This solicitation amendment #003 is raised to modify Solicitation EW076-173058/A dated 2017-03-03 as follows:

1) REVISED CLOSING DATE OF: 2:00 PM CDT on April 26, 2017

If your bid has already been forwarded and you wish to revise the same, this revision should be mailed in a sealed envelope and reach the Bid Receiving Unit identified on Page 1 before the closing date. The bid number and closing date are to be shown on the sealed envelope.

2) Questions and Answers

Q1) What is the quantity of dye / pigment being required for this bid? Is there a percentage that must be in the dust suppression product or any additional details on what's required for a pigment? The RFSO reads as follows: Under Mandatory Criteria: Includes a pigment or dye to track application areas.

A1) The intent of the dye is to track application areas as per mandatory performance criteria item #11. Amendment 2 indicated mixture of dye is 1L per 1000L of chemical suppressant.

Q2) It says you are applying the product. (pg16, project summary paragraph). So no equipment is required, just product delivery? Would you like someone to be there in a supervisor role?

A2) Correct, no equipment for application is required from the tenderer. The tenderer is required to deliver the product to site only, it will be offloaded by the care and maintenance contractor at the site. No. Attendance by a tenderers staff member in a supervisor role is not required as part of this tender.

Q3) Second year application is 20-25% of the suppliers recommended instructions. How did you come up with this application? This all depends on weather and amount of traffic.

A3) The scope and schedule required by bidders was provided in the solicitation package.

ALL OTHER TERMS AND CONDITIONS SHALL REMAIN THE SAME.
