Signature	Date

The purpose of amendment 001 is to respond to questions received.

Question		Response
1	Does DND intend to keep all 94 C3 howitzers in service until 2030?	The current projection is to sustain the entire C3 howitzer fleet as best possible until at least 2030.
2	Does DND intend to replace all 94 barrels?	At this time, the replacement of all 94 barrels is not a requirement but the capability of future barrel replacement is important.
3	What is the total annual replacement of barrels and the time frame to begin and complete the replacement?	DND understands there will be development time and effort for any new production of C3 barrels, the intent of the LOI is to better understand current capability for new manufacture as well as potential for follow-on support capability. The actual expected timeframe for development and production as well as the required quantity is not known at this time.

All other Terms and Conditions remain the same
