

QUESTION AND ANSWER NUMBER 2

SOLICITATION 5000019381

Canadian Air and Precipitation Monitoring Network Site Operator in Egbert, Ontario

1. In paragraph 2, CAPMoN Precipitation Collector Maintenance, last sentence read;
“ The Contractor must also pick up empty shipping containers at the closest Canada Post outlet on a weekly basis”.

Please, confirm where is the closest outlet located in Alliston or Angus? Is the Contractor responsible to pick them up from the Post office on regular basis or at the CARE building at 8th Line? Where the Technical Authority will send all the supplies for all other programs?

All the shipping boxes will be picked up from the Centre for Atmospheric Research Experiments and all shipping boxes will be shipped from the Centre for Atmospheric Research Experiments located at 6248 Eighth Line, Egbert, Ontario L0L 1N0.
