This Amendment is raised to answer Bidder questions and amend the evaluation criteria.

---

**Question 16:**

With respect to the ERP Functional Analyst Level 3 - R 4.6:

“The Bidder should demonstrate that the proposed resource has experience working with and providing guidance, advice and best practice within the SAP Tax Revenue Management Sector Collections and Disbursements (TRM PSCD) solution to ensure compliance following best practice and guidance as defined by the Common Financial Management Business Processes (FMBP).”

We request that this criterion be removed as this seems like an odd criteria for TRM. TRM is focused on revenue collection via tax return filing and processing, and taxpayer account management, whereas FMBP is focused on budgeting and planning, which are outside the scope of TRM and PSCD. PSCD is a high performance implementation of Contract Accounting which replaces the standard AR and AP functionality for SAP public sector solutions. There is no budgeting and planning within the scope of TRM/PSCD. That would be within the domain of FI-CO or BPC.

The current requirement asks for 3 years experience within the past 5 years.

**Answer 16:**

The Crown accepts to amend the requirement as follows. At Attachment 4.2, Resource Point Rated Technical Criteria, R 4.6:

**DELETE:**

The Bidder should demonstrate that the proposed resource has experience working with and providing guidance, advice and best practice within the SAP Tax Revenue Management Sector Collections and Disbursements (TRM PSCD) solution to ensure compliance following best practice and guidance as defined by the Common Financial Management Business Processes (FMBP).

**INSERT:**

The Bidder should demonstrate that the proposed resource has experience working with and providing guidance, advice and best practice within the SAP Tax Revenue Management Sector Collections and Disbursements (TRM PSCD) solution following best practice.
