SOLICITATION AMENDMENT
02

Amendment 01 is raised to answer (7) bidder questions and upload the (4) following documents which now supercede their previous versions:

- E-_Appendix 1 to Annex B - Specification- Amendment 2 doc
- FR-_Appendix_1_to_Annex_B_-_W8476-175570 - Amendment 2 doc
- E-_Appendix_1_to_Annex_4_to_Annex_G_-_Eval Matrix - Amendment 02
- FR-_Appendix_1_to_Annex_4_to_Annex_G_-_Eval Matrix - Amendment 02

And to amend the closing date of the Solicitation to identify it correctly as April 21st 2017.

Q1.

Appendix 1 to Annex B

2.1.2 States components must be of a “contrasting colour brown”. The technical evaluation is based on Appendix 1 to 4 of Annex G matrix which states components must be of “colour brown”.

We ask that the word “contrasting” be removed from Appendix 1 to Annex B to comply with the evaluation matrix.

A1.

No we have amended paragraph 2.1.2 to hopefully make it clearer for bidders. Paragraph 2.1.2 now reads as follows:

The AP components (such as buckles, fasteners, webbings, grommets, elastic cords, buttons) that are exposed to line of sight must be brown in colour and a close visual match to the AP shell fabric.

Q2.

If Q1 above answer is no and the the components must be of a contrasting colour brown, what is defined as “contrasting colour brown?”

A2.

See answer to question 1 above.

Q3.

Are coyote brown components acceptable?

A3.

See answer to question 1 above.

Q4.

Are colour substitutions acceptable for the PAS when the intended production material cannot be sourced in time?

A4.

No the PAS must conform to the purchase description. If more time is necessary to acquire compliant material we would entertain an extension to the bid closure date.

Q5.

The document was provided in PDF format. Will the Excel spreadsheet be provided to bidders as for the previous bid so bidders can enter their responses directly and efficiently?

A5.

*Yes, it is provided in Amendment 02, in uploaded document titled:
E-_Appendix 1 to Appendix 4 to Annex G - Eval Matrix - Amendment 2 Version*

Q6.

Sections 2.1.1 and 2.2.3 contain two different criteria for the shell fabric colour evaluation. Are the C of C and spectral reflectance documentation acceptable proof for the colour Coyote 498, or will the “reference colour chip” be provided to bidders for matching?

A6.

*Amendment 02, in uploaded document titled:
E-_Appendix 1 to Annex B - Specification - Amendment 2 Version*

Q7.

Section 2.2.2 column 6 text is missing because of pdf formatting. Will the Excel spreadsheet be provided to bidders so that all text will be viewable?

A7.

*Yes, it is provided in Amendment 02, in uploaded document titled:
E-_Appendix 1 to Appendix 4 to Annex G - Eval Matrix - Amendment 2 Version*
