QUESTIONS AND ANSWERS

Q4.

38 weeks for substantial completion, by December 22, 2017. Is this correct as this would seem to be a tight timeline for this scope of work?

A4.

Completion date extended to July 20, 2018.

Q5.

Would there be any drawings of the existing structure to be demolished that can be released for information?

A5.

Drawings of the existing bridge are included in Appendix C – “Existing Bridge Drawings of the project specifications”.

Q6.

Spec section 01 29 10 Measurement and Payment would indicate that payment for the excavation of new abutments and preparation of surfaces for placement of fill against structure and armour rip rap would be covered under LS Item 4. Structure Demolition and LS Item 8. Foundation Excavation Bridge. Can you clarify which item will cover payment for this work?

A6.

The Contract Demarcation Line shown on contract drawings (See Drawing No. S1) is the division line between payment under LS Item 4 – Structure Demolition and LS Item 8 – Foundation Excavation Bridge.
