1 SCOPE

1.1 Purpose

- 1.1.1 This document describes the process used to evaluate the technical portion of the proposed ammunition pouches for the Close Combat Modular Fighting Rig - Snipers (CCMFR-S). This document also provides instructions to the Bidders.

1.2 Acronyms

CCMFR-S	Close Combat Modular Fighting Rig - Sniper
DND	Department of National Defence
PSPC	Public Services and Procurement Canada
RFP	Request for Proposal

1.3 Applicable Documents

- 1.3.1 Technical Evaluation Workbook, Appendix 1 to Appendix 4 to Annex G.

2 OVERVIEW

2.1 General Bidder's Requirements

- 2.1.1 It is requested that the bidder completes the bidder's self-assessment matrix (see section 4.1).
- 2.1.2 The bidder's proposal must include all requested **supporting evidences** as specified in the bidder's self-assessment matrix template.
- 2.1.3 The bidder must ship two (2) samples for each of the proposed ammunition pouches listed in para 2.1.4 to Public Services and Procurement Canada (PSPC) as part of the bidder's proposal. Samples will become the property of Canada and will not be returned to the bidders.
- 2.1.4 The bidder must deliver the pre-award sample pouches listed below meeting all requirements specified in Appendix 1 to 4 of Annex G for the Group they Bid:
- Double ammunition pouch for .50 cal;
 - Single ammunition pouch for .50 cal;
 - Double ammunition pouch for .338; and
 - Single ammunition pouch for .338.

3 TECHNICAL EVALUATION PROCESS

3.1 Evaluator Assessment

- 3.1.1 Each evaluator will assess the proposal compliance by analysing the bidder's self-assessment matrix and all supporting documentation.
- 3.1.2 All information requested in the bidder's self-assessment will be considered during the evaluation. References to external sources or web sites will not be accepted.
- 3.1.3 Test Results further demonstrating compliance may be requested at any time by the evaluator to verify that the submitted product meets the technical requirements.
- 3.1.4 The bidder's provided pre-award samples will be used to verify compliance IAW requirements of Appendix 1 to 4 of Annex G.

4 TECHNICAL EVALUATION WORKBOOK INSTRUCTIONS

4.1 Bidder's Self-Assessment Matrix

- 4.1.1 The bidder's self-assessment matrix is an Excel worksheet titled Technical Evaluation Workbook Appendix 1 to Appendix 4 to Annex G. In this matrix:
- a) Column 2 provides the mandatory requirement specification;
 - b) Column 3 provides additional instructions to the bidder;
 - c) Columns 7 and 8 are reserved for the Evaluators.
- 4.1.2 In column 4, the bidder should provide the location of their evidence of compliance to a requirement in their proposal, if applicable.
- 4.1.3 In column 5, the bidder should enter additional comments as necessary.
