Date: January 27, 2017

Projet: Tree-cutting Services

Bidders must make sure that their bids are based on the latest version of the tender documents published and take into consideration the following amendments and information, including any information provided on amendments or Q&A previously published for this project.

Bidders that do not comply with this requirement will be discarded.

Q5. Is it possible to leave the branches in heaps on the site while waiting for the machine to chip the branches?

A5. In the submission document, it is requested that at the end of each working day, everything be picked up in case there is a snow storm. Moreover with the quantity of trees to be cut down, it is preferable that everything is picked up at the end of each working day.

Q6. What is the depth of the stumping?

R6. It must be deep enough so that there is a good layer of topsoil (about 8 inches minimum).

All other terms and conditions remain the same
