SOLICITATION AMENDMENT
02

Amendment 02 is raised to answer potential bidders questions as follow, and to indicate the resultant amendment of Annex C and Annex E of the RFP documents as follows :

The mandatory requirements for this bipod state that the ground clearance to the 6 o'clock NATO accessory rail must be less than 160mm when the bipod legs are fully collapsed and located at the 90 degree position.

Q2A.

Can you confirm that this is a mandatory requirement?

A2A.

Annex C amendment

Delete:

3.1.5 The ground clearance to the 6 O'clock NATO accessory rail must be less than 160 mm (6.31 in) when the bi-pod legs are fully collapsed and located at the 90° position.

Insert:

3.1.5 The ground clearance to the 6 O'clock NATO accessory rail must be less than 186 mm (7.31 in) when the bi-pod legs are fully collapsed and located at the 90° position.

Q2B.

The ground clearance is further lowered with the legs rotated further forwards making this rather un necessary.
Also, if this is required, must the bipod feet be attached when measuring?

A2B.

Annex E Appendix 1 amendment

Delete :

3.1.5 The ground clearance to the 6 O'clock NATO accessory rail must be less than 160 mm (6.31 in) when the bi-pod legs are fully collapsed and located at the 90° position.

Insert:

3.1.5 The ground clearance to the 6 O'clock NATO accessory rail must be less than 186 mm (7.31 in) when the bi-pod legs are fully collapsed and located at the 90° position.
