SOLICITATION AMENDMENT
01

Amendment 01 is raised to answer (2) bidder questions and make (1) amendment as follows:

Q1.

Can you release the name of the platforms (name of the rifles) to the potential bidders. There are some size/dimensions discrepancies based on the Appendix-1-to-Annex-B-Specification, Figure 1, and the specs on ACIS pattern magazines, as well as the McMillan Tac-50 magazines on line.

A1.

The .338 magazines are used on the Canadian C14 Medium Range Sniper Rifle (Timberwolf manufactured by PGW Defence (<http://www.pgwdti.com>)). The magazine NSN is 1005-20-002-2577 and the MPN is BA-021.

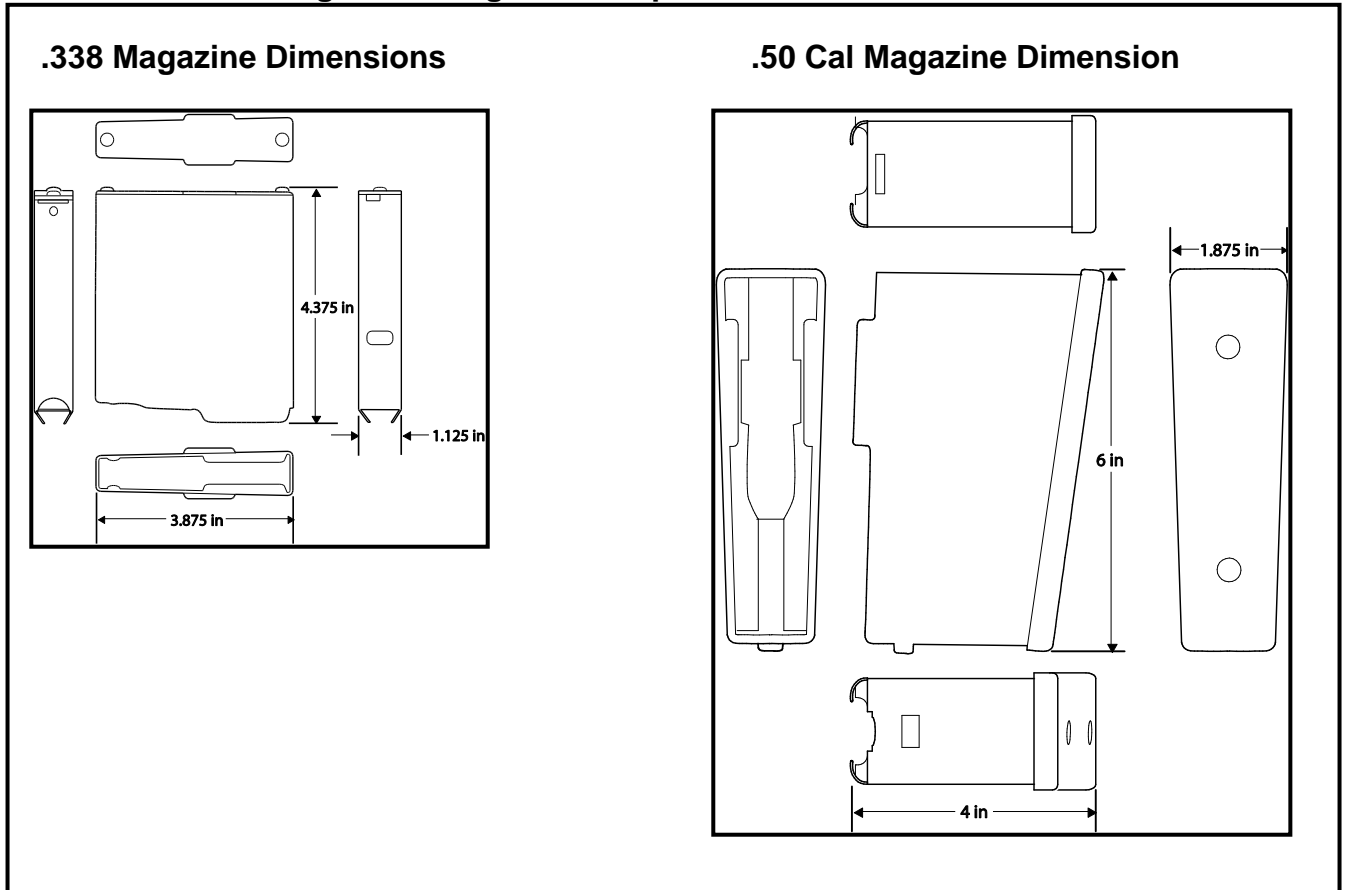

The .50 CAL magazines are used on the Canadian C15 Long Range Sniper Rifle (Tac-50 manufactured by McMillan Firearms (<http://www.mcmillanfirearms.com>)). The Magazine NSN is 1005-01-472-9000 and the MPN is MB2000-900-A2 or T50-4200.

Can you please advise me on positioning of the .50 Cal single/double Magazine pouches. Does DND requires the magazine pouches to be installed on to the Close Combat Modular Fighting Rig (CCMFR) vertically or horizontally.

A1.

Canada would like the .50 CAL pouches installed on the CCMFR so that the magazine(s) are inserted into the pouch flat against the body. The magazine follower must point towards the side of the pouch so that the cartridge projectile is oriented pointing skyward.
