frosted.
- b) Add-on – 15"high x 48"wide – framed glazed add-on, including frame and glazing, frosted.

**A16. Please see Annex B2 Financial Evaluation Version 4 as part of this amendment.**

Q17. Annex B2 - Line 103 & 104 - why is 60" listed twice. Please delete or confirm the correct measurement.

**A17. Please see Annex B2 Financial Evaluation Version 4 as part of this amendment.**

Q18. Annex B2 – For the add-on modules to complete overall height of 60"-66"high, please confirm that you want bidders to list 2 add-on modules for each panel in this height range and the panel should consist of one base panel plus 2 add-on modules, as per Annex A-1, #7.6

**A18. Yes, that is correct.**

Q19. As a result of our question, a revised 222 Nepean pdf plan was posted this morning (see attached). Can you please confirm if only the Teknion Panels are to be dismantled, removed & disposed of and no worksurfaces, supports, pedestals, overheads, accessories? Or is the plan provided missing those layers?

**A19. The plan that PSPC has available does not show the worksurfaces, supports, pedestals, overheads or accessories. These items will also need to be dismantled, removed and disposed of. Similar typical workstation layouts from the other DND buildings provided apply to 222 Nepean.**

Q20. The plan includes 54"wide surfaces, but there are no 54"wide surfaces listed on Annex B2 - Financial Evaluation. Please revise Annex B2 to include 54"wide surfaces.

**A20. Please refer to Annex B-2 "Instructions to Bidders", Item #2.**

Q21. The plan includes 2 surfaces 30"deep x 72"wide but Annex B2 only includes 1. Please revise Annex B2 to include 2 surfaces 30"deep x 72"wide.

**A21. Please refer to Annex B-2 "Instructions to Bidders", Item #2.**

Q22. There are no 30"wide add-on modules to bring the panel to overall height of 60"- 66" high shown on the plan, but they are listed on Annex B2. Please delete these from Annex B2.

**A22. If there are no 30" wide add-on modules shown on the plan, the bidder is to insert the quantity in Annex B2 as zero (0).**

Q23. Do you require a user adjustment for the counterbalance table that allows the user to adjust for various weight requirements on the table?

**A23. Annex A-1 Technical Specifications identify that the product must meet CAN/CGSB 44.227 Standards. CAN/CGSB 44.227 identifies detailed requirements for components including Height Adjustable Work Surfaces, Controls, Operations and Surface Loading Testing as per ANSI/BIFMA X5.5. These are the requirements for the table as specified.**

**Section B)**

**Within the Attachments:**

**Delete:** 'Annex\_b2-financial\_evaluation\_version\_3'

**Replace with:** 'Annex\_b2-financial\_evaluation\_version\_4'

**All other Terms and Conditions remain the same**
