This amendment 007 to the Request for Information (RFI) 23240-161141/A is raised to:

- a) open the registration period for the second round of engagement with Industry;
- b) extend the RFI closing date to May 1, 2017 at 5:00pm EST in order to allow more time for consultation with Industry; and
- c) seek Industry feedback on the revised draft Statement of Work (SOW).

Therefore:

At page 1, under "Solicitation Closes":

DELETE: at – à 5:00 PM
on – le 2017-02-28

INSERT: at – à 5:00 PM
on – le 2017-05-01

At page 4, Article 4. REQUIREMENT DESCRIPTION:

DELETE:

On behalf of the federal government, NRCan is seeking high resolution optical satellite imagery and services. To meet the requirements of the Contract, the Contractor must provide the following:

- A. High resolution optical imagery covering the landmass of Canada henceforth referred to as National Coverage Imagery to serve the needs of the federal, provincial and territorial governments. The National Coverage Imagery will be discovered and accessed through the following components: Web Portal Imagery, a Web Coverage Service and a Geographical Prioritization System.
- B. Optical imagery covering the landmass of Canada to serve the needs of all Canadians, henceforth referred to as Open Imagery of Canada. The Open Imagery of Canada will be discovered and accessed through the following components: a File Transfer Protocol and a Web Mapping Service.

NRCan acknowledges that it is possible that these items (A and B) have differing resolutions. It is anticipated that up to two (2) contracts may be awarded for this requirement.

INSERT:

Canada is seeking the following High Resolution Optical Satellite Imagery and services:

- A. High Resolution Optical Imagery covering the landmass of Canada henceforth referred to as **National Coverage Imagery** to serve the needs of the federal, provincial and territorial governments. The National Coverage Imagery is composed of three types of imagery: Standard Imagery, Full Satellite Imagery (optional) and Stereo Pair Imagery (optional). The National Coverage Imagery will be searched, discovered and accessed through three access methods: a Web Portal, a Web Coverage Service and an Application Programming Interface (desirable).
- B. Optical imagery covering the landmass of Canada to serve the needs of all Canadians, henceforth referred to as **Open Imagery of Canada**. The Open Imagery of Canada is composed of a static product (Open Mosaic of Canada) and a dynamic product (Open Web Canada).

Canada acknowledges that it is possible that these items (A and B) may have differing resolutions.

At page 5, Article 5. REQUESTED INFORMATION:

DELETE:

Respondents are invited to consult Annex "A", Industry Engagement Questions, and Attachment 1 – Draft Statement of Work for Industry Comments, in order to provide their response(s) to the requested information.

To facilitate the review of the responses, Respondents are asked to address and present the requested information in the order in which the topics are presented.

INSERT:

Respondents are invited to consult Annex "A", Industry Engagement Questions, Attachment 1 – Draft Statement of Work for Industry Comments, and the Draft Statement of Work for Industry Comments - Revision 1, in order to provide their response(s) to the requested information.

The Draft Statement of Work for Industry Comments - Revision 1 is available from the Procurement Authority by email upon request from registered Respondents.

To facilitate the review of the responses, Respondents are asked to address and present the requested information in the order in which the topics are presented.
